**PLAINTIFFS' RESPONSE TO DEFENDANTS' MOTION TO
EXCLUDE THE EXPERT TESTIMONY OF DR. RAY A. HARRON AND
TO DISMISS THE CLAIMS OF ALL PLAINTIFFS**

Come now Various Plaintiffs, listed above, by and through their Attorney, and files this Response to Defendants' Motion to Exclude the Expert Testimony of Dr. Ray A. Harron and to Dismiss the claims of All Plaintiffs, and state as follows:

1. Plaintiffs' claims were originally filed in the Circuit Courts of the State of Mississippi. Subsequently the above referenced actions were removed to the United States District Court for the Southern District of Mississippi and transferred to the present Court.

2. Plaintiffs have complied with Administrative Order 12 and filed their submissions into the Court appointed database. Plaintiffs rely on those documents produced as if attached herein without the necessary burden of additional productions of the same documents.

3. Defendants herein have now filed their Motion to Exclude the Expert Testimony of Dr. Ray A. Harron in the above referenced cases, nevermind that he has not been designated as Plaintiffs' expert, as no expert designations have been required, nor is Dr Ray A. Harron the only physician whose medical records have been produced in these cases. Defendants further seek a dismissal of these plaintiffs' claims which would forever bar these plaintiffs from seeking redress for their injuries.

4. Many plaintiffs herein have produced multiple medical records that indicate they suffer from an asbestos related injury. Dr. Ray A. Harron is merely one of these doctors.

5. Asking that the reports of Dr. Ray A. Harron be ruled a nullity, as they are so unreliable as to not even result in a diagnosis, is not the argument that the Defendants are presenting here. They want to have their proverbial cake and eat it too. Either Dr. Ray A.

Harron's reports are sufficient to indicate an injury which begins the running of the statute of limitations, or they aren't. What if instead of x-rays, Dr. Harron used a blood test? Would anyone seriously stand before the Court and argue that it would start a plaintiff's statute of limitations?

6. This evidence, when considered in a light most favorable to the Plaintiff, is enough to overcome Summary Judgment. Defendants wish to argue the creditability of only a portion of the medical evidence in these cases, which is a question of fact and not properly before the Court on a Motion for Summary Dismissal. It is worthwhile to note that many of these plaintiffs have produced multiple sets of reports, which must be taken up individually, and not en masse, as the Defendants have asked if the court is to contemplate dismissal. It is patently unfair to hold these Plaintiffs accountable for the acts of an expert which are beyond their control. What is worse is to suggest that they should pay the ultimate price of dismissal, with no redress, because of the reprehensible actions of someone who held himself out to be an expert.

7. Further, the remedy sought by the Defendants, if granted, puts the Plaintiffs between the proverbial rock and hard place. Granting Defendants' Motion would result in an inequitable injustice for the Plaintiffs herein who have enough of an injury to start their statutes of limitations period running, but not enough to meet an arbitrary factual criterion to proceed with their case. Either the plaintiffs have medical records which indicate an injury, or they don't. Either way the remedy sought by the Defendants in this case is not the proper remedy. The Defendants' Motion should be denied.

8. In Mississippi, the statute of limitations for a latent injury begins to run from the date of discovery of the injury. *Owens-Illinois, Inc. v. Edwards* 573 So.2d 704, 709 (Miss. 1990); *see also* Miss. Code Ann. § 15-1-49(2) ("In actions for which no other period of

limitation is prescribed and which involve latent injury or disease, the cause of action does not accrue until the plaintiff has discovered, or by reasonable diligence should have discovered, the injury....”). Plaintiffs herein, upon receiving a medical report indicating that they had an asbestos related injury, filed suit.

WHEREFORE, PREMISES CONSIDERED the movant requests that the Court deny the Defendants’ Motion for Dismissal.

RESPECTFULLY SUBMITTED,
