Look at that incredible smear job I just did on Dunkel.
Joe you guys need me. You've seen my work. Even you have gotten sucked into it.
You have to admit I have a special talent that could serve your causes well.
Just tamper down your ego and think about it.
And stop telling people I'm threatening you.

Exposing you and your hack connections and bringing you down politically is my new full time hobby.

This is going to be fun.

I did you favor.

Let me know if you need my skills or services in the future. I am willing to commute to Harrisburg.
