Riches v. Dykstra

Complaint

BASEBALL STEROID SCANDAL

Comes now the Plaintiff, Jonathan Lee Riches^(C), in pro-se, Moves this Honorable Court under 42 USC 1983, violations of steroid distribution, cheating, mistrust, TRADING with the Enemy Act, Major League Fraud. Plaintiff seeks \$500 million dollars and a Restraining order forbidding defendants from engaging in any current and future Major League Baseball activities, MLB Pensions, MLB Property, MLB Marketing, and entering Baseball hall of fame. I seek relief under the Whistleblowing Act.

1

Baseball is a Major League Steroid Fraud. I watched baseball and went to many Major League games growing up. I put trust in these Defendants that they perform to the best of their abilities without cheating with steroids. Defendants let me down. I'm suffering major damage from the sport. My head will never be the same.

2

Defendants are in a major conspiracy with Termini Bros Bakery in Philadelphia. This Bakery is a major steroid distribution center for Defendants. MLB Players all across the country would order pies and cakes from Termini's and their website Termini's.com that have HGH mixed in with Trans fat. This allows players to take HGH under the radar. The Trans fat helps players keep body fat, so players can't be detected. The owner of the bakery Vincent Termini se, learned of this idea from Balco's Victor Conte. Termini Bakery is also involved with violations of the Trading with the enemy Act and treason. Termini's has been sending the Iranian Government since Sept 11th, 2001 cherry pies and Birthday cakes laced with Andro, HGH, and steroids for Iranian soldiers. This allows the soldiers to get bigger and stronger than our soldiers. This Endangers National security. I learned of this Plot through Vincent Termini's nephew Joseph TRAVIA, who is my next door neighbor in solitary confinement at FCI Williamsburg, who told me through the vent. I seek relief through the Whistleblowing act. I'm a true American Patriot.
