VITTI & VITTI & ASSOCIATES, P.C. et al v. UNITED STATES DEPARTMENT OF VETERANS AFFAIRS

Case 1:13-cv-00459-SGB Document 8 Filed 09/30/13 Page 1 of 12

IN THE UNITED STATES COURT OF FEDERAL CLAIMS

VITTI & VITTI & ASSOCIATES, P.C.,
Successors in interest to Louis P. Vitti
& Associates, P.C., Louis P. Vitti and
Edith Moen Vitti,

Plaintiffs

V.

UNITED STATES,

Defendant.

RESPONSE TO MOTION TO DISMISS

I. Introduction

CLERK, U.S. DISTRICT COURT WEST. DIST. OF PENNSYLVANIA

Plaintiffs (Vitti & Vitti & Associates, P.C.; Louis P. Vitti; and Edith Moen Vitti) commenced this lawsuit against the United States Department of Veterans Affairs ("VA") as a negligence action under the provisions of the Federal Tort Claims Act ("FTCA"), 28 U.S.C. §§ 1346, 2671 et seq. These claims arise out of the financial obligations incurred by Plaintiffs following a foreclosure of a residential property whose loan was guaranteed by the VA pursuant to the VA Home Loan Guarantee Program, 38 U.S.C. § 3701 et seq.

II. Background

A. The VA Home Loan Guarantee Program.

The VA Home Loan Guarantee Program was conceived in the Servicemen's Readjustment Act of 1944, Pub. L. 78-346, in order to assist veterans returning from World War II in the purchase of homes with favorable loan terms and interest rates. *See* Ex. 1 (Affidavit of Carl Wasson) at ¶ 3. The loan program continues in existence today

and has assisted millions of veterans in the construction, purchase, and refinance of various loans. *Id.* A key benefit of this program is the automatic guarantee by the United States Government of a veteran's loan up to a certain amount specified by statute, 38 U.S.C. § 3703(a)(1)(A). This guarantee "operate[s] as the substantial equivalent of a down payment in the same amount by the veteran on the purchase price, in order to induce prospective mortgagee creditors to provide 100% financing for a veteran's home." *United States v. Shimer*, 367 U.S. 374, 383 (1961). As a result, veterans are able to obtain favorable mortgage credit that would otherwise not be available. Ex. 1 at ¶ 3.

B. The Guaranteed VA Loan, Default, and Foreclosure.

Carmen Miller, a veteran, obtained a loan of \$45,750 on September 11, 1996, for a residential property located at 2116 Walton Avenue, Pittsburgh, Pennsylvania ("the Walton Avenue property"). See Ex. 2 (Loan Guaranty Certificate). The loan was initially financed through Allstate Financial Services, Inc., with a mortgage that was guaranteed by the VA. Id.; Ex. 1 at ¶ 5. The loan was eventually transferred and serviced by the Pennsylvania Housing Finance Agency ("PHFA"). Compl. at ¶¶ 7, 10.

Ms. Miller defaulted on the loan, and the PHFA instituted foreclosure proceedings. Ex. 1 at ¶ 5, Att. 1. As part of the foreclosure procedure, PHFA requested that the property be appraised. Ex. 3 (Appraisal Request); 38 C.F.R. § 36.4322(b)(1). The Walton Avenue property was physically inspected on August 22, 2009, and an appraisal report was finalized on August 31, 2009, valuing the property at \$48,000. *See* Ex. 4 (Uniform Residential Appraisal Report); Compl. at ¶ 9. The appraisal report noted

that the property was "functionally acceptable," and there were "[n]o apparent problems with the heating, electrical or plumbing systems." Ex. 4 at p. 1 of 6. The appraisal report further indicated that there were no "physical deficiencies or adverse conditions that affect the livability, soundness, or structural integrity of the property." *Id.* An additional inspection of the Walton Avenue property was conducted on October 13, 2009, and the property was found to be "secure" and "okay." *See* Ex. 5 (Property Inspection Report dtd. 10-13-09).

The foreclosure proceeded with a liquidation sale of the Walton Avenue property on October 5, 2009, and the property was conveyed to the VA. Ex. 6 (Sheriff's Sale Documents); Compl. at ¶ 10 (indicating that "the Defendant VA did take possession of the property and relieved the servicer PHFA of the obligation to secure the property."); see also 38 U.S.C. § 3732(c)(1)(B) (stating that "[t]he term 'liquidation sale' means a judicial sale or other disposition of real property to liquidate a defaulted loan that is secured by such property."). This conveyance was made by the transferring and recording of the deed into the VA's name, and the assurance from the PHFA (and its foreclosing attorney - Plaintiff Louis Vitti) that the property was transferred with a valid, fee-simple title. In fact, the title is and had become a valid, fee simple title which is acceptable to the VA but which the VA arbitrarily refused to accept. See Ex. 6 (Deed); 38 C.F.R. §§ 36.4323(d)(5)(i)(B), (d)(5)(iii)(A). Because the Walton Avenue property involved a guaranteed VA loan, the conveyance also required the VA to pay the mortgage holder (i.e., PHFA) for the net value of the property, which was calculated as \$42,303. Ex. 1 at ¶

5, Att. 1 (Net-Value Calculation); 38 U.S.C. §§ 3732(c)(3)(B), (c)(6). On October 21, 2009, a check from the United States Treasury, in the amount of \$42,303, was issued to the PHFA. Ex. 7 (PHFA Check); Compl. at ¶ 12.

C. The Additional Appraisals, Attempted Sale, and Reconveyance.

The Walton Avenue residence was now considered a "foreclosed" property, and it was prepared for sale. As part of this process, a contractor performed maintenance on the residence, and the "Completion Results" for this work, dated November 12, 2009, did not reveal any major problems. Ex. 8 (REM Agent Walk Thru Check List - Completion Results). On January 21, 2010, an official inspection was conducted of the Walton Avenue property that included "visual inspection of the interior" and an appraisal. Ex. 9 (Uniform Appraisal Report dtd. 1-21-10). The report did not reveal any major discrepancies, and the property was described as follows: "[t]he dwelling is generally consistent with others in the area and is functionally acceptable . . . [n]o functional inadequacies or external obsolescence noted." *Id.* at p. 1 of 6. The report also did not identify any "physical deficiencies or adverse conditions that affect the livability, soundness, or structural integrity of the property." *Id.* The appraisal compared the Walton Avenue property to three other sales within a 2-mile radius and concluded that the comparable value of the property was \$28,000. *Id.* at p. 2 of 6.

On January 29, 2010, an additional inspection and appraisal of the property was conducted in the form of a "Residential Broker Price Opinion." Ex. 10 (Broker Price Opinion dtd. 1-29-10). Once again, the property was described as being in "overall fair

condition" with "[n]o adverse conditions noted." *Id.* Comparable listings and sales were analyzed, and the Broker Price Opinion determined that the suggested list price of the property ("as is") was \$27,900. *Id.*

On February 15, 2010, the VA accepted a cash offer of \$24,900 from Hanula Properties, L.L.C., to purchase the Walton Avenue property. Ex. 11 (Offer to Purchase and Contract of Sale). As part of the proposed sale, the VA identified a title insurance policy dated October 22, 2009, and represented that it had "a good, fee-simple title to the property." Ex. 12 (VA Letter dtd. 2-23-10). However, during the closing process, an open mortgage was discovered on the Walton Avenue property that was not previously revealed by the foreclosing attorney (*i.e.*, Plaintiff Louis Vitti) at the October 2009 foreclosure. Ex. 13 (Affidavit of Richard Zimnoch) at ¶ 4. During the ensuing months, the foreclosing attorney was able to resolve the outstanding lien and obtain clear title to the Walton Avenue property; however, the VA chose not to complete the proposed sale of the property.

On August 25, 2010, the VA, through its contracted agent, Bank of America, sent a letter to U.S. Bank notifying them of the "open mortgage" issue. See Ex. 13 at ¶ 4, Ex. 14 (Bank of America ltr. dtd. 8-25-2010). The letter stated that the foreclosing attorney provided a Letter of Indemnity, but this was insufficient to satisfy the open mortgage, and a release was never recorded. Id. The VA further indicated that when a holder conveys property to the VA, such conveyance is conducted with the understanding that "the title should be in such condition 'as is or would be generally acceptable to prudent lending

institutions, informed buyers, title companies, and attorneys in the community in which the property is situated." *Id.* (quoting 38 C.F.R. § 36.4320(h)(5)). The August 25, 2010 letter notified U.S. Bank that the VA would reconvey the property and request reimbursement of the funds that were paid by the VA at foreclosure. Ex. 14. On September 23, 2010, the VA (again, through its contracted agent, Bank of America) sent U.S. Bank a "Final-Reconveyance" letter stating the reason for reconveyance as follows:

The property has been in our inventory for 288 days. There is an open mortgage. The foreclosing attorney was able to provide a Letter of Indemnity, but it is not sufficient as the underwriter for the buyer was not addressed/indemnified. There is no record of release.

Ex. 15 (Final-Reconveyance Letter). Attached to the letter was a "Quit Claim Deed" evidencing the VA's termination of rights and claims to the Walton Avenue property and transferring said property back to U.S. Bank. *Id.* The Final-Reconveyance letter also requested payment of the original net value of the property along with other expenses. *Id.*; see also 38 C.F.R. § 36.4328(c) (VA's recovery provision).

D. Post-Conveyance Activity, Tort Claim, and Federal Court Complaint.

On December 28, 2010, over three months after the reconveyance, the Walton Avenue property was inspected and appraised via a Broker Price Opinion. Ex. 16 (Broker Price Opinion dtd. 12-27-10). An interior inspection of the property revealed that it was in "fair condition"; however, repairs totaling \$7,000 were needed to replace copper plumbing that had been removed and to repair damage to walls, ceilings, and the kitchen

area. *Id.* Although the current market conditions were listed as "slow," the broker still suggested that the property be listed, "as is," for \$28,000 based on other comparables in the area. *Id.*

On March 25, 2011, Plaintiff, Louis P. Vitti, Esquire, submitted an administrative tort claim to the VA. Ex. 17 (Claim for Damage, Injury, or Death). In the claim, Mr. Vitti explained that his interest in this property was based upon an obligation to indemnify the PHFA. *Id.* At Statement of Case at ¶ 2. The tort claim further alleged that while the Walton Avenue property was in the custody of the VA, it was vandalized and damaged, resulting in a lower appraisal and thousands of dollars in repair costs. Ex. 17 at Box 8. The tort claim requested \$23,100 in total damages. *Id.* at Box 12d. However, the VA investigated the tort claim and concluded that there was no evidence of any negligence or wrongful act while the Walton Avenue property was in the VA's possession. Ex. 18 (Administrative Claim - Denial Letter). Therefore, the claim was denied by the VA in a letter dated May 24, 2012. While in possession of property a duty to protect and maintain is incurred as the property was essentially being held for the benefit of a third party.

On November 1, 2012, Plaintiffs filed the instant Complaint and raised two claims. First, Plaintiffs presented a negligence claim, pursuant to the FTCA, alleging that the "VA had an obligation to secure the property in such a way as to preserve its value and prevent vandals from entering the property and taking copper pipes, or in the alternative be responsible for the diminution in value." Compl. at ¶ 21. Second, Plaintiffs

presented a contract claim alleging that the "VA entered into an agreement [with Plaintiffs] to convey the property valued at \$48,000.00" and that this agreement was allegedly breached. *Id.* at \P 25. Plaintiffs requested \$42,000 in damages or, alternatively, the sum of \$48,000 and reconveyance of the property back to the VA. *Id.* at p. 7.

III. Statement of the Case

"A secured party shall use reasonable care in the custody and preservation of collateral and the secured property's possession." 13 Pa.CSA 9207 Restatement (Second) of Torts 324a.

In any case sounding in negligence, a Plaintiff must demonstrate (1) a duty of care; (2) the breach of the duty; (3) a causal connection between the conduct and the resulting injury; and (4) actual loss or damage resulting to the Plaintiff.

To prove a cause of action for negligence, a Plaintiff must show "(1) a legal duty to use reasonable care, (2) breach of that duty, and (3) approximate cause between the breach and for the Plaintiff's injury", Mendoza v. City of Los Angeles, 66 Cal App. 4th 1333, 1339, 78 Cal Rptr 2d 525(2d Dist. 1998). The existence of a legal duty to use reasonable care in a particular factual situation is a question of law for the Court to decide. Vasquez v. Residential Invs., Inc., 118 Cal App. 4th 269, 278, 12 Cal Rptr. 3d 846 (4th Dist. 2004).

Plaintiffs in the within case argue that while the VA takes under its care, custody and control real property and elects to transfer such property in a deteriorated or inferior condition and demand the same consideration for the property while being transferred

while the property was maintained and without the necessity for repairs caused during the ownership or control of the VA. In the event that the VA were to select the option or elect to transfer the property back to the original conveying party, it would stand to reason that the property be in the identical or, at least, similar condition requiring the grantee to accept the property in a damaged condition should allow the grantee to recover the difference in the value or the cost of repair.

In an instance where an individual has the right to possession of property, a party having the lawful right to exercise dominion and control over his own property may not sit idly by and see that property destroyed through forces negligently set in motion by another and then collect damages occasioned by his own failure to make reasonable exertions to arrest the threat and disaster. In such a case, the party whose property is jeopardized is required to act when the fact of jeopardy is known and upon the theory that the way is open to that party to act. Palmer v. Costello, 41 App. D.C. 165 L.R.A. 1915a, 193 (1913), Mark Hudson River Bridge Company, 103 N.Y. 28, 8 N.E. 243. It can easily be said that the VA being the property owner sat idly by and permitted their own property over which they exercised unquestionable dominion and control to suffer damage. See also Western Real Estate v. Hughes, 96 C.C.A. 658, 172 Fed. 206; Pennsylvania R. Co. v. Washburn, 50 Fed. 335; Harrison v. Missouri, P.R.Co. 88 Mo. 625.

At all times the VA had total control over the property in question and under 42 Pa. C.S. 8542(b)(3), following the City of Pittsburgh v Estate of Stahlman, 677A.2d 384, 387 (Pa. Cmwlth. 1996), "possession under the real property exception means total

control over the premises". According to the VA Handbook 5.04 Risk of Loss, (38 CFR 36.4320(h)(10), "The holder remains responsible for loss due to property damage or personal injury at the property from the date it acquires the property until risk of loss is assumed by VA. Assumption of the risk of loss by VA usually occurs when VA receives the holder's VA Form 26-8903 and accepts custody. At this time the holder should discontinue all property management functions unless it is retaining custody." Clearly by the rules set forth by the VA after they accepted the property and before reconveyance to the servicer, the risk of loss was clearly upon the VA.

Liability is imposed for any negligence in the care, custody and control of real property in the possession of the Defendant, Hough v Commonwealth, Department of Transportation, 155 Pa. Cmwlth. 162, 624 A.2d 780, Petition for Disallowance of Appeal denied, City of Pittsburgh v Estate of Stahlman, 677 A.2d 384 (1996).

The question whether the Defendant owes a duty to the Plaintiff is a question of law, Greater Houston Transportation Company v Phillips, 801 S.W. 2d 523, 525 (Tex. 1990), but whether the duty was breached or whether the Defendant failed to adhere to the applicable standard of care is a question of fact. Rudolph v ABC Pest Control, Inc., 763 S.W. 2d 930, 933, McGonigal v Gearhart Indus., Inc., 788 F.2d 321, 326 (5th Cir. 1986). Standard of care is question of law, while negligence is for fact finder. Fed.R.Civ.P. 52(a); Beckby Chain v Thompson, 818 F.2d 1204, 1208 (5th Cir. 1987).

All individuals owe a duty to exercise reasonable care to avoid foreseeable injuries to others.

This action is viable and exclusive jurisdiction rests in the claims court as:

- 1. the action is against the United States;
- 2. the action seeks monetary relief in excess of \$10,000.00; and,
- 3. the action is founded upon government contract.

The Federal Tort Claims Act provides generally that the United States shall be liable to the same extent as a private party for injury or loss of property caused by the negligent or wrongful act or omission of any employee of the government while acting within the scope of his office or employment. During the period of time when the Defendant was in possession of the real estate and pending a reconveyance back to the assignor of the Plaintiff, a trust relationship occurs.

Given the existence of a trust relationship, it naturally follows that the government should be liable in damages for the breach of its fiduciary duties as a trustee is accountable for damages for the breach of that trust. Mitchell 2, 4th 63 US at 226103 Sup.Ct. 2961. Analogous provisions are section 139 and 187 of the Restatement (First) of Property (1936), a beneficiary has an immediate claim for money damages for any alleged failure to maintain and repair buildings. Section 139 entitled Duty Not to Permit Deterioration of Land or Structures provides in pertinent part that the owner of an estate for life has a duty to preserve the land and structures in a reasonable state of repair. Pursuant to the same VA Handbook cited above H26-94-1, Section 5.06, "a. During the time between the foreclosure sale date or confirmation of sale date, and the date of receipt by the VA of the holder's notice of election to convey the property, holders should

Case 1:13-cv-00459-SGB Document 8 Filed 09/30/13 Page 12 of 12

perform emergency property preservation repairs not in excess of \$500. Repairs in

excess of \$500 must be approved in advance by VA. This limitation does not apply to

expenditures for heat, water, electricity, or other services where: (1) Properties are

occupied by tenants, (2) The terms of the rental agreements require the landlord to

furnish such services; and (3) Upon acquisition of the property by the holder the tenants

are obligated to pay rents to the holder. B. VA will generally assume these functions

when custody of the property is transferred."

A repair or act of preservation is clearly within such duty whenever such repair or

act is necessary to prevent a progressive deterioration of the land or structures or

whenever the condition existing as a result of the failure to make such repair will amount

to substantial deterioration of the land or structures from the condition in which such land

and structure were at the time of the commencement of the fiduciary relationship.

Respectfully submitted,

Dated: 9/30/2013

DECLARATION OF CARL W. WASSON

- 1. I, Carl W. Wasson, declare as follows pursuant to 28 U.S.C. § 1746:
- 2. I have been employed by the United States Department of Veterans Affairs for approximately 35 years. I am currently a Supervisory Loan Specialist in the Loan Management Section of the VA Loan Guaranty Service in Washington, D.C. I have been working in the area of veteran loans for the majority of my career.
- 3. In my capacity as a Supervisory Loan Specialist, I am intimately familiar with the VA Home Loan Guarantee Program. This program was first conceived in the aftermath of World War II in order to assist returning veterans in obtaining favorable credit so their readjustment to civilian life was easier. Favorable credit was used by veterans in such areas as: obtaining home mortgages, beginning a business, or stabilizing a farming venture. In the area of home mortgages, this favorable credit enabled veterans to obtain a home loan with typically no down

payment, no private mortgage insurance, negotiable interest rates, and many other benefits. The VA Home Loan Guarantee Program has assisted millions of veterans over the years and continues to be a beneficial program for veterans today.

- 4. I am generally familiar with the underlying financial terms regarding VA Loan No. 111160247126 which was used to purchase a residential home at 2116 Walton Avenue, Pittsburgh, Pennsylvania. This familiarity is based on my inspection of the loan information records for this loan located on the VA's electronic loan records system which is named, the VA Loan Electronic Reporting Interface ("VALERI"). Attached to this declaration are two documents that have been retrieved from the VALERI system and provide specific details regarding the guaranteed VA loan for the Walton Avenue residence. *See* Attachment 1 (Loan Information Summary Page) and Attachment 2 (Loan Information Payment Page). To the best of my knowledge, these documents are true and accurate copies.
- 5. Based on my review of the records regarding VA Loan No. 111160247126, I can state that a VA Loan Guaranty Certificate was issued on January 18, 1997 to Allstate Financial Services in order to guarantee a loan provided by that institution to veteran, Carmen A. Miller. The veteran subsequently went into default on this loan, remaining delinquent for the November 1, 2008, and all subsequent installments, so foreclosure proceedings were initiated. The VA eventually obtained the Walton Avenue property via a conveyance at a liquidation sale in October 2009. The conveyance paperwork indicates that the property was conveyed from U.S. Bank, acting as trustee for the Pennsylvania Housing Finance Agency.

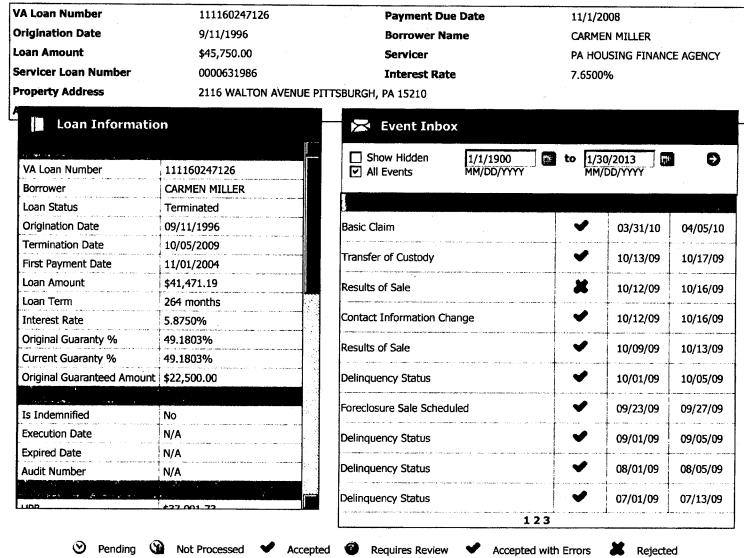

Case21123cv-006959NBGB Document18-1 Filed 09/36/13 Page 4 of £1

I declare under penalty of perjury that the foregoing is true and correct.

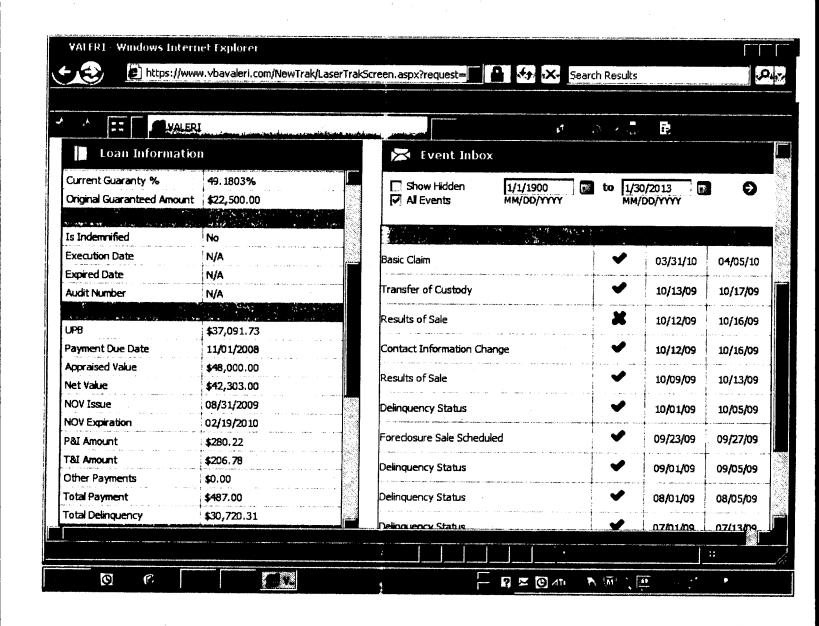

Executed on February <u>13</u>, 2013.

Freddle Mac Form 70 March 2005

File No. 92076 Page #4

Uniform Residential Appraisal Report

11-11-6-0247126 File# 92076

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended user, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraisar may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraisar's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus, implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a presentable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dotlars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
- 2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing the appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guerantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
- 6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

Uniform Residential Appraisal Report

11-11-6-0247126 File # 92076

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

- 1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.
- i performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I Identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.
- 3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.
- 5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.
- 5. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.
- 7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.
- 8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.
- 9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.
- 10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.
- 11. I have knowledge and experience in appraising this type of property in this market area.
- 12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.
- 13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.
- 14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and
- 15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.
- 16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.
- 17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, markal status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
- 18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).
- 19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individuals or individuals in the performance of this appraisal or the preparation of this appraisal report. I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.
- 20. I Identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

- 21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).
- 22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.
- 23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.
- 24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.
- 25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

- 1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.
- 4. This appraisal report compiles with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

Uniform Residential Appraisal Report

Lndsafe Ord #13417361

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum. (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraisar assumes that the title is good and marketable and will not render any opinions about the title.
- 2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
- 6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

- I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this
 appraisal report.
- 2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.
- 3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.
- 5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.
- 6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.
- 7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.
- 8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.
- 9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.
- 10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.
- 11. I have knowledge and experience in appraising this type of property in this market area.
- 12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.
- 13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.
- 14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.
- 15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.
- 16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.
- 17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
- 18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).
- 19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.
- 20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

- 21. The lender/client may disclose or distribute this appraisal report to: the borrower, another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).
- 22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.
- 23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.
- 24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.
- 25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seg., or similar state laws.

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

- 1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.
- 4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

General Text Addendum

URAR : Neighborhood - Boundaries

The typically recognized boundaries of this area are the 32nd Ward lines as delineated by the City of Pittsburgh, as well as neighboring Mt Oliver Borough (same school district and socio-economic influences)

* URAR : Neighborhood - Description

The subject property is located in a predominantly residential urban neighborhood within the City of Pittsburgh. This area is within convenient proximity to major employment centers, shopping facilities, recreational facilities, public transportation, and most urban amenities. Employment appears stable, and there are no observable adverse factors which would have a negative impact on appeal or marketability. Although there is a wide variance of land usage in this area, this is typical of densely populated urban neighborhoods throughout the City, and is not considered to be detrimental to appeal/marketability/market value The subject is serviced by the City of Pittsburgh Public School System.

* URAR : Neighborhood - Market Conditions

Property values appear to be stable. Supply and demand factors appear to be in balance (based on data from the West Penn Multi-List). A review of comparable sale data indicates a reasonable exposure time (list to contract date) of 90-120 days. Interest rates are at a favorable level. Unusual financing (discounts, buydowns, concessions, etc) is a fairly common practice in this market area, but this does not appear to favorably or adversely affect market values.

COMMENTS ON SALES COMPARISON

The subject property is located in an urban area. Comparables #2 and #3 are located in the same municipality, serviced by the same school district, and offers similar amenities - therefore the market appeal is the same. Although slightly further than one mile from the subject property, they better represent the market than other sales that are geographically closer, and are felt to be the best data available on which to base a market value conclusion.

Comparable #1 is more than six months old. Due to the relative infrequency of recent sales which are comparable to the subject, it was necessary to broaden the time period. The sales are limited due to the fact that there are few offerings and not because of an imbalance of supply and demand. No time adjustment was warranted due to the stable nature of this market during this period.

While there is a variation in lot size between the subject and the comparables, there was no adjustment made as all of the properties represent typical building sites for this market area, with no measurable dollar difference.

No adjustment for exterior construction was made due to the fact that the exteriors of the subject and all of the comparables are low maintenance and have similar market appeal. No discernible dollar difference could be extracted which would warrant an adjustment for this feature.

No adjustment for age was taken due to the fact that the effective ages of the subject and all of the comparables are similar.

Condition adjustments were made to all three Comps to reflect the degree of updating and cosmetic repairs that these properties have received in relation to the subject.

The information regarding the interior conditions and upgrades of the comparable sales was obtained from the listing agents/agencies.

Square footage adjustments were based on \$15/sf of gross livable area. All sales are closed, and all data received pertaining to these sales is believed to be reliable. The indicated square foot area of the comparable dwellings is approximate.

All three sales were given equal emphasis in arriving at my Market Value conclusion.

Due to the limited sales activity, it was necessary to use properties which, although competing in the same market, vary more than desired in such factors as condition, square foot area, amenities, etc. Therefore, due to this wide variance, a line adjustment in excess of 10% was necessary to all three comparables under "Condition". However, these properties do have many similar physical characteristics of the subject, and are felt to provide a good indication of market values in this area.

Due to the value range of the subject property (under \$30,000), even a small dollar adjustment reflects a large percentage adjustment. Therefore, net adjustments for Comparables #1 and #2 exceed 15%, and gross adjustments for

Comparables #1 and #2 exceed 25%. This is considered normal in this market and price range. These comparables are considered the best data available, are reflective of market activity, and after adjustments are felt to provide an accurate range of value into which the subject property could be bracketed.

COMMENTS AND CONDITIONS

The intended user of this appraisal is the client listed on page one of this report, as well as the client's assignees. The client agrees that this appraisal will only be used by the intended user for the disclosed intended use, which is for foreclosure and marketing purposes.

This report is a "Complete Appraisal" presented in "Summary Report" format as defined by the Appraisal Standards Board of the Appraisal Foundation in the Uniform Standards of Professional Appraisal Practice.

If available, a legal description reference has been provided under the "Subject" section of this appraisal in order that a comparison of the appraised property and the legal documents pertaining to this property can be facilitated.

As of the date of this appraisal report, I, John P. Kennedy Jr., have completed the requirements under the continuing education program of the Pennsylvania State Board of Certified Real Estate Appraisers.

Personal property has been given no value in this appraisal report.

This report has not been performed or completed for mortgage lending purposes.

The photographs used in this report are original photographs generated with a digital camera, and have not been enhanced or attered in any way. Additionally, the digital signatures are protected, and only the appraiser maintains control of said signature.

POSITIVE NEGATIVE FACTORS

As stated, supply demand factors appear to be in balance at this time. Property values have remained relatively stable over the past several year period, as has the overall employment rate. Marketing time in this area (as is true in most market areas) has increased with the general nationwide decline in the real estate industry.

RECOMMENDED INSPECTIONS

As the property has been vacant, all mechanical systems should be made operational and tested by a qualified individual. Wood infesting insect inspection typically done at some point in time, and would be needed once the property is sold (although typically paid for by buyer at that point). All mechanical systems (plumbing, electrical, heating) should also be checked by qualified individuals.

VALUE RELATED DIFFERENCES

All three comparable listings are serviced by the same school district as the subject, and all share the same socio-economic influences. All three comparables are privately owned (not REO properties). Supply/demand factors appear to be in balance, and there is some REO activity in this market area (although no new construction)

COMMENTS

(Include specific positives/negatives, special concerns, encroachments, easements, water rights, environmental concerns, flood zones, etc.)

Immediate neighborhood is the Overbrook section of the city of Pittsburgh. Most homes in area are approx 60-80 years old. Mostly single family detached with some multi-unit residential. Average pride of ownership. Close proximity to public transportation, major highways and shopping. No adverse conditions noted.

DECLARATION OF RICHARD ZIMNOCH

- 1. I, Richard Zimnoch, declare as follows pursuant to 28 U.S.C. § 1746:
- 2. I have been employed by the United States Department of Veterans Affairs since 1978. The majority of my career has been spent working in the area of VA loan foreclosures. I am currently a VA Realty Specialist working at the VA Headquarters in Washington, D.C.
- 3. In my capacity as a VA Realty Specialist, I am familiar with the circumstances surrounding the foreclosure of VA Loan Number 11-11-6-0247126 that involved a residential property located at 2116 Walton Avenue, Pittsburgh, Pennsylvania. My familiarity is based on my years of experience, personal recollection, and review of various e-mails and loan documents some of which are attached to this declaration. *See* Attachments 1-3 (e-mails regarding Walton Avenue property); 4 (VA Approve Invoice care and maintenance services).
- 4. The Walton Avenue property came to my department as a foreclosed property sometime in late 2009 or early 2010. The VA accepted a contract to sell this property on

February 15, 2010. In preparation for closing, an open mortgage or lien was discovered on the Walton Avenue property thus placing in question whether the VA actually obtained a clear, feesimple title during the October 2009 foreclosure. *See* Att. 1-3. The buyer's attorney insisted on satisfaction of the open mortgage prior to closing on the property. The VA worked with foreclosing attorney (Mr. Vitti) in an effort to obtain satisfaction of the open mortgage. *Id.*However, after several months of working with Mr. Vitti, the satisfaction of the open mortgage could not be obtained. *Id.* Because of this defect in title, the VA decided to reconvey the Walton Avenue property back to U.S. Bank, who was the original holder of the mortgage when the property was initially conveyed to the VA during the October 2009 liquidation sale. The final reconveyance letter is dated September 23, 2010. This letter was issued by Bank of America, who was contracted by the VA at that time to provide property management services for properties of the VA that had been foreclosed.

- 5. While the Walton Avenue property was in the VA's possession, it remained vacant, and the VA spent several thousands of dollars for the property's care and maintenance.

 See Att. 4 (VA Approve Invoice care and maintenance services); see also Ex. 15 (Final Reconveyance Letter listing expenses). For example, the interior of the home was cleaned on at least four occasions, and significant yard work was done to include the trimming of various shrubs and trees. The home was also winterized and hundreds of dollars were invested to address various electrical issues. Prior to reconveyance on September 23, 2010, I am unaware of any vandalism, theft, or destruction of the Walton Avenue property.
- 6. Part of my position as a VA Realty Specialist involves the monitoring of the real estate market and the fluctuation that sometimes occurs with home values. During late 2009

Case@1123ev-006959NBGB DDocument1.8-5.3 Flided0029/50/3.3 PRggel.3 of 87

and into 2010, the residential housing market was slow and home values across the country declined with some areas seeing more significant reductions than others.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on February 12013.

Richard Zimnoch

Body: Message Inserted (06/22/2010 11:17 AM) On: 2116 WALTON AVE, PITTSBURGH PA 15210. I've been in touch with Francie Crowley via email this afternoon. I was concerned when she asked for the buyers title which I sent over in early March however she advised that she is working on obtaining a release. She also resent the LOI addressed to her office and I advised once more that it is doing us no good and needs to Indemnify Stewart title and the buyers attorney. Hopfully i got through this time. I'm going to send the request my self but I dont know if they will entertain my request since PHS was not indemnified, we are usually advised not to but I dont know what else to do at this point. I'll let you know what I can find

Exhibit "14"

Pro-Reconveyance of Loan/Property Tracking # 7989 8363 4883 August 25, 2010

U.S. Bank NA
Foreclosure Department
4801 Frederica Street, West B
Owensboro, KY 42301

RE:

Prior Mortgagor:

Carmen Miller

Property Address:

2116 Walton Ave., Pittsburg, PA 15210

VA#

111160247126

Dear Foreclosure Department:

This letter is to notify U.S. Bank NA that BAC Home Loans Servicing, L.P. has requested authority from the Secretary of Veterans Affairs to reconvey the above referenced property for the following reason:

The property has been in our inventory for 288 days. There is an open mortgage. The foreclosing attorney was able to provide a Letter of Indemnity, but it is no sufficient as the underwriter for the buyer was not addressed/indemnified. There is no recorded release.

When a holder seeks to convey property to the VA, the title should be in such condition "as is or would be generally acceptable to prudent lending institutions, informed buyers, title companies, and attorneys in the community in which the property is situated. Title 38 Code of Federal Regulations, section 36.4320 (h) (5).

The VA cannot accept transfer of U.S. Bank, NA (\$42,302.00) because of the invalid foreclosure. Therefore, any itemized expenses will concerning this loan/property must be returned to the VA. The "Bill of Collection" will be furnished to your company at a later date by the VA. This serves only as an advance notice of the reimbursement for acquisition that your company will be required to make upon receipt of VA's request for funds. VA's request for funds may also include any claim under guaranty paid.

The VA makes the final decision to reconvey and if you have any objections to the decision please contact the VA at vareo.vbaco@va.gov.

If you have any questions, please contact Ken Schreiber @ (972) 498-5487.

Sincerely, Ken Schreiber MTG Servicing Specialist II Bank of America VA/REO Department 2375 N. Glenville Dr. Bldg B

Property Address:

2116 Walton Ave., Pittsburg, PA 15210

VA#

111160247126

Dear Foreclosure Department:

This letter is to notify U.S. Bank, N.A. that the Secretary of Veterans Affairs is re-conveying the above-referenced property. The reason for this reconveyance is because:

The property has been in our inventory for 288 days. There is an open mortgage. The foreclosing attorney was able to provide a Letter of Indemnity, but it is not sufficient as the underwriter for the buyer was not addressed/indemnified. There is no record of release.

A property acquisition payment was paid to your company when the property was originally conveyed to the Secretary of Veterans Affairs. Therefore, this payment must be returned to VA along with the estimated expenses indicated below, which expenses total \$55,754,19

Consideration Amount	· · · · · · · · S	42,302.00
Yard Maintenance	\$	270.00
REM Electrical	\$	1,987.00
Appraisal Fee	\$	575.00
Insp Vacant	\$	15.00
REO Misc	\$	398.18
Utilities	\$	29.30
Winterization	\$	1,600.00
Snow Removal	\$	270.00
Property Preservation	S	277.00
Cleaning/Maintenance	Š	525.00
Repairs/REO Val Enhc	Š	2,000.00
Service Call	\$	250.00
Agent Management Fee	\$	1,000.00
BAC Management Fee (\$200.00 per month)	S	2,000.00
Equator Program Service Fee	\$	125.00
Quit Claim Deed/Mailing Fees	\$_	1,946.65
Total	\$	55,754.19

This is a courtesy notice only and funds are <u>not</u> to be forwarded to the BAC Home Loans Servicing, L.P. The "Bill of Collection" will be furnished by the VA. This serves only as an advance notice of the reimbursement for acquisition that your company will be required to make upon receipt of VA's request for funds. VA's request for funds may also include any claim under guaranty paid.

Cause 2:1123-cov-00054995-19897B DDoorcumeent 128-155 FFFfdeeth 00091330/1133 FFeature 53 cof f128

Bank of America VA/REO Department 2375 N. Glenville Dr. Bldg B Mail Stop: TX2-983-01-01 Richardson, TX 75082 This reconveyance also means that your company now has physical custody and ownership of the property. Therefore, effective immediately U.S. Bank N.A. is now fully responsible for the continued security and maintenance of the property.

A copy of the recorded Quit Claim Deed will be forwarded to you under a separate cover if it is not attached to this letter. The cost for preparing and recording the Quit Claim Deed is included in the itemized expenses above.

If you have any questions, please contact Ken Schreiber @ (972) 498-5487.

Sincerely,

Ken Schreiber MTG Servicing Specialist II

INSTRUCTIONS

Claims presented under the Federal Tort Claims Act should be submitted directly to the "appropriate Federal agency" whose employee(s) was involved in the incident. If the incident involves more than one claimant, each claimant should submit a separate claim form.

Complete all ftems - Insert the word NONE where applicable.

A CLAIM SHALL BE DEEMED TO HAVE SEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE, AN EXECUTED STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT. ACCOMPANIED BY A CLAIM FOR MONEY

Fallure to completely execute this form or to supply the requested material within two years from the date the claim accrued may render your claim invalid. A claim is decreed presented when it is received by the appropriate agency, not when it is mailed.

If instruction is needed in completing this form, the agency listed in item #1 on the reverse side may be contained. Complete regulations pertaining to claims asserted under the Federal Tort Claims Act can be found in Tifle 28, Code of Federal Regulations, Part 14. Many agencies have published supplementing regulations. If more than one agency is involved, please state each agency.

The claim may be filed by a duly authorized agent or other legal representative, provided evidence satisfactory to the Government is submitted with the claim establishing express authority to act for the claimant. A claim presented by an agent or legal representative must be presented in the name of the claimant. If the claim is signed by the agent or legal representative, it must show the title or legal cepacity of the person signing and be accompanied by evidence of his/her authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian or other representative.

If claimant intends to file for both personal injury and property damage, the amount for each must be shown in item #12 of this form.

DAMAGES IN A <u>SUM CERTAIN</u> FOR INJURY TO OR LOSS OF PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO HAVE OCCURRED BY REASON OF THE INCIDENT. THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN TWO YEARS AFTER THE CLAIM ACCRUES.

The amount claimed should be substantiated by competent evidence as follows:

- (a) In support of the claim for personal injury or death, the claimant should submit a written report by the attending physician, ahowing the nature and extent of injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization, or incapacitation, attaching itemized bills for medical, hospital, or burial expenses actually injuryed.
- (b) In support of dalms for damage to property, which has been or can be economically repaired, the claimant should submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts evidencing payment.
- (c) In support of claims for damage to property which is not economically repairable, or if the property is lost or destroyed, the claimant should submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the accident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damaged, or by two or more competitive bidders, and should be certified as being just and correct.
- (d) Failure to specify a sum certain will render your claim invalid and may result in forfeiture of your rights.

PRIVACY ACT NOTICE

This Notice is provided in accordance with the Privacy Act, 5 U.S.C. \$52a(e)(3), and concerns the information requested in the letter to which this Notice is attached.

- A. Authority: The requested information is solicited pursuant to one or more of the following: 5 U.S.C. 301, 28 U.S.C. 501 et seq., 28 U.S.C. 2671 et seq., 28 C.F.R. Part 14.
- 8. Principal Purpose: The information requested is to be used in evaluating claims.
- C. Routine Use: See the Notices of Systems of Records for the agency to whom you are submitting this form for this information.
- Effect of Failure to Respond: Disclosure is voluntary. However, failure to supply
 the requested information or to execute the form may render your claim "invalid".

PAPERWORK REDUCTION ACT NOTICE

This notice is solely for the purpose of the Peperwork Reduction Act, 44 U.S.C. 3501. Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Bend comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Director, Torts Branch, Attention: Paperwork Reduction Staff, Civil Division, U.S. Department of Justice, Washington, D.C. 20530.

STATEMENT OF CASE

- 1. Parties are Edith Moen Vitti and Louis P. Vitti, real parties in interest, with an address for purposes of this proceeding at 215 Fourth Avenue, Pittsburgh, PA 15222.
- 2. The proprietary interest in the property arises from the obligation of attorney Louis P. Vitti to indemnify Pennsylvania Housing Finance Agency after reconveyance of title to the property at 2116 Walton Avenue, Pittsburgh, PA 15210, Allegheny County, and Commonwealth of Pennsylvania.
- 3. The Department of Veterans Affairs is the entity that elected to reconvey the property because of title issues that were resolved, however, an issue regarding the timeliness of such resolution resulted in the decision for reconveyance.
- 4. On August 11, 2009, appraiser Harry James Smeltzer did provide a value for the property in an amount of \$48,000.00.
- 5. Subsequent to the appraiser evaluation, the Department of Veterans Affairs did take possession of the property and relieved the servicer Pennsylvania Housing Finance Agency of the obligation to secure the property.
- 6. The file was received in the REO Department of Pennsylvania Housing Finance Agency on October 5, 2009 and forced-placed insurance covered the property at that time.
- 7. On October 21, 2009, the Department of Veterans Affairs paid the net value to Pennsylvania Housing Finance Agency; the insurance was cancelled since the Department of Veterans Affairs had assumed responsibility for the property.
- 8. Inspections were conducted on the property October 5, 2009 and the property was vacant, locked, electric off, water off, fair condition and winterized.
