

For security and communications products, solutions and services, Bosch Security Systems is the preferred partner. This Bosch division hosts 12,500 employees worldwide and has generated more than 1.4 billion euros in fiscal 2011.

International Product Business

Bosch Security Systems in the US

Bosch Security Systems is a supplier of equipment for the global electronic protection and communications systems industries.

Bosch Security Systems, Inc. works closely with an extensive network of certified dealers and integrators to design dependable communications, security and life safety solutions for the market. Our broad portfolio of products and systems for communications, video surveillance, access control, and intrusion and fire detection are used by major schools and universities, government agencies, correctional facilities, retail stores, sports and entertainment facilities, casinos, and in many other commercial and industrial environments throughout the world.

Our significant investment in research and development is unsurpassed in the industry and enables us to regularly update our existing products and introduce new technologies. And, while technological innovation is important, we ensure that new product development addresses all the concerns paramount in the world of communications, security and life safety today, including performance, quality, and ease of installation, maintenance and use.

Bosch is also committed to upholding the highest standards for service. Our goal is total customer satisfaction through products, service and support. Bosch associates work closely with customers to help them win new business. Technical support services are easily accessible via phone, email and the Internet for installers working to develop and maintain high-quality security and communications systems, and we provide extensive training to make sure our customers understand how to get the most from their systems.

For more than 125 years, the Bosch name has stood for quality and reliability. We are there for our customers during all crucial phases of a project: before, during and after the sale.
