Faith, thank you for letting us know. We will have to go ahead with a motion to compel, but when we receive the responses we can withdraw it.

Dear Janene:

I am really sorry for not providing the discovery responses to you this afternoon regarding the above referenced matter. Mr. Lizzi had a hearing in St. George at 2pm and on his way to Court, his car broke down so he had to get a ride to his hearing. He called a little while ago and informed me that he will not be returning to the office today because of the car issue. He requested that I put the file in his chair with our responses and he will review and sign it first thing in the morning. I apologize for the inconvenience.
