[15:46:32] Braidon: Hello Chris, how can I help you today?

[15:46:27] chris: i want to cancel my membership

[15:46:56] chris: i want to cancel my membership

[15:47:18] Braidon: Ok. For our records may I ask why you are cancelling the account today?

[15:47:40] chris: hasn't worked for me

The Profile Note was updated.

Chris,

All you need to go do is select the theme again. It will reconnect the builder and the website. After you do this it will fix the problems with not being able to update your site.

Thank you

Trey Jackson

Name = chris

Email = prince370@hotmail.com

Comments = Is there a particular reason i can not change anything on my site? If you can help me with this, it would be greatly appreciated.

Account ID = 170729

Completed free search engine submission.

---

03.10.2009 4:05 PM by Trey Jackson ( -> )

Customer called in saying that a table wasn't reading correctly. After looking at it he said that he didn't create it in the builder .I explained that this was the problem he said he would look at it.

02.02.2009 10:07 AM by Trey Jackson (Outgoing Email, Resolved) (happy -> happy)

Christopher the payment did not go through. The credit card info will just site on your site until you are able to run the numbers through your merchant account. We can turn on and advanced feature to allow you to set up a password so you can view the whole credit card number and info. Because this is and advanced feature that not everyone uses you would need to call or email in a request to have it turned on.

Thank you

Trey Jackson

11.12.2008 11:27 AM by Cole Oberndorfer (Incoming Call, Pending) ( -> )

He called in and was having problems after the change over with the categories pushed all to one side and missing some of them. I let him know I would speak with programming and see if that was the issue. He said thanks.

09.30.2008 6:49 PM by Michael Johnson (Outgoing Email, Unknown) ( -> )

Dear Chris,

Well, we've now reached the end of your formal coaching sessions. I would like you to stop for a moment and think over these past few months. Have you noticed how far you've come? The road to success still stretches out in front of you (in fact, it really doesn't ever have an end) but right now I'd just like you to glance over your shoulder at how much of it is now behind you. And the best part is that you're now walking away from some of the rockiest, most difficult parts!

Just because this is the end of your formal coaching doesn't mean that we can't continue to help you along the road, however. You can e-mail me at any time with questions you have about your business, our Technical Support staff will still take any questions you have about our technology, and you still have access to all of the aids in the Resource center and on TocCentral.com.

I also want you to know personally that it's been a pleasure working with you, and I hope that you will continue to call on our resources as you continue to build your online business. We'd love to hear from you with any success stories you might have in the coming years and months, too. Best of fortune in the future of your business!

All my best,

MJ

Hi Chris,

As my last email indicated your monthly coaching has come to an end as of September 22. As a courtesy I would like to extend one more opportunity to meet with me so we can create some plans for you to keep up your progress on your business as you proceed forward. Please if you would like to take advantage of this opportunity call Laurie as soon as possible at 800-342-1990 ext 205. If we do not hear from you this week we will not be contacting you from the coaching department after that, however we will continue to be a resource for you as you can still email me and work with tech support as much as you need, including scheduling training sessions with them. I look forward to hearing from you soon.

MJ

Call #: 11

Call Length (Min.): 18

Customer's questions and what we did:

I talked to him about being MIA for a while. He said not to worry he was doing fine. He has been working on his site. He has made some nice progress. he had some tech questions and I encouraged him to talk to technical support to get the help with using tables on his home page. he said that sounded good and he expressed his happiness with the program so far. I let him know I would check in with him at the end of next week to see how he is doing.
