This matter is before the court on Plaintiff’s *pro se* complaint. In accordance with 28 U.S.C. § 636(b) and Local Civil Rule 73.02(B)(2)(e), DSC, this matter was referred to United States Magistrate Judge Bristow Marchant for pre-trial proceedings and a Report and Recommendation (“Report”). On May 18, 2011, the Magistrate Judge issued a Report recommending that the complaint be dismissed without prejudice and without issuance and service of process. The Magistrate Judge advised Plaintiff of the procedures and requirements for filing objections to the Report and the serious consequences if he failed to do so. Plaintiff filed objections to the Report on May 26, 2011.

The Magistrate Judge makes only a recommendation to this court. The recommendation has no presumptive weight, and the responsibility to make a final determination remains with the court. *See Mathews v. Weber*, 423 U.S. 261 (1976). The court is charged with making a *de novo* determination of any portion of the Report of the Magistrate Judge to which a specific objection is made. The court may accept, reject, or modify, in whole or in part, the recommendation made by

the Magistrate Judge or recommit the matter to the Magistrate Judge with instructions. *See* 28 U.S.C. § 636(b).

After reviewing the record of this matter, the applicable law, Plaintiff's objections, and the Report and Recommendation of the Magistrate Judge, the court agrees with the conclusions of the Magistrate Judge. Accordingly, the court adopts and incorporates the Report and Recommendation by reference in this Order.

Plaintiff's objections fail to overcome the fatal deficiencies of his complaint; namely, that this court, for a variety of reasons, does not have subject matter jurisdiction. Accordingly, for the reasons noted in the Report, this action is dismissed without prejudice and without issuance and service of process.

IT IS SO ORDERED.
