Respondent.)	

This matter is before the court upon petitioner’s Motion for Transcript to be Filed at Government’s Expense. This motion was filed on February 8, 2013.

Fourth Circuit precedent requires a prisoner to show “particularized need” before the court can require the Government to provide a transcript at its expense. Petitioner has not alleged any such need in his Motion for Transcript. It is therefore

ORDERED that petitioner’s Motion for Transcript is **DENIED** without prejudice.

AND IT IS SO ORDERED.
