The Samsung Continuum, a Galaxy S phone, with a dual–display screen, updates your world in real time on its exclusive 1.8” Ticker display. With the Continuum, your life continues uninterrupted on the main ultra brilliant 3.4” Super AMOLED screen, while unobtrusive updates are delivered on the Ticker display as they happen. Get even more info, access and apps with the Continuums web browser and Android Marketplace. Include corporate and personal email support, social networking and calendar integration, and the world is at your fingertips.
