DECLARATION OF JULIA BRIGHTON

I, Julia Brighton, hereby declare that:

1. I am currently a paralegal for Joseph J. Catalano, Senior Vice President and Associate General Counsel of UnionBanCal Corporation (“UnionBanCal”).

2. In connection with the above-captioned case, I reviewed potentially responsive materials to Plaintiff DataTreasury Corporation’s (“DataTreasury”) First Set of Requests for Production Regarding Jurisdictional Discovery to Defendant UnionBanCal Corporation, issued on December 21, 2006 (D.E. No. 523).

3. Specifically, my review focused on responsive documents to the production ordered by the Court in its March 15, 2007 Order (D.E. No. 597) (“Order”) regarding the discovery of certain documents relating to UnionBanCal’s jurisdictional challenge, namely:

- (a) all minutes and other documents related to all meetings of the Boards of Directors of UnionBanCal and its banking subsidiaries, particularly Union Bank of California, N.A. (“UBOC”); and

(b) all minutes and other documents related to all meetings of the various committees (joint or otherwise) that are created at the direction of the Board of Directors for UnionBanCal, UBOC, or both, or committees of either UnionBanCal or UBOC that otherwise oversee or coordinate with committees of the other.

(Order at 8-9.)

4. I identified and reviewed the quantity of the stored files of minutes and records for the Board of Directors, which have been concurrent meetings of the UnionBanCal and UBOC Boards since 2002, as well as either Board's committees, that are potentially responsive to the Order.

5. Listed below are the approximate stacked length measurements of regular, legal-sized file folders of the minutes and records of the Boards and their committees, and whether the respective corporate body is joint to any extent or consists solely of UnionBanCal members. Also listed and attached as Exhibits to this declaration are true and correct copies of the Committee Charters that describe the contents of each committee's minutes and records. These Committee Charters are publicly available online at www.snl.com/Irweblinkx/govdocs.aspx?iid=1022285. Each Committee was created at the direction of UnionBanCal's Board of Directors.

<u>Corporate Body</u>	<u>Membership</u>	<u>Document Measurements</u>	<u>Committee Charter</u>
Board of Directors	Overlapping	Minutes (2002-2007): 1 foot; Records (2002-2007): 3 feet	not applicable
Audit Committee	Overlapping	Minutes: 5 inches; Records: 7.5 feet	Attached as Exhibit A
Bank Secrecy Act Compliance Committee	Overlapping	Minutes and Records: 2 feet	*no charter available. The committee generally discusses Bank Secrecy Act compliance practice and policy, Suspicious Activity Report and Currency Transaction Report policy and procedure, and Office of

			the Comptroller of the Currency ("OCC") examination reports and preparation for OCC exams.
Corporate Governance Committee	Overlapping	Minutes and Records: 1 foot	Attached as Exhibit B
Executive Compensation and Benefits Committee	Overlapping	Minutes: 4 inches; Records: 2 feet *All matters discussed refer to executive personnel, compensation and benefits	Attached as Exhibit C
Finance and Capital Committee	Overlapping	Minutes and Records: 3 feet	Attached as Exhibit D
Public Policy Committee	Overlapping	Minutes and Records: 1 foot	Attached as Exhibit E

6. The Board and Committee records include numerous documents that are covered by the Bank Secrecy Act and other federal laws and regulations, and so these documents can not legally be provided to DataTreasury or any other third party and must be redacted. Additionally, many other documents include such references interspersed within other information.

7. Reviewing the Board and Committee records will be extremely burdensome and costly, the extent of which will be exacerbated by the records' nature: they are UnionBanCal's most proprietary and confidential documents and, as such, are replete with information that cannot legally be disclosed to third parties, either by federal law or regulation, and they contain trade secrets and other confidential commercial or supervisory information. The documents are also filled with numerous instances of attorney-client privilege or work-product doctrine (which is especially prevalent in the Board records).

8. A brief review of the potentially responsive documents revealed that the confidential, secret, and privileged information referred to in the preceding paragraph is interspersed throughout the responsive documents. Because of the ubiquity of such information, prior to any document production, because of the severe sanctions for violating the non-disclosure provisions of the various laws and regulations applicable to banks and bank holding companies, UnionBanCal's attorneys will need to conduct a thorough line by line, page by page

review of the documents to make sure that no improper information is released. This review will be extremely costly and time consuming.

9. I hereby declare that all statements made herein of my knowledge are true and all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statement and the like so made are punishable by fine or imprisonment, or both, under § 1001 of Title 18 of the United States Code.

Signed this 13th day of April, 2007, at San Francisco, California.

7. Discuss with management and the independent auditors the effect of regulatory and accounting initiatives as well as off-balance sheet structures on the Company's financial statements.
8. Discuss with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies.
9. In connection with its review of the Company's financial statements, review and discuss with the independent auditors the matters relating to the conduct of the audit required to be discussed by Statements on Auditing Standards Nos. 61 and 90.

D. Limitation of the Committee's Role

While the Committee has the responsibilities set forth in this Charter, its function is oversight. It is not the duty or responsibility of the Committee to plan or conduct audits or other types of auditing or accounting reviews or procedures, or to set auditor independence standards, or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with applicable accounting principles, rules and regulations.
