CASE NO. 2:07-CV-279

**ORDER**

On March 1, 2010, the court entered an order (Dkt. No. 453) granting the defendant Google Inc.'s ("Google") motion to redact trial transcripts (Dkt. No. 452). The court, *sua sponte*, VACATES its earlier order and DENIES Google's motion. Google's confidentiality concerns are adequately addressed by sealing the portions of the transcript that contain sensitive information. Accordingly, Google may file a motion to seal that identifies unsealed portions of the transcript that contain confidential information.

SIGNED this 12th day of April, 2010.
