

WILEY DECLARATION EX. 28

The screenshot displays the Bing Maps Distance Calculator interface. At the top left, the Bing logo is visible. Below it, the 'Distance Calculator' section is active, showing a search for a route between Washington DC and San Jose, CA. The map shows a red line representing the driving route across the United States. The left sidebar lists 'Your Places' with Washington DC and San Jose, CA. Below that, 'Total Distances' are shown: 2422mi for air travel and 2854mi for driving. The map includes state names and major cities. At the bottom left, there are icons for various map features like Street View, Traffic, and Map Apps. The bottom right corner shows the copyright information: © 2010 NAVTEQ and © 2010 Microsoft Corporation.
