No. 2:09-cv-147

**SUPPLEMENTAL DECLARATION OF OREN MICHELS**

1. I am a Co-Founder and the Chief Executive Officer of Mashery Inc. I reside in Lafayette, California. I am the same Oren Michels who executed, on April 26, 2010, another declaration in connection with this case.

2. The facts stated in this declaration are based on my personal knowledge.

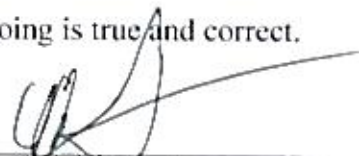

3. As stated in my previous declaration, Mashery is a small company that maintains its only place of business in San Francisco, California. Mashery was formed in 2006 and currently has fewer than 35 employees.

4. Given Mashery's small size and status as a startup, it would be enormously disruptive and burdensome for me or any of Mashery's employees – including, in particular, the chief architect of Mashery's system or any of the other engineers I mentioned in my previous declaration – to have to take time off to travel to Texas for activities related to this lawsuit. I am engaged full time in managing and developing Mashery's business and meeting with customers and potential customers, and Mashery's engineers are working full time in developing and

maintaining Mashery's system and offerings. None of us can afford to be away from work for the amount of time it would take to participate in proceedings in Texas.

I declare under penalty of perjury that the foregoing is true and correct.
