The nation's flame-grilled chicken leader has a long standing commitment to providing healthful and flavorful food. Since 2003, El Pollo Loco has aligned itself with **Healthy Dining**, a team of nutrition professionals who empower Americans to enjoy dining out as part of a healthier lifestyle and inspire restaurants to offer 'dietitian-approved Healthy Dining menu choices' that emphasize lean proteins, fruits, vegetables, whole grains and unsaturated fats. El Pollo Loco offers a wide selection of Healthy Dining endorsed menu items. We also participate in **community events** throughout the year to help educate consumers about how to dine out healthfully and enjoy great-tasting food without sacrificing flavor and with no guilt.

Healthy Dining provides a great resource for diners looking for great-tasting, healthy menu selections so you can enjoy dining out as part of a healthier lifestyle. El Pollo Loco is proud to offer a number of 'dietitian-approved Healthy Dining menu choices' that include lean proteins, vegetables, whole grains and unsaturated fats. Visit our **menu** to find menu items that meet the Healthy Dining criteria and 'seal of approval.'

"El Pollo Loco is an ideal choice for people looking for quick, wholesome food that's full of flavor and appeals to the entire family. They make it easy to eat out and enjoy meals that are both healthful and great-tasting. Healthier menu selections, like those at El Pollo Loco, can positively impact the health status of our nation."

Anita Jones-Mueller, MPH
