Mary Lou: Please send 103, 104, 105 269 and 270-272 of the Cisco Privileged documents. I would appreciate your sending those quickly, and I will try to narrow somewhat, but if you would begin with 001 and continue down to 103 in numerical order I would appreciate it. I do want all of them, but if you could send what I have requested here quickly I will be willing to wait until tomorrow for the balance.

Nick,

Is there any way for you to narrow down the number of documents you need header information for? I have listed the beginning Bates numbers bellow for all of the Cisco Privileged documents that have been produced - If you could narrow down the list that would be a great help.

Mary Lou
