**Subject:** EMG v. Apple et al. - Proposed docket control and discovery orders

All –

Proposed discovery and docket control orders are attached. A motion for entry of the two orders is also attached, along with a redline comparing Judge Davis’s standard discovery order to the proposed discovery order.

Please let me know if you have comments.

If we cannot get everyone’s agreement on these orders by about 3:00 Texas time, we need to file another extension. Charley – can you prepare the extension if we are getting close to 3:00, and can the other defendants please give Charley the OK to file as unopposed? Apple is OK filing unopposed.

Thanks,  
John
