## Jesse Ozog

**Jesse Ozog, BSCS**  
Patent Engineer  
[jesse@zilkakotab.com](mailto:jesse@zilkakotab.com)

Jesse Ozog earned a B.S. in Computer Science from the University of South Florida. Before working at Zilka-Kotab, Jesse worked in the telecommunications industry for more than 11 years for companies such as Advantis, IBM, and AT&T, focusing on software development relating to network health, management, and automation. Jesse has experience in a broad range of technical areas including, but not limited to software development, network protocols, network monitoring, network security, intrusion detection, network performance, secure tunneling, and other networking service related disciplines and technologies.
