

requirement. Defendants' Motion exceeded Local Rule 7's 15-page limit by almost three times—Defendants' Motion is 44 pages long.¹

Defendants seek to litigate the case and eliminate evidence on motions *in limine*. A review of Defendants' Motions *in Limine* show that Defendants not only disregarded the Court's ten-motion limit; the Defendants also ignored the Court's admonition that motions *in limine* are appropriate only for those things that will create the proverbial "skunk in the jury box" if mentioned in front of the jury before an evidentiary ruling can be made. *See* Docket No. 339.

Because the Defendants used their motions *in limine* inappropriately and exceeded the number allotted by the Court, Bedrock opposes Defendants' Motion For Leave to Exceed Ten Motions *in Limine*.

¹ At approximately 9:00 p.m. on March 16, 2011, Defendants filed amended motions in limine, decreasing the page count to 17, which number is still violative of the Court's Local Rule 7.

Dated: March 16, 2011.

Respectfully submitted,

McKOOL SMITH, P.C.
