TYLER DIVISION**

ALOFT MEDIA, LLC,

Plaintiff,

vs.

ORACLE CORP., ET AL.

Defendants.

Civil Action No. 6:09-CV-304 (JDL)

JURY DEMANDED

ORDER

Pending before the Court is the defendants, Halliburton Co. and Halliburton Energy Services, Inc.'s (collectively, "Halliburton") Motion for Summary Judgment of Invalidity of the Asserted Claims of U.S. Patent Nos. 7,499, 898 and 7,593,910 (collectively, "the patents-in-suit") for Indefiniteness (Dkt. No. 165).

The Court does not find Halliburton's argument persuasive. Accordingly, Halliburton's Motion (Dkt. No. 165) is denied.
