United States District Court, Northern District of Illinois

Name of Assigned Judge or Magistrate Judge	Rebecca R. Pallmeyer <i>RRP</i>	Sitting Judge if Other than Assigned Judge	
CASE NUMBER	10 C 3820	DATE	11/23/2010
CASE TITLE	Microsoft Corporation vs. Eolas Technologies Incorporated		

DOCKET ENTRY TEXT

Oral argument held on 11/23/2010. Plaintiff seeks a preliminary injunction to enforce the terms of a license agreement that it entered into with EOLAS in 2007. Plaintiff has not demonstrated that the Texas lawsuit that allegedly constitutes a breach of the agreement has caused Plaintiff irreparable harm, however. Moreover, the order Plaintiff seeks, enforcing certain limits on the claims that can be asserted by EOLAS in that Texas litigation, might have the effect of interfering with or complicating the progress of a lawsuit that has been pending for almost 11 months. The motion for preliminary injunction [52] is denied. Because the court agrees with Plaintiff, however, that this court has jurisdiction to enforce the license agreement itself, Defendant's motion to dismiss or transfer this litigation [32] is also denied. Status conference is set for February 4, 2011, at 10:00 a.m.
