Re: *Eolas Tech. Inc. v. Adobe Systems, Inc., et al.*; Case No. 6:09-CV-446 (E.D. Tex.)

Dear Matt:

With regard to Eolas's requests for source code for all versions of the accused web sites and the accused Java products, we have finished our collection of source code related to the accused web sites and products, and our identification of certain versions of the web site source code and product source code as being representative, subject to the limitations discussed in our previous correspondence. We are in the process of copying that source code to the source code inspection computer for your inspection, and we expect the copying to be completed shortly.

Please let us know if you have any questions.

Very truly yours,

DLA Piper LLP (US)
