Subject: Eolas v. Adobe - Google - Music PICs and Google+ Counsel,

We supplied PICs for Google Music on June 24, 2011 and are still awaiting a response on them. We are still in the process of creating PICs for Google+, which we will get to you once they are finalized.

What is Google's position with regard to supplementation of the PICs to include these two products, which have recently been announced and released as Betas? What is Google's position with regard to supplementation of discovery (production, Interrogatories, etc.) to account for these two additional products?

Sincerely,
Christopher
