Subject: RE: Uniloc claim construction issue

Thanks, Pat. We'll reference the agreed construction in our opening Markman brief and P.R. 4-5 chart.

Jaime

Subject: Uniloc claim construction issue

Jaime:

Steven called me on September 1 with several claim construction proposals for the defendants. As you know, we have already reached agreement on a construction for "local" and on withdrawing the motions to strike/for leave regarding the reexam file history disclaimers.

Today I was informed that the defendants interested in the construction of "Comprises part of said digital data..." are amenable to Uniloc's proposed compromise where the parties agree to defendants' construction minus the word "entirely". In short, the parties agree that the phrase "Comprises part of said digital data when executed on said platform" should be construed as "Contained in said digital data when executed on said platform".

Thanks, Pat
