Mission

Welcome to Sony Ericsson Mobile Communications

Sony Ericsson, a 50:50 joint venture of Sony Corporation and Telefonaktiebolaget LM Ericsson, was established in October 2001.

Our vision is to become THE communication entertainment brand. We inspire people to do more than just communicate. We enable everyone to create and participate in entertainment experiences. Experiences that blur the lines between communication and entertainment.

Sony Ericsson's press room section contains recent press releases, the press release archive and the photo library with images of mobile phones and accessories.

Sustainability
Sony Ericsson's vision for a sustainable future encompasses conscious design, ethics, energy, recycling, health and community involvement.
