Luke,

In response to your letter of December 29, 2006, which requested dates for a 30(b)(6) deposition of Microsoft on four topics, Microsoft can make a witness available on all four topics on February 22 or February 23. Please let us know as soon as possible which one of those two dates works best for you so we can confirm the witness's schedule. We will make the witness available at Klarquist Sparkman's Seattle office, located at One Union Square, 600 University Street, Suite 2950. Seattle, Washington 98101.

Regards,

Chris Carraway
