Echo Look Device and App Settings

How to use the Echo Look app to update Echo Look account, device and app settings.

Select the **Settings** button from the home screen to update your device and account settings. To register a new device, select **Set up a new device**.

Account Settings

Select the **Account** tab to:

- Update your preferred style
- Sign out of the Echo Look app
- Delete all photos, videos, and Style Check comparisons associated with your account (this cannot be undone).

Note: Android: When you sign out of the Echo Look app, you automatically log out from most other Amazon apps (such as the Kindle reading app) installed on your device. To learn more, go to [About the Effects of Signing Out from Amazon Apps](#).

Device Settings

Menu Option	Description
Device name	Give your device a new name. This is helpful when you have multiple devices. In the name field, enter a name and select Save Changes .
Device location	Add your zip code and then select Save. Alexa then uses this to tell you about the weather, current time, and more.
Update Wi-Fi	Update the Wi-Fi network on your device. Note: Your Echo Look should be connected to the same Wi-Fi network as your phone.
Device volume	Control the volume on your device. You can also use your voice with Alexa to change the volume.
About this device	The serial number, device IP address and current software version for your device.
Device registration	Deregister the device from your Amazon account.

App Settings

Alexa account settings	Update or change settings used with Alexa features and services. This opens the Alexa app on your mobile phone (if downloaded). To learn more, go to Amazon Alexa App Settings .
Household settings	Takes you to a page in the Alexa app where you can leave, or add and remove members in your Household. To learn more, go to Household Profiles on Alexa Devices .
About this app	The Echo Look app version number and app IP address.
