About the Shopping Cart

Items added to your Shopping Cart will be available from any compatible web browser or Amazon Mobile app that has been signed in to your account.

Tip: If your Shopping Cart is empty or items are missing from it, it is likely that you are not logged into your account.

Placing an available item in your shopping cart does not reserve that item. Available inventory is only assigned to your order after you click **Place your order** and receive an e-mail confirmation that we've received your order.

You can modify an item in your Shopping Cart:

- To change the quantity, enter a number in the **Quantity** box and click **Update**.
Note: We strive to provide customers with great prices, and sometimes that means we limit quantity to ensure that the majority of customers have an opportunity to order products that have very low prices or a limited supply. We may also adjust your quantity in checkout to reflect your recent purchases of a quantity-limited item, or increase it, to meet the minimum quantity requirement.
- To remove an item from your Shopping Cart, click **Delete**.
- To wait until another day to buy some of the items in your Shopping Cart, click **Save for later**. This will move the item to your Saved for Later list located below the Shopping Cart. Click **Move to cart** next to an item when you are ready to purchase it.

Note: Items in your Shopping Cart will always reflect the most recent price displayed on the item's product detail page. Please note that this price may differ from the price the item held when you first placed it in your cart.
