2015: Herrell Voted Against \$6.1 Billion In General Fund Appropriations, Which Included An Increase In Higher Education Spending

Herrell Voted Against \$6.1 Billion In General Fund Appropriations. “With time running out in the short session and no agreement in the house on how to move the budget forward, the senate introduced Senate Finance Committee Substitute for Senate Bill 313 (Chapter 63, p.v.) (Senate Bill 313) as the 2014 GAA. [...] The act provides recurring general fund appropriations totaling \$6.1 billion, an increase of a little more than 4%, or \$240 million, over the previous year's act.” The bill passed the House 58-8. [New Mexico Legislative Council Service, Highlights 2014, published [May 2014](#); Senate Bill 313, 51st Legislature Second Session, [2/19/14](#)]

The Budget Included A 4.4 Percent Increase In Higher Education Spending From FY 2014. “Higher education and special schools will see an overall 4.4% increase from FY 2014, manifested in the \$830 million appropriation, with the New Mexico Military Institute receiving the largest percentage increase of 25%. [New Mexico Legislative Council Service, Highlights 2014, published [May 2014](#)]

The Budget Included A 3 Percent Pay Raise For Some State Employees, Including Those At Public Schools. “Martinez trimmed \$27 million in spending, including \$15 million for programs for at-risk children that she says isn't needed until next year, when the programs it would support take effect. She also vetoed \$2.4 million that would have provided 8 percent pay raises for judges and district attorneys and 3 percent raises for appointed government employees. Martinez did retain money for 3 percent pay raises for other state employees, including those at public schools.” [Santa Fe New Mexican, [3/11/14](#)]

Herrell: “We Should Eliminate The Public Education Department”

VIDEO: Herrell: “We Should Eliminate The Public Education Department.” “I really want to support the President in the area of getting more government out of the way, getting the government out of the way of educating. And he has mentioned that when he campaigned that he wanted to back off from the federal government having such a hand in local education systems and I fully feel the same way on the state level that perhaps we should eliminate the public education department and let the control be given back to the school boards, where budget, curriculum decisions can be made where we can see a much broader and more involved community effort.” [KSVP – Good Morning Artesia, [5/15/18](#)] (05:08 – 05:38)

Herrell Voted Against Establishing A Comprehensive Early Childhood Care And Education System Through State And Private Programs

Herrell Voted Against Establishing A Comprehensive Early Childhood Care And Education System Through State And Private Programs. “For the little learners: The Senate on Thursday overwhelmingly passed a bill that proponents say will boost education for children aged 5 or younger. SB 120, sponsored by Sen. John Sapien, D-Corrales, was approved on a 34-6 vote. The measure would establish a comprehensive early childhood care and education system through state and private programs. [...] The bill is supported by the New Mexico Business Roundtable, the Association of Commerce and Industry and early child-care providers and advocates. It goes on to the House for consideration.” [Santa Fe New Mexican, 3/4/11; Senate Bill 120, 50th Legislature First Session, [3/17/11](#)]

Herrell Voted To Limit Local Government Authority Over Oil And Gas Activity

Herrell Voted To Limit Local Government Authority Over Oil And Gas Activity. “Under House Bill 366, sponsored by Rep. Nate Gentry, R-Albuquerque, the state would have exclusive authority over oil and gas well siting, drilling, processing and storage — effectively restricting the ability of local governments to regulate the industry. The measure passed 6-5 on a straight party-line vote, with Republicans in favor of the bill. HB 366 is one of four bills or memorials designed to limit local government authority over oil and gas activity or financially penalize those that do regulate the industry.” The bill passed the House 37-28 and died in the Senate. [Santa Fe New Mexican, [2/18/15](#); House Bill 366, 52nd Legislature First Session, [3/10/15](#)]

Herrell Voted For Legislation Restricting Stream Access

Herrell Voted For Legislation Restricting Stream Access. “Gov. Susana Martinez has signed into law a measure aimed at strengthening current state regulations restricting the ability of anglers to fish and wade New Mexico waters on private property. [...] Opponents claimed the measure, Senate Bill 226, would limit public access to beloved fishing spots, but backers said it would merely protect private property rights and would not necessarily restrict access.” The bill passed the House 32-31 and was signed by the Governor. [Albuquerque Journal, [4/3/15](#); Senate Bill 226, 52nd Legislature First Session, [3/20/15](#)]

HEADLINE: Gov. Martinez Signs Bill Into Law Restricting NM Stream Access. [Albuquerque Journal, [4/3/15](#)]

The Legislation Would Not Only Impact Stream Access But Could Also Cause Costly Lawsuits And Impact New Mexico’s Sport Fishing Economy. “Both Gay and Olson warn that SB 226 will lead to further battles on stream access and will require, according to Gay, “the public to foot the bill for defending its right to stream access instead of the state defending its constitutionally provided right to recreate on these waterways” - through costly lawsuits and court cases. Other possible impacts include concentrated pressure on undisputed public tracts of water and a hit to New Mexico's \$268 million dollar a year sport fishing economy.” [Hatch Magazine, [3/25/15](#)]

In 2013, Herrell Voted Against Legislation Raising Penalties For Water Pollution By Oil And Gas Operators, Which Was Opposed By The Oil And Gas Industry – An Industry Herrell Has Taken \$15,000 From Over The Course Of Her Career

Herrell Voted Against Raising Penalties For Water Pollution By Oil And Gas Operators

Herrell Voted Against Raising Penalties For Water Pollution By Oil And Gas Operators. “A proposal to raise the fines - from 1935 levels - for water pollution by oil and gas operators has been rejected again by the Legislature, with opponents complaining it would burden New Mexico's premier industry. It was the second time in recent years there has been an attempt to update penalties that were enacted 78 years ago in the Oil and Gas Act and haven't been increased since then. A much broader bill introduced in 2009 also failed. House Bill 286 went down Wednesday in the House, with 32 members voting in favor of it and 36 against.” The bill failed in the House 32-36. [Albuquerque Journal, 3/8/13; House Bill 286, 51st Legislature First Session, [3/6/13](#)]

The Bill Was Supported By Environmentalists And The New Mexico Attorney General’s Office. “HB286, sponsored in 2013 by Rep. Gail Chasey, an Albuquerque Democrat, would have updated the 1935 Oil and Gas Act, which set bonding requirements, fines and penalties for violations of the act and conditions for bringing suits against the violators. Proponents of the bill, which included environmentalists and the Attorney General’s office, contended that the current penalties were thousands of dollars lower than penalties in neighboring states like Texas and Arizona.” [Common Cause New Mexico, report, published [October 2013](#)]

The Oil And Gas Industry Opposed The Bill

The Oil And Gas Industry Opposed The Bill. “The oil and gas lobby bitterly opposed the bill, as it had a similar bill sponsored by Senator Peter Wirth in 2009.” [Common Cause New Mexico, report, published [October 2013](#)]

During The Election Cycle Immediately Previous To The Bills Discussion Herrell Took At Least \$2,000 From The Oil And Gas Industry

During The 2012 Election Cycle, Herrell Took At Least \$2,000 From The Oil And Gas Industry. [Common Cause New Mexico, report, published [October 2013](#)]

And She’s Taken At Least \$15,000 Over The Course Of Her Career As A State Legislator

Over Her State Legislative Career, Herrell Took At Least \$15,000 From Oil And Gas Companies. According to Herrell’s state campaign finance filings, she has taken at least \$15,000 from companies listed as gas and oil, petroleum, energy, or fuel refining companies. This list does not include employees of these companies who may have donated to Herrell. [New Mexico Secretary of State, Campaign Finance Information System, accessed [6/25/18](#)]

Herrell Repeatedly Proposed Legislation Related To The Transfer Of Federal Lands To The State – Legislation Opposed By New Mexico’s Tribes And “Straight Out Of The ALEC Handbook”

2013: Herrell Co-Sponsored Legislation Proposing The Transfer Of Millions Of Acres Of Federal Public Lands To New Mexico

Herrell Co-Sponsored Legislation Proposing The Transfer Of Millions Of Acres Of Federal Public Lands To New Mexico. “Federal public lands: In what has to be one of the most ambitious and longest-shot bills introduced so far this session, Rep. Yvette Herrell, R-Alamogordo, and Sen. Richard C. Martinez, D-Espacola, are co-sponsoring HB 292, which proposes transferring millions of acres of federal public lands -- Forest Service and Bureau of Land Management lands -- within New Mexico to the state.” The bill was not voted on in the House. [Las Cruces Sun-News, 1/29/13; HB 292, 2013 Regular Session, accessed [6/8/18](#)]

The Bill Would Exclude National Parks And Monuments And Lands Held In Trust For Tribes And Pueblos. “The bill excludes national parks and monuments, wilderness areas and lands held in trust for tribes and pueblos. It would establish a task force to oversee the land transfer and outlines the division of funds from selling any of the public land. The bill specifically protects the ‘rights, claims or privileges of New Mexico’s historic land grants.’ ” [Las Cruces Sun-News, 1/29/13]

Herrell’s Bill Was Supported By ALEC. “This movement advocating for the transfer of western public lands began in Utah in 2012. Utah State Representative Ken Ivory introduced and Governor Gary Herbert signed into law HB148— ‘Transfer of Public Lands Act’—which has subsequently become ALEC model policy for other state legislators to use as an example. Since the movement began in Utah, legislation has been popping up across the country: [...] New Mexico introduced a bill (HB292) that would have created a Public Lands Transfer Task Force which would have defined public lands to be transferred from the federal government to the state and developed a mechanism for the transfer of federal public land to the state.” [American Legislative Exchange Council, [6/6/13](#)]

2015: Herrell Proposed Legislation That Would Create A Commission To Study The Possibility Of Transferring Federal Lands, Which Was Opposed By The State’s Tribes

Herrell Proposed Legislation That Would Create A Commission To Study The Possibility Of Transferring Federal Land To The State, State And Federal Land To Tribes, And State And Federal Land To Land

Grants. “HB 291, by Rep. Yvette Herrell, R-Alamogordo, would create a 17-member commission to study the possibility of transferring federal land to the state, state and federal land to tribes, and state and federal land to land grants. The commission would also study possible land exchanges between federal and state governments. The bill seeks \$100,000 to fund the study.” The bill passed out of committee but was not voted on in the full House. [Gallup Independent, 2/12/15; House Bill 291, 52nd Legislature 1st Session, introduced [2/3/15](#)]

New Mexico’s Tribes Were All Opposed To The Study. “Opponents argued that the proposition is unconstitutional and that the state lacks the resources to manage any more land. The state’s tribes are all opposed to the study, citing their concerns about their longstanding relationships with the federal government.” [Gallup Independent, 2/12/15]

Herrell Said “We Are Missing Out On Revenues.” “In 2015, New Mexico state lawmakers proposed legislation to create an investigative committee to weigh the costs and benefits of transferring federal lands to the state. Yvette Herrell, R-Otero, who co-sponsored the bill, which later died in the House, said it would ‘behoove’ the state to thoroughly examine the idea. She hopes to reintroduce the legislation during the 2017 session. ‘I personally feel that the money we would save, in terms of return on investment and repaying royalties to the federal government [from oil and gas], those numbers alone are staggering,’ Herrell said. [...] ‘We are missing out on revenues,’ Herrell said. ‘People are getting frustrated.’” [Santa Fe New Mexican, [1/12/16](#)]

2014: Herrell Introduced A Bill For A Task Force To Study The Transfer Of Federal Lands Back To New Mexico, Which Progress Now Said Was “Straight Out Of The ALEC Handbook”

Herrell Introduced A Bill For A Task Force To Study The Transfer Of Federal Lands Back To New Mexico. “Rep. Yvette Herrell from Otero County again put forth a bill to create a task force to study the idea of federal lands being transferred back to New Mexico.” [Ruidoso News, 2/27/14]

Progress Now Said The Bill Was “Straight Out Of The ALEC Handbook.” “Rep. Yvette Herrell’s (R) HB 102, ‘Creating the Transfer of Public Lands Task Force’ is straight out of the ALEC handbook for rookie legislators. HB102 recommends a task force to study the transfer of federal public lands to the state and designates appointment authority to the task force to ensure a Republican super-majority of members in a state with a majority Democratic registration and Democratic-controlled legislature.” [ProgressNowNM, [2/3/14](#)]

Politifact: GOP Tax Bill Would Raise Taxes For The Middle Class

Politifact: GOP Tax Bill Would Raise Taxes For The Middle Class After Individual Tax Cut Provisions Expired In 2025. “Gillibrand said the Republican ‘tax [plan] raises middle-class taxes.’ That’s not true during the first years of the new tax provisions. If not for the sunset for the tax changes for individuals, we likely would have rated Gillibrand’s statement False or perhaps Mostly False. Middle-income taxpayers will either benefit or see no change in their tax liability through 2025. But her claim could hold up after the bill’s individual provisions expire that year. There’s no guarantee a future Congress will extend those parts of the bill.” [Politifact, [12/22/17](#)]

And Was A Major Supporter Of “Right-To-Work” Legislation, Which Take Away Rights From Working People And Hand Them To Corporations

Herrell Was A Major Supporter Of “Right-To-Work” Legislation

Herrell: “I Do Support Right To Work. I Think It’s Important For The Economy And State.” “Rep. Yvette Herrell and Rep. Rick Little both support right-to-work and voiced their opinions at the public hearing. ‘I do support right to work, I think it’s important for the economy and state. And it is true, other states like Kentucky have seen an increase in jobs and other gains. I think for Otero County specifically, we still rely on Holloman Air Force Base,’ Herrell said. ‘I think this will help in our economic development for some of the other companies that might want to come and work here. It will be a stronger economy for Otero County and New Mexico as a whole.’ [Alamogordo Daily News, [3/2/18](#)]

VIDEO: Herrell: “I Support Right-To-Work.” VIDEO: “And speaking of business, let’s just set this straight. I support right-to-work. I voted for the bill in House committee, but when we put a minimum wage on it, that is not a good bill. And you don’t use business owners as pawns to get work done in New Mexico.” [Yvette Herrell for Congress via Facebook, posted [2/26/18](#)] (01:06 – 01:24)

Herrell Was Supportive Of Right-To-Work Legislation. “Herrell also discussed education and job creation in New Mexico. She said by the time they get to Santa Fe most bills will already be agreed upon. ‘We can turn New Mexico into a right to work state, we don’t have a huge population of union workers but if it looks good to the company considering New Mexico then I’m all for it. It’s a simple bill, if you don’t want to join the union then you don’t have to. It’s a choice,’ she said.” [Alamogordo Daily News, [9/7/16](#)]

“Right-To-Work” Legislation Would Take Rights Away From Working People And Hand Them To Corporations

According To The AFL-CIO, “Right-To-Work” Legislation Would Take Rights Away From Working People And Hand Them To Corporations. “‘Right to work’ is the name for a policy designed to take away rights from working people. Backers of right to work laws claim that these laws protect workers against being forced to join a union. The reality is that federal law already makes it illegal to force someone to join a union. The real purpose of right to work laws is to tilt the balance toward big corporations and further rig the system at the expense of working families. These laws make it harder for working people to form unions and collectively bargain for better wages, benefits and working conditions.” [aflcio.org, Right to Work, accessed [7/17/18](#)]

Herrell Voted Multiple Times Against Raising The Minimum Wage

Herrell Voted Against Raising The Minimum Wage To \$10.10 In Committee

Herrell Voted Against Raising The Minimum Wage To \$10.10 In Committee. “On a straight party-line vote, a House committee on Monday voted down two bills that would have raised the state minimum wage to \$10.10 an hour. While Democrats on the House Regulatory and Public Affairs Committee said that House Bill 20 and HB 138 would help raise thousands of New Mexicans out of poverty, Republicans said they were afraid the wage increase would hurt businesses. [...] Rep. Yvette Herrell, R-Alamogordo, chairwoman of the committee, noted that \$10.10

an hour would make New Mexico the state with the highest minimum wage.” [New Mexican via the Taos News, [2/2/15](#)]

And ‘I just have a hard time understanding it wouldn’t have an impact on job growth,’ she said.” [Associated Press, 2/3/15]

Herrell Voted Against A Bill That Would Raise The State Minimum Wage In Phases, First To \$8.25 And Then To \$9.00

Herrell Voted Against A Bill That Would Raise The State Minimum Wage In Phases, First To \$8.25 And Then To \$9.00. “Here is a quick summary of the Minimum Wage Bill that just passed the House. SB 386 Synopsis of Bill Senate Floor Substitute for Senate Bill 386 (SB386/SFIS) would raise the statewide minimum wage to \$8.25 on October 1, 2017 and \$9.00 on April 1, 2018. Beginning on October 1, 2017, the bill would exempt trainee employees, providing those employees with an \$8.00 minimum wage for a period of 60 days from the date they are hired. The minimum wage for tipped employees would be increased to \$2.38 on October 1, 2017 and \$2.63 on April 1, 2018.” The bill passed the House 41-27 and was vetoed by the Governor. Tax Cuts And Jobs Act Increased The Federal Debt – And Republicans Planned To Pay For It With Cuts To Medicare And Social Security

After Passing A Tax Bill That Added Trillions To The Deficit, Speaker Ryan Said Medicare And Medicaid Would Need To Be “Reformed” In Order To Decrease The Deficit. “With his dream of tax reform now realized, Ryan is hoping to make progress on two other issues he’s targeted during his two-decade career in Washington: entitlement and welfare reform. ‘We’re going to have to get back next year at entitlement reform, which is how you tackle the debt and the deficit,’ Ryan, a former Budget Committee chairman, said in a recent interview this month on the Ross Kaminsky radio talk show. Medicare and Medicaid are the ‘big drivers of debt,’ Ryan said, suggesting Republicans could once again use the budget reconciliation process to avoid a Democratic filibuster. Medicare is the ‘biggest entitlement that’s got to have reform,’ Ryan added.” [The Hill, [12/27/17](#)]

The risks are considerable. A wide range of economists and nonpartisan analysts have warned that the bill will likely escalate federal debt, intensify pressure to cut spending on social programs and further widen America's troubling income inequality.” [Associated Press, [12/17/17](#)]

Herrell Has Been An Active Supporter Of Balanced Budget Amendments, Which Threaten Social Security And Medicare

Herrell Has Been An Active Supporter Of Balanced Budget Amendments ...

Herrell: “I Look Forward To Representing You In Congress And Fighting For Commonsense Solutions Such As The Balanced Budget Amendment.” “Today, the House of Representatives voted on a Balanced Budget Amendment to the Constitution. While it didn't pass, it was a step in the right direction in the fight to change the corrupt culture in Washington, D.C. I look forward to representing you in Congress and fighting for commonsense solutions such as the Balanced Budget Amendment.” [Yvette Herrell for Congress via Facebook, posted [4/12/18](#)]

Herrell Was A Co-Founder Of The Balanced Budget Amendment Task Force. “The Balanced Budget Amendment Task Force's mission is to assist the 38 states needed to draft and ratify a Balanced Budget Amendment (BBA) to the U.S. Constitution. Herrell Said A Constitutional Balanced Budget Amendment Would Mean “The American People Could Prosper For Generations.” “‘The American people could prosper for generations when enough states join Ohio to propose and ratify a U.S. balanced budget amendment (BBA) that constitutionally stops the unsustainable deficits and pays back the \$17 trillion in debt,’ stated Balanced Budget Amendment Task Force (BBATF) Co-founder Representative Yvette Herrell (NM).” [Indian Banking News, 11/22/13]

... Even Though They Threaten Social Security And Medicare

A Balanced Budget Amendment Would Override All Government Guarantees And Promises Written Into Law – Including Social Security, Medicare, Veterans Benefits, And Military Pensions. “In general, a balanced budget requirement in the U.S. Constitution would override any and all government guarantees and promises written into law: the guarantee to pay interest on the debt; or to pay insurance and guarantee claims for bank deposits, floods, loan defaults, and nuclear accidents; or to pay program benefits for Social Security, Medicare, Medicaid, unemployment benefits, veterans' benefits, or military and civil service pensions; or to pay contractors who have delivered goods or services to the federal government.” [CBPP, [3/16/18](#)]

Under A Balanced Budget Amendment, It Would Be Unconstitutional For Social Security To Use Its Savings – What Workers Already Paid In – To Pay Promised Benefits; Benefits Could Have To Be Cut. “Currently, Social Security holds \$2.9 trillion in Treasury securities. But under the balanced budget amendment, it would essentially be unconstitutional for Social Security to draw down these savings to pay promised benefits. Instead,

benefits could have to be cut, because all federal expenditures would have to be covered by tax revenues collected during that same year.” [CBPP, [3/16/18](#)]

Herrell Took \$X Over

Herrell Took Money From The Payday Lending Industry And Then Voted To Kill Two Bills Capping Interest Rates

2013 – 2015: Herrell Received \$1,100 From The Payday Lending Industry

2013 – 2015: Herrell Received \$1,100 From The Payday Lending Industry. “‘Honestly, I don't ever think, ‘There's Mr. So-and-So and his company gave me money,’” said Rep. Yvette Herrell, R-Alamogordo. Herrell chairs the House Regulatory and Public Affairs Committee the body that tabled the two interest-cap bills on a party-line vote. A check of campaign finance records show storefront lending companies and affiliated associations have given \$2,650 since early 2013 to three of the four GOP lawmakers on the House Regulatory and Public Affairs Committee. Rep. Nora Espinoza of Roswell received the most \$1,300 with \$1,100 to Herrell and \$250 to Rep. James Smith of Sandia Park. No contributions went to Wooley, the records show.” [New Mexico In Depth, [2/6/15](#)]

2015: Herrell Voted To Block Two Democratic Bills That Would Have Capped Interest Rates At 36 Percent

Herrell, Chair Of The House Regulatory And Public Affairs Committee, Voted To Block Two Democratic Bills That Would Have Capped Interest Rates At 36 Percent. “Republicans closed ranks Wednesday to block two bills by Democrats that would have capped interest rates on loans at 36 percent a year. Members of the House Regulatory and Public Affairs Committee tabled both measures on 4-3, party-line votes.” [Santa Fe New Mexican, [2/4/15](#); House Standing Committees, 52nd Legislature First Session, published [2/9/15](#)]

Herrell: “I Personally Do Not Think The 36 Percent Cap Is The Right Fix.” “The committee chairwoman, Rep. Yvette Herrell, R-Alamogordo, then took the unusual step of announcing that she was amenable to reviving debate after the storefront loan industry offers a bill of its own to lessen public concerns about predatory lending. ‘I personally do not think the 36 percent cap is the right fix,’ Herrell said after industry members testified that they could not turn a profit on small loans with that limitation.” [Santa Fe New Mexican, [2/4/15](#)]

Herrell Denied That Lobbyist Bought Votes For Bills To Cap Interest Rates, Or In General. “A who's who of lobbyists watched on Wednesday as Republicans on a legislative committee shelved two bills that would cap what storefront lenders can charge people in need of cash for loans. [...] The powerhouse lobbyists were hired by the lending industry that was targeted by the legislation. And their presence Wednesday afternoon offers a glimpse into the mechanics of how the Roundhouse works, the role of lobbyists and the amount of money that sometimes lubricates the legislative process. [...] ‘Honestly, I don't ever think, ‘There's Mr. So-and-So and his company gave me money,’” said Rep. Yvette Herrell, R-Alamogordo. Herrell chairs the House Regulatory and Public Affairs Committee the body that tabled the two interest-cap bills on a party-line vote.” [Farmington Daily Times, 2/6/15]

A Year Before Voting To Block Bill To Cap Interest Rates, Herrell Drafted A Bill To Cap Loans At 25%. “Last year, Alamogordo's very own Yvette Herrell, R-Otero County, drafted HB199, a bill to cap interest rates on title loans at no more than 25 percent. Last week, Ms. Herrell did an about-face and opposed the proposed cap on loans. She teamed up with fellow Republicans to block the legislation in her role as chair of the House Regulatory and Public Affairs Committee just three weeks after attending a Legislative Prayer Breakfast in Alamogordo.” [Las Cruces Sun-News, Josh Grider Op-Ed, 2/12/15]

2015: Herrell Reportedly Said She Wanted To See Legislation Written By The Payday Lending Industry

Herrell Reportedly Said She Wanted To See Legislation Written By The Payday Lending Industry.

“Storefront lending companies and affiliated associations gave nearly \$140,000 to New Mexico public officials and political action committees in 2013 and 2014, according to an analysis of data from the New Mexico Secretary of State's office. [...] So far, bills to cap interest rates have stalled in both House and Senate legislative committees. Rep. Yvette Herrell, the Republican chairwoman of the House Regulatory and Public Affairs committee, which rejected two rate-cap bills, said earlier this month she wanted to see legislation written by the industry.” [New Mexico In Depth, [2/16/15](#)]

The Albuquerque Journal’s Editorial Board Said Herrell’s Failure To Disclose The Income Was “Pretty Egregious” And That Her Response To The Charges Was “Disingenuous At Best”

Albuquerque Journal Editorial Board: Herrell’s Failure To Disclose Income From Her Real Estate Company Was “Pretty Egregious.” EDITORIAL: “It’s not as outrageous as the scam perpetrated on taxpayers by former Democratic state Sen. Phil Griego – who pushed for the sale of a state-owned building, pocketed a \$50,000 real estate commission and is now serving time in prison. But it is nevertheless pretty egregious. The ‘it’ is \$440,000 in rent state Rep. Yvette Herrell’s real estate company has collected from two state agencies since 2013. There’s no prohibition against that, but here’s the problem: Herrell – who is seeking the Republican nomination for the U.S. Congressional seat in southern New Mexico – didn’t disclose that income on ethics disclosure statements during her tenure in the Legislature.” [Albuquerque Journal, Editorial Board, [4/13/18](#)]

[...] State law requires lawmakers who provide 'goods and services in excess of \$5,000' from state agencies report the income annually to the state secretary of state's office. Anyone who 'knowingly and willfully' violates the state's financial disclosure act faces a \$1,000 fine or a year in jail. Albuquerque Journal Editorial Board: Herrell’s Failure To Disclose Income From Her Real Estate Company Was “Pretty Egregious.” EDITORIAL: “It’s not as outrageous as the scam perpetrated on taxpayers by former Democratic state Sen. Phil Griego – who pushed for the sale of a state-owned building, pocketed a \$50,000 real estate commission and is now serving time in prison. But it is nevertheless pretty egregious. The ‘it’ is \$440,000 in rent state Rep. Yvette Herrell’s real estate company has collected from two state agencies since 2013. There’s no prohibition against that, but here’s the problem: Herrell – who is seeking the Republican nomination for the U.S. Congressional seat in southern New Mexico – didn’t disclose that income on ethics disclosure statements during her tenure in the Legislature.” [Albuquerque Journal, Editorial Board, [4/13/18](#)]

[...] His bill would have made public the amount that lobbyists receive as compensation for their lobbying. "On July 3, NBC News reported that Jim Jordan has been credibly accused of covering up widespread sexual abuse at Ohio State University while serving as the assistant wrestling coach. Yvette Herrell accepted a \$2,000 donation from Jordan's campaign AND Jordan personally helped her rake in almost a third of her contributions this quarter, \$33,900, funneled through Jordan's leadership PAC, while he faces calls to resign from both sides of the aisle for covering up sexual abuse. In light of this revelation, Yvette Herrell has a choice: Return this money or keep the big check and be beholden to Congressman Jordan, who covered up sexual abuse at Ohio State." Herrell Wrote An Op-Ed Supporting Nora Espinoza For The State House. “I am writing on behalf of Nora Espinoza who will be running in the General Election in an effort to retain her seat in the New Mexico House of Representatives. During the year, I have had the opportunity to hear Ms. Espinoza speak.” [Ruidoso News, Letter to the Editor, 10/7/08]

Herrell Praised Espinoza’s Character. “Nora Espinoza is an amazing woman. She is passionate about her responsibilities in Santa Fe and stands accountable to all New Mexicans for legislative decisions that effect us on a day to day basis. She sets standards for not only herself, but her peers as well. She has set the bar high, and we can be proud as voters and residents to have Nora representing us. We can feel confident in trusting Nora to truly put our values and concerns first. Her genuine concern for the residents of New Mexico is obvious when one takes a moment to look into what she has accomplished.” [Ruidoso News, Letter to the Editor, 10/7/08]

Nora firmly believes that marriage is between one man and one woman.” [Ruidoso News, Letter to the Editor, 10/7/08]

Center For American Progress: The Balanced-Budget Amendment Threatens Americans’ Health Care, Social Security, and Jobs [Center for American Progress, [4/11/18](#)]

A Balanced Budget Amendment Would Override All Government Guarantees And Promises Written Into Law – Including Social Security, Medicare, Veterans Benefits, And Military Pensions. “In general, a balanced budget requirement in the U.S. Constitution would override any and all government guarantees and promises written into law: the guarantee to pay interest on the debt; or to pay insurance and guarantee claims for bank deposits, floods, loan defaults, and nuclear accidents; or to pay program benefits for Social Security, Medicare, Medicaid, unemployment benefits, veterans’ benefits, or military and civil service pensions; or to pay contractors who have delivered goods or services to the federal government.” [CBPP, [3/16/18](#)]

Under A Balanced Budget Amendment, It Would Be Unconstitutional For Social Security To Use Its Savings – What Workers Already Paid In – To Pay Promised Benefits; Benefits Could Have To Be Cut. “Currently, Social Security holds \$2.9 trillion in Treasury securities. But under the balanced budget amendment, it would essentially be unconstitutional for Social Security to draw down these savings to pay promised benefits. Instead, benefits could have to be cut, because all federal expenditures would have to be covered by tax revenues collected during that same year.” [CBPP, [3/16/18](#)]

State Budgets

Herrell Supported Balancing New Mexico’s Budget By Cutting Education Spending But Not By Raising Taxes

Herrell Supported A Balanced Budget Without Raising Taxes And Backed Cutting Administration Budgets

Herrell: “We Need A Balanced Budget Before We Can Do Anything.” “‘We need a balanced budget before we can do anything,’ said Herrell, 46, who worked as a legislative aide for two years before she defeated 16-year Rep. Gloria Vaughn in last June’s Republican primary election.” [Carlsbad Current-Argus, 1/15/11]

Herrell Called For Greater Transparency On State Government Spending. “Herrell said she believes the state needs to find out where tax dollars are being spent. ‘The recent special session had an increase on taxes for cigarettes, the gross receipts tax and income tax,’ she said. ‘We still have a budget of over \$40 million more than when they got up there. We need to look at the exempt employees. We need to see Richardson’s list that he had gotten rid of.’” [Alamogordo Daily News, 4/17/10]

Herrell Said The Budget Would Be The Biggest Issue For 2011. “Herrell said the budget is the biggest issue facing legislators in 2011. ‘We had a \$200 million shortfall last year,’ she said. ‘It’s going to be bigger than that this year. We will not have the one-time stimulus money from the federal government. In Santa Fe, it’s going to be a tough job to balance that budget. We’re going to have to do more with less (funding).’” [Alamogordo Daily News, 4/17/10]

Herrell Said They Could Get The Budget Back On Board By Not Raising Taxes And By Setting Aside Their Differences. “Herrell said it must start with state, as well as county and city, governments. ‘We’re going to have to tighten our belts,’ she said. ‘Both governor candidates have said they will not raise taxes to balance the budget. We can make this happen. We really are going to have to sit down, put our differences aside and find out where we can make cuts, get rid of wasteful spending and get our budget back on board.’” [Alamogordo Daily News, 4/17/10]

Herrell Pointed To Exempt Employees As Wasteful Spending Along With Some Administration Budgets. “Herrell said there are certain service programs that New Mexicans need and deserve. ‘I think we’re going to have to take a hard look at things,’ she said. ‘I do believe that we have some wasteful spending that can be cut straight away. The one everyone points to is the exempt employees, of course. I think there is bloating in some of the department administration budgets. I think we can do a better job of utilizing the funds that are already available.’” [Alamogordo Daily News, 4/17/10]

Herrell Wanted To Cut Education Spending

Herrell Cited The Expansion Of The Santa Fe Department Of Education As Wasteful Spending. “Herrell said she wants to look at the Santa Fe Department of Education. ‘When Richardson took office, there were 15 board members and 60 employees,’ she said. ‘Today, there are 60 board members and more than 360 employees. We need to start cutting from the top down. We need to stop wasteful spending to keep the programs that are going to get our budget taken care of without getting rid of the programs people are needing right now.’” [Alamogordo Daily News, 4/17/10]

Herrell Said Upper Management In Education Was Bloated And Pointed To New Mexico Having A 54% Dropout Rate. “Herrell said she believes upper management and top administration positions are bloated. ‘It’s kind of embarrassing when we have a state dropout rate of 54 percent,’ she said. ‘It’s second to last in the nation to Nevada. We do need to make some changes within our education system. A recent report from the Rio Grande Foundation stated smaller schools will provide a better education. They also will not cost more to build and maintain per student than the larger schools. I am not a teacher, but there are ways to reform our school system to benefit our children.’” [Alamogordo Daily News, 4/17/10]

Herrell Opposed Increasing Taxes To Close The Deficit But Considered Closing A Tax Loophole For Out-Of-State Corporations

Herrell Opposed Increasing Taxes That Wholesalers Pay On Alcohol. “House bill 23 is a liquor excise tax distribution to schools sponsored by Rep. Mary Helen Garcia, D-Dist. 34, of Dona Ana County. The bill asks for an increase of the taxes that wholesalers pay on spirituous liquor, wine, microbrewed beer and cider. [...] Rep. Yvette Herrell, R-Dist. 51, of Alamogordo, said she will also keep an eye on the bill. ‘I have a hard time believing our governor will sign it because of the amount of tax increases,’ Herrell said. ‘She (Gov. Martinez) has campaigned for over a year on not increasing taxes. I will not support this bill. I am going to encourage my colleges in caucus to not support it either for a number of reasons.’” [Alamogordo Daily News, 1/15/11]

Herrell Considered Closing A Tax Loophole That Exempted Out-Of-State Corporations From Paying State Taxes. “One area in which she differed from most of her Republican colleagues is the issue of closing the loophole, which allows out-of-state corporations to avoid paying state taxes. While most of the GOP freshmen said they didn’t support the idea for fear of corporations leaving the state, Herrell said she’d consider voting for a bill to close the loophole. ‘Certainly if there are revenues that the state is losing, we need to see what we’re missing out on.’” [Santa Fe New Mexican, [12/25/10](#)]

Herrell Said She Did Not Believe In More Taxes And That Increasing Taxes Would Not Help The Budget. “Herrell said she believes in no more taxes and that includes increasing property taxes. ‘I don’t think the government should increase property taxes,’ she said. ‘It’s bad. We just increased the cigarette tax, food and GRT. We also increased our budget. I don’t think increasing taxes is going to help us.’” [Alamogordo Daily News, 4/17/10]

Herrell Voted To Block Two Democratic Bills That Would Have Capped Interest Rates At 36 Percent

Herrell, Chair Of The House Regulatory And Public Affairs Committee, Voted To Block Two Democratic Bills That Would Have Capped Interest Rates At 36 Percent. “Republicans closed ranks Wednesday to block two bills by Democrats that would have capped interest rates on loans at 36 percent a year. Members of the House Regulatory and Public Affairs Committee tabled both measures on 4-3, party-line votes.” [Santa Fe New Mexican, [2/4/15](#); House Standing Committees, 52nd Legislature First Session, published [2/9/15](#)]

Yvette Herrell, R-Alamogordo, then took the unusual step of announcing that she was amenable to reviving debate after the storefront loan industry offers a bill of its own to lessen public concerns about predatory lending. ‘I personally do not think the 36 percent cap is the right fix,’ Herrell said after industry members testified that they could not turn a profit on small loans with that limitation.” [Santa Fe New Mexican, [2/4/15](#)]

Herrell Denied That Lobbyist Bought Votes For Bills To Cap Interest Rates, Or In General. “A who's who of lobbyists watched on Wednesday as Republicans on a legislative committee shelved two bills that would cap what storefront lenders can charge people in need of cash for loans. [...] The powerhouse lobbyists were hired by the lending industry that was targeted by the legislation. And their presence Wednesday afternoon offers a glimpse into the mechanics of how the Roundhouse works, the role of lobbyists and the amount of money that sometimes lubricates the legislative process. [...] ‘Honestly, I don't ever think, ‘There's Mr. So-and-So and his company gave me money,’ said Rep. Yvette Herrell, R-Alamogordo. A Year Before Voting To Block Bill To Cap Interest Rates, Herrell Drafted A Bill To Cap Loans At 25%. “Last year, Alamogordo's very own Yvette Herrell, R-Otero County, drafted HB199, a bill to cap interest rates on title loans at no more than 25 percent. Herrell Voted Against Raising Penalties For Water Pollution By Oil And Gas Operators. “A proposal to raise the fines - from 1935 levels - for water pollution by oil and gas operators has been rejected again by the Legislature, with opponents complaining it would burden New Mexico's premier industry. It was the second time in recent years there has been an attempt to update penalties that were enacted 78 years ago in the Oil and Gas Act and haven't been increased since then. A much broader bill introduced in 2009 also failed. House Bill 286 went down Wednesday in the House, with 32 members voting in favor of it and 36 against.” The bill failed in the House 32-36. It really can’t be a recognition of marriage if we’re protecting the sanctity of marriage. A same-sex couple has their own right to have their relationship and have the benefits like a married couple, but as far as changing the definition of marriage in the traditional sense, I can’t support that.’” [Alamogordo Daily News, 9/6/13]

Herrell: “This Issue Really Needs To Go Before The State Supreme Court For A Decision.” “She said she believes legislation should be very mindful of individual rights and liberties or religious beliefs of churches. ‘There’s really two different things happening in this whole big picture,’ Herrell said. ‘One is the issue of same-sex marriage and the whole idea of county clerks even being able to issue same-sex marriage licenses because we have a process in place. We have the three branches of government. That’s why we have the Legislature. This issue really needs to go before the state Supreme Court for a decision or for the Supreme Court to revert it back to the state legislative body ... or let it go before the voters. We have a legislative process in place. If the court rules against same-sex marriage, then these marriages would be null and void. Additionally, by responsibly thinning our overgrown forests, we can help decrease the devastation of wildfires. Herrell Supported Legislation Establishing A State Licensing System And Oversight For Pecan Buyers. “Licensure could be New Mexico's latest weapon against the notorious pecan weevil, if legislation is passed to establish a license for pecan buyers that would track where the nuts came from while criminalizing theft. House Bill 214, known as the Pecan Buyers Licensure Act, would create a state licensing and oversight process for in-shell pecan buyers. After Passing A Tax Bill That Added Trillions To The Deficit, Speaker Ryan Said Medicare And Medicaid Would Need To Be "Reformed" In Order To Decrease The Deficit. "With his dream of tax reform now realized, Ryan is hoping to make progress on two other issues he's targeted during his two-decade career in Washington: entitlement and welfare reform. 'We're going to have to get back next year at entitlement reform, which is how you tackle the debt and the deficit,' Ryan, a former Budget Committee chairman, said in a recent interview this month on the Ross Kaminsky radio talk show. Even Though The Republican Tax Scam Benefitted Corporations And Special Interests While Millions Of Americans Would Pay More In Taxes

Tax Cuts And Jobs Act Benefitted The Wealthy, Corporations, And Special Interests...

Washington Post: Final Tax Bill Included A “Significant Tax Break For The Very Wealthy” And “A Massive Tax Cut For Corporations.” “A new tax cut for the rich: The final plan lowers the top tax rate for top earners. Under current law, the highest rate is 39.6 percent for married couples earning over \$470,700. The GOP bill would drop that to 37 percent and raise the threshold at which that top rate kicks in, to \$500,000 for individuals and \$600,000 for married couples. This amounts to a significant tax break for the very wealthy, a departure from repeated claims by Trump and his top officials that the bill would not benefit the rich. If not for the sunset for the tax changes for individuals, we likely would have rated Gillibrand’s statement False or perhaps Mostly False. Herrell Cited Studies Which Predicted The Initiative Would Create Thousands Of New Jobs. “Of course, the largest benefit to Otero County will be measured in economic impact. [Washington Post, [1/24/13](#)]

Herrell Co-Sponsored Legislation Calling For Felony Charges For Abortion In Cases Of Rape Or Incest. “Republican state lawmaker Cathrynn Brown says she's reworking legislation she introduced Wednesday calling for felony charges related to abortion in cases of rape and incest. Her proposal, House Bill 206, created a fire-storm of hate email and phone calls, she said. The bill reads: ‘Tampering with evidence shall include procuring or facilitating an abortion, or compelling or coercing another to obtain an abortion, of a fetus that is the result of criminal sexual penetration or incest with the intent to destroy evidence of the crime.’ [...] Nine House Republicans, all women, signed on as co-sponsors. They are Jane Powdrell-Culbert of Corrales; Dianne Hamilton of Silver City; Anna Crook of Clovis; Sharon Clahchischilliage of Kirtland; Yvette Herrell of Alamogordo.” The bill was never voted on in the New Mexico House. [Carlsbad Current-Argus, 1/24/13; HB 206, 2013 Regular Session, accessed [6/8/18](#)]

The Bill’s Author Later Said Her Bill Was Poorly Written And That Her Intent Was Not To Charge Incest Or Rape Victims With A Felony When They Terminated A Pregnancy. “Brown, a Carlsbad resident and a board member of the Carlsbad Right to Life organization, conceded her bill was poorly written. She said her intent was not to charge incest or rape victims with a felony if they terminate their pregnancy. ‘I missed this one,’ she said, explaining that when she reviewed the draft of her bill, she missed the language problems that led to misinterpretation of her bill.” [Carlsbad Current-Argus, 1/24/13]

Herrell Said She Believed The Bill Was Against A Perpetrator Who Coerced Or Forced A Woman To Have An Abortion. “Herrell said she believed the bill was against the perpetrator and not against the woman. ‘I co-sponsored the bill,’ she said. ‘I had a lot of Alamogordo people tell me that they will run against me and will not have my back. If a woman becomes pregnant through rape or incest and she wants to carry this baby to full term, then that’s fine. There was nothing against the woman. It was only against the perpetrator if the woman was coerced or forced to have an abortion. I just wanted to clear that up.’ ” [Alamogordo Daily News. 3/30/13]

Herrell Said She Was Proud She Co-Sponsored The Bill. “Herrell said she was proud that she co-sponsored the bill. ‘I think that if it's wrong for me to stand up for a Christian House member in something that we believe in to protect the unborn, then I don't want to be a state representative in Santa Fe,’ she said.” [Alamogordo Daily News. 3/30/13]

Herrell Co-Sponsored Legislation That Would Increase State Oversight Of Abortion Providers And Increase Reporting Guidelines

Herrell Co-Sponsored Legislation Increasing State Oversight Of Abortion Providers. “State Rep. Rod Montoya, R-Farmington, made the allegations as he began presenting a bill to increase state oversight of abortion providers. [...] Rep. [Santa Fe New Mexican, [2/5/16](#); House Bill 275, 52nd Legislature 2nd Session, introduced [1/28/16](#)]

The Bill Would Require Cabinet Secretaries Of Three Departments Monitor Abortion Providers, Even Though They Already Answer To State Medical And Nursing Boards. “His bill proposes to assign the Cabinet secretaries of three departments to police abortion providers, even though providers already must answer to state medical and nursing boards. Under the bill, the departments of Health, Human Services, and Children, Youth and Families are to ‘perform random inspections and conduct random staff interviews at each facility in the state that offers elective abortions to determine whether appropriate measures and care are being given to born-alive infants.’ ” [Santa Fe New Mexican, [2/5/16](#)]

The Bill Would Also Require Departments Establish Reporting Guidelines For What The Bill Called “Post-Abortive, Born-Alive Infant.” “His proposal, House Bill 275, also would require the three Cabinet secretaries to establish reporting guidelines for each ‘post-abortive, born-alive infant’ in New Mexico. This would include the number of birth and death certificates for ‘children who were born showing any evidence of life after an abortion procedure.’ ” [Santa Fe New Mexican, [2/5/16](#)]

Yvette Herrell said she believes it’s important to lend her support to the victims of domestic violence, bring awareness to the community, support the 12th District Attorney’s office and law enforcement agencies in their efforts to combat domestic violence in families.” [Alamogordo Daily News, 10/29/11]

Herrell: “I Feel Its Very Important For A Community To Come Out And Show Support For The Victims.” “I feel as a community it’s such an important issue but it’s one of those unspoken issues because it’s usually one of those private situations,’ Herrell said. ‘A lot of people don’t know when it’s happening so it’s very secretive in that the victims and people very close to the victim are the only ones who know it’s happening. It can be very hard for a victim or embarrassing to speak out publicly about it. I feel its very important for a community to come out and show support for the victims, and the people who can offer help to victims.’” [Alamogordo Daily News, 10/29/11]

The Carlsbad Current-Argus Reported Herrell Seemed Unsure Of The Details Of Her Own Bill And Failed To Convince Democrats. “Herrell, who appeared tentative and unsure of the bill’s details, failed to convince any Democrats on a House committee that women’s commission should die.” [Carlsbad Current-Argus, 2/24/11]

Herrell Said She Knew The Bill Had Little Chance. “Herrell said she knew the bill had little chance, as Democrats set up a system by which it would have had to clear three committees to make it to the full House of Representatives. Her bill to kill the commission was HB 528.” [Carlsbad Current-Argus, 2/24/11]

During The Passage Of The Budget, Herrell Proposed An Amendment To Repeal The Commission But Withdrew The Amendment Following Intense Questioning

2011: During The Passage Of The State Budget, Republicans Tried To Amend The Budget. “A marathon debate over the \$5.4 billion state budget ended Wednesday with House Democrats advancing the proposal by a single vote. [...] But because of disagreements about line-item expenditures, Republicans tried to amend sections of the budget.” [Farmington Daily Times, 3/3/11]

Herrell Proposed An Amendment To Eliminate The Commission On The Status Of Women. “Republicans struck out otherwise. Freshman Rep. Yvette Herrell, R-Alamogordo, proposed eliminating \$450,000 in state funding for the New Mexico Commission on the Status of Women. Martinez wants to dissolve the commission, calling it unnecessary.” [Farmington Daily Times, 3/3/11]

Herrell Argued Other Parts Of The Government Duplicated The Commission’s Duties. “Herrell argued that health and employment programs run by the women’s commission duplicate other parts of state government.” [Farmington Daily Times, 3/3/11]

A State Coordinator For The National Organization For Women Said Herrell's Bill Was "Contemptible."
"A dozen women testified that the 37-year-old women's commission was a useful part of state government. They said its programs for girls and displaced homemakers were models of their kind. 'The effort to disappear the commission and gut its budget is contemptible. Give this bill the death it so richly deserves,' said Carla Josephson, a state coordinator of the National Organization for Women." [Alamogordo Daily News, 2/25/11]
