**PROVO, Utah — Dec. 22, 2003** — Novell believes it owns the copyrights in UNIX, and has applied for and received copyright registrations pertaining to UNIX consistent with that position. Novell detailed the basis for its ownership position in correspondence with SCO. Copies of our correspondence, and SCO's reply, are available [here](#). Contrary to SCO's public statements, as demonstrated by this correspondence, SCO has been well aware that Novell continues to assert ownership of the UNIX copyrights.
