The announcement was made during an international press conference that drew over 10 Million viewers.

Google CEO announces Google Adwork. A new public advertising program that will employ as many as 10,000 at home workers and pay \$30,000 - \$75,000 a year.

Today, Google announced Google Adwork. The program will allow thousands of average people to earn \$4000 - \$8000 per month posting Google text ads online. Google hopes the easy income will help stimulate the struggling economy and further establish the Google brand. Signups are available for a limited time so hurry.

I was able to replace my previous job's income, working less than 10 hours a week on my computer at home.

I was not interested in some fly by night get rich quick business opportunity, pyramid scheme or anything to do with network marketing. You know the ones that want you to try to sell stuff to your friends and family members. I just wanted a legitimate honest way for me to earn extra income from home. I am here to spread this word. Hopefully my story can inspire you to try what I discovered. Read on.

How I Got A \$12,000 Check From The Government to Start My \$5,000 a Month Business on Google

Hi, my name is Brad and I started this blog because I want everyone to know how I went from being a struggling waiter to paying off all my debt in a few months simply by spending a couple minutes filling out a few forms online!

The Quick Facts:

In 30 days I was able to get a \$12,000 check from the US Govt which I never have to pay back, and started an easy online Google business which makes me over \$5,000 a month with about 12 hours of work per week. All I had to do was fill out 2 forms online for a free grant kit and a program called google cash.

Step 1: [Free Grant Kit](#) - Costs \$1.99 for shipping

Step 2: [Google Home Business Kit](#) - Costs \$3 for shipping

The rest was easy. I got my grant money within 30 days and was able to pay off all my debt, and the google cash kit helped me start my 8-12 hour a week business that's making me over \$5000 a month in my spare time. Oh yeah, I forgot to mention that I've got a two year old daughter that requires a lot of my attention. If I had more time to devote to this, I'd probably be making so much more.

The Full Story

Note: I hate all those "get rich quick" schemes you see on TV where they tell you that you're going to make thousands on real estate investing or some other crap. Don't fall for that crap, it costs hundreds to get started and is usually a scam. The stuff I did here is all free to get started and took me a long time to research.

A few years ago, I ended up running up a significant amount of credit card debt and didn't really have a good job to pay this off. On top of that, I had my home and car loans to worry about. I didn't have the best job in the world, so I needed to find a way to get some money.

About Me

My name is Brad and this is my blog. I was struggling with credit card debt, bills and other financial obligations to take care of. This is my story of how I was able to get a \$12,000 check from the government in 30 days and start making over \$5,000 per month online with Google.

My Life Now:

Thanks to the advice from my sister, and the 2 forms I filled out, I'm doing great. I have more money than I ever need for household expenses and taking care of my girl and I've saved up a good amount for a rainy day. Anyway, here are the links for the 2 forms I filled out to get started again:

Step 1: [Free Grant Kit](#) - \$1.99 for shipping

Step 2: [Google Home Business Kit](#) - \$3 for shipping

I hope you have as much success with this as I did!
Sincerely,

Brad

I just found your blog and wanted to say congratulations. I've been doing the google business for about a year and it has been great. Just like you said, if you have more time to devote to it, you will make a lot more money for sure. I often kick myself for not having started this sooner.

Best of luck,
Joe A

Just want to leave a comment to say that I tried your advice a few months ago and filled out both of those forms. I ended up getting a huge check from a grant and my google business is up to over \$4,000 a month already. THANK YOU for showing me this... seriously.

Imaging making around \$5,500 to \$8,000 a month from Google, only working Part-Time a few hours a day. Not a ton of money. But, very solid and good. I was able to replace my previous job's income, working less than 10 hours a week on my computer at home.

Hi, my name is Robert Nelson and I live in Washington, District of Columbia. I'm glad you have visited my blog, because now you have the chance to take advantage of this [great program I use](#). Let me back up for a minute. I've always struggled, working my nine to five job. I have kids, and I could barely see them because I was always at work. However, I was never interested in those fly by night "get rich quick" business opportunity, pyramid scheme or network marketing - MLM (you know the ones that want you to try to sell stuff to your friends and family members). I just wanted a legitimate honest way for me to earn extra income from home. I am here to spread this word. Hopefully my story can inspire you to try what I discovered. Read on.

I've been doing this for three months now, and I'm already up over \$3000 a month. I can't believe I got so lucky. I thought I'd have to work a job I hated for the rest of my life, but now I barely work. You guys should pay attention to this. It is completely legitimate and easy.

Robert Nelson
lizab11—Congratulations, that is great! And you are so right. We really are lucky. I can't believe I got this lucky either, but I am so grateful, which is why I want to tell everyone about it. I feel that others should also get to have this chance.

Blake K.
Thanks for the information Robert. I just signed up. I got laid off at work a few weeks ago, so I really needed this. Thanks again, I appreciate it.

kristid.
Yes, thanks Robert. My husband and I have been looking for a way to make extra money to send our son to college. This is just what we have been looking for.

Jakeff
Is this MLM marketing? Do I have to share my profits?

Robert Nelson
Jakeff—This is not MLM. You will get paid for all the links you submit. You don't have to recruit others or share profits.

Jakeff
Great, thanks. I'm going to try it then. I got burned with an MLM scheme, and this sounds legitimate. I'm going to sign up right now.

* The Google Cash Kit mentioned above worked for me and for many other people, but results may vary by person. Also, keep in mind that I got the grant trials for free, but there is a shipping fee and some advertisers have terms regarding continued billing after trial expires if you do not cancel. Some advertisers require trial to be cancelled within seven or fourteen days of the trial period while some other advertisers give you thirty days to cancel the free trial. Please see terms for advertiser regarding the specific amount of days required to cancel your free trial before continued billing begins. The grant kits I recommend usually retail for around seventy dollars. If you enjoy the products, simply do nothing. You will be billed at a discounted price, usually around fifty or sixty dollars at the end of the free trial period. By signing up YOU UNDERSTAND THAT THIS CONSUMER TRANSACTION INVOLVES A NEGATIVE OPTION AND THAT YOU MAY BE LIABLE FOR PAYMENT OF FUTURE GOODS AND SERVICES, UNDER THE TERMS OF THIS AGREEMENT, IF YOU FAIL TO NOTIFY THE SUPPLIER NOT TO SUPPLY THE GOODS OR SERVICES DESCRIBED. Thanks and good luck with using your first application!

T&C: By submitting an order, you automatically receive a 7-day trial to the Internet Home Business Kit. Your 7 day trial begins immediately upon placing your order. Once the customer that is active you have 7 days to decide whether to accept Your Subscription. Prior to the expiration of the 7-day trial period, you may cancel Your subscription by calling toll-free at 1-800-437-4368 or 1-801-878-9020 (international customers please call 1-800-321-2728), or by writing to: 1810 E Sahara Ave, Suite 1-341, Las Vegas, NV 89104. Should you fail to cancel Your Subscription within the 7 day trial, you will be billed \$1.50. Additionally, you will be billed \$59.00 again 7 days from the Trial start date and every month thereafter for Your monthly Subscription unless canceled by You.
