1 that.

2 Q. Do you know whether when a  
3 scraper is used on the database, that scraper  
4 can access the data that's no longer  
5 accessible on the Crime Reports website?

6 A. It can not.

7 Q. So is it fair to say generally  
8 that a scraper can get no more data than the  
9 data that an average citizen like you or me  
10 can get by logging into the Crime Reports  
11 website?

12 A. Right, that's pretty much the  
13 definition of a scraper, so...

14 Q. Have you ever had conversations  
15 with Greg Whisenant about the scraping or  
16 other activities of Reportsee?

17 A. I believe he was involved in at  
18 least some of the conversations. So yes.

19 Q. Do you recall the substance of  
20 any conversations you may have had with him?

21 A. No.

22 (Deposition Exhibit 2 is marked  
23 for identification.)

24 Q. (By Mr. Glikin) I've just handed  
25 you what's been marked as Deposition
