Oberg</p>
--	--

On March 11, 2024, United States Magistrate Judge Daphne A. Oberg issued a Report & Recommendation (R&R, ECF No. 10) recommending that the court dismiss the above-captioned case because Ms. Dahoui has failed to: 1) allege facts supporting subject-matter jurisdiction; 2) “state a claim on which relief may be granted[,]” 28 U.S.C. § 1915(e)(2)(B); and 3) explain what claims are being asserted against which Defendants. Ms. Dahoui had fourteen days to file objections to the R&R. See 28 U.S.C. § 636(b)(1)(C).

More than 14 days have passed, and Ms. Dahoui has not filed objections. The court therefore reviewed the R&R for clear error. See Fed. R. Civ. P. 72 Advisory Comm. Notes 1983 Addition Subdivision (b). Finding no clear error, the court adopts Judge Oberg’s R&R in its entirety and dismisses this case without prejudice for lack of subject-matter jurisdiction.

ORDER

The court ADOPTS the R&R (ECF No. 10) and DISMISSES this case without prejudice.

DATED this 27th day of March, 2024.

BY THE COURT:

Tena Campbell
