Subject: Continuations/RCEs - 2nd & subsequent

In regard to the proposed continuation limitation rules, Joe Rolla has asked me to look into the impact of this examiners. For example, we know TC1600 gets the most refiles and would therefore receive the biggest reduction in continuation/RCEs. Actual impact on examiners is yet to be determined.

As a start, I'm looking for some data on how many 2nd & subsequent Continuations/RCEs filed by TC. Not sure if one of you may have already gotten this data for Joe.

Depending on what that shows, may need to go to lower levels.

Thanks for any input or guidance you may have. - Bruce

Subject: Refiles by TC - FY98-FY04 FINAL.xls

Bruce:

We agreed on the 355,527 UPR number herein.

I am not sure if Karen finalized the TC numbers, but I did give these numbers to John.

Karen??

Thanks!!
