Subject: I/P Engine v. Google

Counsel:

As discussed in our meet and confer yesterday, Google maintains that its custodial emails are not relevant. Google already produced technical documents and made the source code available for your inspection in compliance with the Court's Order. In any event, in order to work with Plaintiff in good faith to avoid unnecessary disputes, Google will do a targeted production of email. Google is in the process of identifying custodians and search terms. We will provide additional information later this week regarding the timing of the production.

Regards,
Meg
