

January 10th, 2012

U.S. District Judge John A. Gibney
Eastern Court of Virginia

Dear Judge Gibney:

This morning we have learned that you will be deciding the fate of the Republican primary candidates who have been disqualified to appear on the Virginia ballot on March 6th.

We would ask that you also consider the voters whose equal right to vote has been infringed upon by the State of Virginia. We believe this to be another example of government infringement on the rights of the people as intended by the Constitution. of the United States. To give this control to the State tells us as citizens." Your vote doesn't matter."

Thank you so much for considering our concerns.

Sincerely,

Charles and Sandra Lilly
