FILED IN THE
U.S. DISTRICT COURT
EASTERN DISTRICT OF WASHINGTON

MAR 14 2006

JAMES R. LARSEN, CLERK
DEPUTY
RICHLAND, WASHINGTON

IN THE UNITED STATES DISTRICT COURT FOR THE EASTERN
DISTRICT OF WASHINGTON AT RICHLAND

James S. Gordon, Jr., Plaintiff,

vs.

Impulse Marketing Group, Inc.,
Defendant

Impulse Marketing Group, Inc.,
Third-Party Plaintiff,

v.

Robert L. Pritchett, Third-Party
Defendant

Case No.: CV-04-5125-FVS

AFFIDAVIT OF THIRD-PARTY
DEFENDANT, ROBERT L.
PRITCHETT IN SUPPORT OF
ANSWER AND
COUNTERCLAIMS

TO: Clerk of the Court

AND TO: Floyd E. Ivey, Attorney for Third-Party Plaintiff

AND TO: Peter J. Glantz and Sean A. Moynihan

1 Robert L. Pritchett declares as follows:

- 2
- 3 1) I, Robert L. Pritchett, am a named third party defendant in the
- 4 above captioned lawsuit. I am over the age of 18 and am
- 5 otherwise competent to testify.
- 6 2) Mr. Douglas McKinley's, (Plaintiff's attorney) Rule 26
- 7 disclosure dated 8/9/04 in Docket # CV-04-5003-AAM, states, in
- 8 part, "Plaintiffs believe that the following individuals are likely
- 9 to have discoverable information relevant to disputed facts
- 10 alleged in the pleadings". My name is one of the named
- 11 individuals. Impulse sued a Richland police officer because his
- 12 name was also on this list. If I, in fact, have discoverable
- 13 information, Impulse has yet to attempt to discover it.
- 14 3) The Whois lookup process is a means for individuals or
- 15 organizations to identify ownership of registered Internet
- 16 domains. My Whois data for my domain references the fact that
- 17 I am a Washington resident. **Exhibit #1**
- 18 4) Mr. Kenneth Adamson of Impulse on October 21, 2003 wrote to
- 19 Commonwealth Marketing Group, Inc. of Uniontown, PA
- 20 informing it that "this recipient is in a file of blocked and/or
- 21 suppressed recipients and will not receive mail from any of our
- 22 marketing partners". On or before that date in 2003, Impulse
- 23 knew Plaintiff (and I) did not want its email ads. **Exhibits #2a**
- 24 **and 2b**
- 25 5) Memo dated May 17, 2004 to Mr. Ken Adamson of Impulse does
- not show a subscriber profile for me. In **Exhibit #3.**

1 on email. Spamhaus refers to Impulse as one of the 200 worst
2 spammers on earth as it occupies a spot on a list referred to as
3 the Registry of Known Spam Operations or (ROKSO).

4 Spamhaus also cites Impulse's record of criminal violations –
5 thus the “spam gang” reference – **Exhibits #4a and 4b**

6 7) Plaintiff has taught me a process for analyzing email, I will use
7 his process and tool for my analysis. **Exhibit #5.**

8 8) Impulse has developed a means to buy/sell personal profiles,
9 which allows it (and its agents, if any) to perpetually renew its
10 right to spam an individual. Impulse does this, in part, via a)
11 using large numbers of “throwaway” domains – this is
12 necessary as domains will, have, and are being shut down for
13 spamming b) employing agents ostensibly overseas, which
14 complicates civil suits and gives it more bites at the proverbial
15 spam apple c) refusing to honor opt-out requests d) employing
16 hundreds/thousands of aliases in a shell game (where is the
17 spammer) and more.

18 9) Impulse needs to enmesh its identity with its so-called
19 marketing partners to enjoy the benefits of perpetual
20 spamming and the financial windfall that ensues. However, it
21 will distance itself from these marketing partners by employing
22 a tactic of “plausible deniability” when it comes to violations of
23 laws. The document “Defendant and third party plaintiff's
24 memorandum of law in opposition to third party defendants
25 motion to dismiss” – Complaint # CV-04-5125-FVS – contains
the following text strings or excerpts, which tend to enmesh or

1 meld the identities of Impulse and its marketing partners, the
2 web sites, and the alleged harm(s), etc. --- From the
3 Introduction, pages 3-5, "Impulse and/or its marketing
4 partners...from an Impulse-related website...using its
5 websites...submit to Impulse...by submitting their subscriber
6 profile to Impulse...grant Impulse the right...applicable
7 Impulse-related website...significance to Impulse...applicable
8 web site...adversely impacts Impulse...damages
9 Impulse...impacts Impulse's... harm to Impulse...various
10 Impulse-related websites...provide Impulse with
11 false...Impulse and/or its marketing partners...against
12 Impulse...failing to give Impulse...applicable Impulse-related
13 website...Impulse received inaccurate...causing Impulse
14 pecuniary...Impulse and its third party...harm to Impulse.

15 10) Each rendition of Impulse's counterclaims - each cause of action
16 versus me indicates a libelous statement and/or conclusion.

17 I declare under penalty of perjury under the laws of the United States
18 that the foregoing is true and correct.

Jacque Joseph

From: Kenneth Adamson [kadamson@impulsemg.com]
Sent: Tuesday, October 21, 2003 11:01 AM
To: Jacque Joseph
Subject: RE: Opt-in info on James Gordon

Hello Jacque

I got another response this morning from the "fpc-mail" mailing
Ken,

This is the basic data I found on this recipient:

Jim S. Gordon, 1419 Jadwin Avenue, Richland, WA 99352, 509-943-4715,
jim@gordonworks.com

I am sourcing back the site that he signed up on, date/time and IP
address (if available); whether it was an in-house list site or a
partner site, I will get you what we have.

Again to confirm, this recipient is in a file of blocked and/or
suppressed recipients and will not receive mail from any of our
marketing partners.

Thank you so much The information is very helpful. Would you be able to go back as far as you can (archived files) to try and locate any additional information on the gordonworks group e-mail addresses. Anything prior to September 2003 would really be of assistance.

Thank You Very Much
Jacqueline Joseph,

when terminated simply move on to the next ISP already set up and waiting.

ROKSO is a "3 Strikes" register. To be listed in ROKSO a spammer must first be terminated by a minimum of 3 ISPs for AUP violations. IP addresses under the control of ROKSO-listed spammers are automatically and preemptively listed in the Spamhaus Block List (SBL).

For qualified Law Enforcement Agencies Spamhaus provides a special version of this ROKSO database which gives access to records with evidence, logs and information on illegal activities of many of these gangs, too sensitive to publish here.

Spamhaus also publishes a weekly TOP 10 "Worst ROKSO Spammers" chart.

Subject: James You* Qualify for a Platinum Card

MIME-Version: 1.0

Content-Type: multipart/alternative; boundary="MIME_BOUNDARY-15871-0-1062651604"

NOTE: Each page of the [1,823 page] WORD document to Impulse contains an analysis of the email header (the upper portion which is labeled "Analysis") with annotation (highlights) for the respective components of the email. The lower portion of the page is the actual email, labeled "All email Internet Headers".

This document was prepared using EmailTrackerPro by VisualWare. The analyses are highlighted to illustrate areas which indicate obfuscation of the required (accurate) IP address and/or domain name in each received headers, denoted with an "R" followed by a number and colon.

Commercial email headers are held to a higher standard than those of more casual or non-commercial communications. And these non-commercial emails have a higher/truer fidelity to recognized standards for email, e.g. RFC 821/822. Therefore, denotations of the wrong GMT; missing IP addresses; missing domains; mismatched pairing of IP and domain; use of unallocated IP addresses; misleading subject lines; bad return addresses; aliases which misstate the origin of the sender obfuscate the sender's ID and/or location . Traceroutes and other analyses may be conducted on these emails.
