Re: *Waite v. LDS Church, et al.*

*USDC, ED Washington Cause No.: CV-05-399-EFS*

Our File No. 1.12256

Dear Judge Shea:

Please be advised that the parties have agreed that plaintiff's deadline to make any expert neuropsychology disclosure in rebuttal may be extended past the current deadline of April 3, 2007. As you will recall, the Court entered a text order (Doc. No. 68) extending the deadline for defendants' disclosure of their neuropsychological opinions with regard to defense expert Frederick Wise, Ph.D. Dr. Wise's deposition is currently scheduled for Friday, April 13, 2007. The parties represent that an extension of plaintiff's deadline to May 4, 2007 will not impact the trial date or other deadlines in this matter. Thank you.

Yours very truly,

RICHARD C. EYMANN
