Your web site's claim that I "opted in" to your Spam lists is in error. I did not ask to be Spammed, and have forwarded the trash to SpamCop. I have also sent a letter of complaint to the US Federal Bureau of Investigation.

I request that you IMMEDIATELY remove ALL email addresses with the Domain Names: 3i-usa.com and GSHudson.com from your Spam lists and do not make them available to third parties.

We take Internet abuse very seriously, and we will cooperate enthusiastically with both Federal and State authorities to maximize the fines and prison time ordered against the owners, officers, and / or employees of your company.

Sincerely Yours,

I would just like to express my **anger** at having been the recipient of thousands of unwanted emails from your advertising customers over the past months. I **never** subscribed to receive these emails and I don't understand how my **work** email address was given to you.

As part of my job, I must do research on my computer. Somehow, the sites I have visited were sent to you and you must have sold my email address to companies with products that you (or they) felt were related to my "interests" based on internet searches. For example, I researched information on drugs and drug interactions, etc. So what do I now get, numerous emails wanting me to purchase drugs over the internet! Topics that I researched more than 3 or 4 years ago are now being reflected in emails I get, most from business who are advertising with you.

I just want you to be aware that as a result of being bombarded daily with these **nuisance** ads, I will **never** purchase anything from any of these companies even if it means paying 3 times as much for a product to get it from someone else. If I find that I can have legal recourse against you for violating my privacy on my computer now or in the future, I will do so!

Anyway, Gentlemen....Please be kind enough to **DELETE** my "E" mail address from your records **FOREVER IMMEDIATELY**..... not to-day, nor tomorrow, but like yesterday.... Would be better.

This is just a short list on the many received.....Portable DVD players, Child support help, Paint ball service, Count calories no more, re-mail-system @hot...., Lose weight by counting carbs, Singles selector, Get the advantages of a new tennis racquet, House plans of your...., and many others too numerous to list, as it would go on ad infinitum. As well I don't need nor want any of the junk advertised and I do not deal on the internet under any circumstances.

Anyways, Gentlemen....Please be kind enough to **DELETE** my "E" mail address from your records **FOREVER IMMEDIATELY**..... not to-day, nor tomorrow, but like yesterday.... Would be better.

I am annoyed and have reason to be.....Over the last number of weeks, [maybe months] I have been receiving what is considered as JUNK MAIL, SPAM, CRAP and whatever it may be called, by whoever, when ever, where ever, why ever, and finally how ever and I am NOT a happy camper. All that happens is that the JUNK MAIL, SPAM and CRAP received is **DELETED** without ever opening the package. Consequently it is a WASTE OF TIME for who ever sends it as well as myself because I delete this junk mail basically without ever opening it. On the bottom of EVERY piece of JUNK MAIL received is a notation with reference to a number of things.....one which reads **To remove** yourself from this service and stop receiving email message from Adknowledge, go to <http://adknowledge2.com/us/> or go here. The address <http://adknowledge2.com/us/> does not work.....clicking "here" works at least it indicates that it does but does it? I have clicked "here" on all of the SPAM I have received from Adknowledge but continue to receive the your unwanted whatever [you name it and it fits] ..... WHY? When it ever.....will it cease? The question is.....Where did Adknowledge get my "E" mail address [glidot@oanet.com] and why do you continue sending this JUNK?

Now it must have been very easy for you folks to put my name on a hundred E-mail lists, now I want to see if it is just as easy for you to remove my name from every one. I would like it done as soon as possible. This has only been going on for about two weeks, I hate to think it will become.

I am a retiree on a limited income and live in HRA low income housing. I am nearly 75 years old, not only can I not buy, subscribe, or invest in these offers, but I have gotten to the point where I wouldn't take it if it were given away. It would just put me on 25 more mailing lists!

I go through the small type trying to find the "unsubscribe" notice, and while I am doing that two or three more come in.

I inadvertently got onto your E-mailing list and my computer is clogged with offers from dozens of advertisers every day from the 6 a.m. in the morning until late at night. I have already zapped out eight today.

 I don't know how I  
 got on your radar screen  
 but I've been inundated  
 with emails from Attention-

 stoppage! I have "unsub-

 check it to make sure. That  
 an invasive nightmare!  
 No one needs email after  
 email of junk.*
