Put a lightweight StartMeUp2 in your glove box now. Next time your battery is low simply plug it into the cigarette lighter and in 5 minutes you'll have enough juice to get started!

**It's midnight in a desolate parking lot.
Your car's battery is low and it won't start.**

- ? Do you call roadside assistance and wait? No!
- ? Do you ask a complete stranger for help? No!

With the palm-sized StartMeUp2, ***you won't even need to get out of your car.*** In only 5 minutes it recharges your car battery through your cigarette lighter enough to get started. In minutes you're on the road again.
