IMAGED APR 2 2007

Pursuant to 28 U.S.C. § 1407 and the Rules of Procedure on Multidistrict Litigation, plaintiff in the action styled *Christina Troiano, individually and on behalf of all others similarly situated v. Menu Foods, Inc. et. al.*, Case No. 07-60428-CIV-COHN, United States District Court for the Southern District of Florida (“Troiano” or “Movant”), files this Motion and respectfully moves for an Order transferring all related pending actions against Menu Foods, Inc. and its related partners, affiliates and subsidiaries (the “Defendants”), including the actions listed on Schedule of Actions, to the Southern District of Florida.

As set forth below and in the accompanying Memorandum, Troiano believes the actions listed on the accompanying Schedule of Actions, and any future tag-along actions, satisfy the requirements for consolidation and coordination because they concern common questions of fact and law and consolidation or coordination will serve the interests of efficiency and convenience.

In support of this motion, Movants state as follows:

1. Movant is the plaintiff in the following case: *Christina Troiano, individually and on behalf of all others similarly situated v. Menu Foods, Inc. et. al.*, Case No. 07-60428-CIV-COHN which is currently pending in the United States District Court for the Southern District of Florida.
2. Movant is currently aware of six other pending class action cases containing similar factual allegations and seeking similar relief against the Defendants. The cases are listed on the attached Schedule.
3. Accompanying Movant’s Motion is a Rule 7.2(a)(ii) Schedule of Actions listing all related actions of which Movant is aware. True and correct copies of the complaints in Movant’s action and the complaints in each of the related actions are attached to the accompanying Schedule of Actions, filed herewith

4. As described in greater detail in the accompanying Memorandum, the factual allegations in each of the actions contain similar allegations regarding Defendants and their defective and ultimately deadly pet food. Each action contends that from December 3, 2006 up to and including March 6, 2007, and possibly at other times, Defendants entered into the stream of commerce pet food that was defective and, for thousands of household pets, deadly – Defendants’ pet food and pet food products (the “Products”) were contaminated with rat poison or a related agent that contributed to the illness and/or death of thousands of dogs and cats. As a result of the defective Products, each action contends that the Plaintiffs and members of the putative Class suffered damages in that they have incurred substantial veterinary bills, death of pets, and purchased and/or own pet food and pet food products that they would not otherwise have bought had they known such products were defective.

5. Each action further contends that Defendants should have known or know and have admitted that certain of the Products produced by the Defendants between December 3, 2006 and March 6, 2007 are defective and causing injury and death to pets, and on March 16, 2007, initiated a recall of some of the Products.

6. A centralization of all actions in the Southern District of Florida will be for the convenience of parties and witnesses under 28 U.S.C. §1407 and will save Defendants the burden of having to defend virtually identical actions in multiple states. Witnesses will also be spared the possibility of being required to testify in several locales.

7. Because each of these related cases arises from a virtually identical set of operative facts relating to Defendants’ conduct, discovery conducted in each of the actions proposed for consolidation will be substantially similar, and will involve the same or similar documents and witnesses.

8. Absent transfer of all of these cases to a single forum for coordinated and consolidated proceedings, there is a substantial risk of inconsistent and conflicting pretrial rulings on discovery and other key issues, such as class certification. Coordination and consolidation will promote the just and efficient conduct of the actions, because it will allow one court to address Defendants' ongoing conduct.

9. Centralization in the Southern District of Florida will also promote the just and efficient conduct of this litigation under 28 U.S.C. § 1407 as more fully set forth in the attached Memorandum.

10. These actions have all been filed on or after March 19, 2007, and are still in their nascent stages. Movant is not aware of any discovery conducted to date, and know of no initial disclosures that have been made in any of these cases. A transfer of these related cases will result in only one judge supervising discovery and resolving any subsequent motions, including motions for class certification.

11. Since all actions are in the beginning stage of the litigation, no prejudice or inconvenience would result from transfer, coordination and/or consolidation.

12. A comparison of the relative MDL case loads of potential transferee districts demonstrates that the Southern District of Florida is a suitable forum. According to the Distribution of Pending MDL Dockets as of March 26, 2007, there is only one pending MDL proceeding in the Southern District of Florida, and numerous judges who have the experience to handle MDL's (*See* Distribution of Pending MDL Dockets as of March 26, 2007, Ex. A.).

13. For these reasons, and as set forth more fully in the accompanying memorandum, Movant respectfully requests that the Panel enter an Order consolidating and coordinating the actions

identified on the accompanying Schedule together with any related actions subsequently filed or presently unknown to Movant for proceedings in the Southern District of Florida.

Respectfully submitted,

Pursuant to 28 U.S.C. § 1407 and the Rules of Procedure on Multidistrict Litigation, Plaintiff in the action styled *Christina Troiano, individually and on behalf of all others similarly situated v. Menu Foods, Inc. et. al.*, CASE NO. 07-60428-CIV-COHN, United States District Court for the Southern District of Florida. Plaintiff Christina Troiano (“Troiano” or “Movant”), respectfully submits this Memorandum in Support of Florida Plaintiff Christina Troiano’s Motion for Transfer and Coordination or Consolidation. For the reasons set forth below, Movant’s lawsuit and the related lawsuits identified in the accompanying Schedule of Actions should be transferred to and consolidated in the Southern District of Florida.

## I. INTRODUCTION

Troiano brings her class action to remedy the harm caused by the defective and deadly pet food manufactured and placed into the stream of commerce by Menu Foods, Inc. and its affiliates, partners and subsidiaries (collectively, the “Menu Foods Defendants” or “Defendants”). Defendants are the leading North American private label/contract manufacturer of wet pet food products (the “Products”) sold by supermarket retailers, mass merchandisers, pet specialty retailers, and other wholesale and retail outlets, including Wal-Mart, Safeway, Kroger, PetSmart, Inc., Giant Food, and other large retail chains, and has provided pet food products to or for Proctor & Gamble, Inc. Defendants produce hundreds of millions of containers of pet food annually.

Defendants design, manufacture, market, advertise and warrant their pet food Products. In conjunction with each sale, Defendants market, advertise and warrant that the Products are fit for the ordinary purpose for which such goods are used – consumption by pets – and are free from defects. Defendants produce the pet food Products intending that consumers will purchase the pet food products, regardless of brand or label name, place of purchase, or the location where pets actually consume them. The pet food Products are placed in the stream of commerce and distributed and

offered for sale and sold to Troiano and purchasers in Florida and the United States and fed to their pets.

From December 3, 2006 up to and including March 6, 2007, and possibly at other times, Defendants entered into the stream of commerce pet food Products that were deadly and defective – Defendants' pet food and pet food Products were potentially contaminated with rat poison or some other agent that contributed to the illness and/or death of thousands of dogs and cats. As a result of the defective Products, Troiano and members of the putative Class have suffered damages in that they have incurred substantial veterinary bills, death of pets, and purchased and/or own pet food and pet food products that they would not otherwise have bought had they known such products were defective.

Defendants know and have admitted that certain of the Products produced by the Defendants between December 3, 2006 and March 6, 2007 are defective and causing injury and death to pets, and on March 16, 2007, initiated a nationwide recall of some of the Products. Further, the Food and Drug Administration has reported that as many as one in six animals died in tests of the Products by Defendants last month after the Defendants received complaints the Products were poisoning pets around the country. A spokeswoman for the New York State Department of Agriculture and Markets has said that rodent poison was determined to have been mixed into the Products.

## **II. HISTORY OF THE PENDING LAWSUITS**

The related actions, identified in the accompanying Schedule of Actions present common questions of law and fact, common defendants, and are brought on behalf of overlapping classes (*i.e.*, all persons and entities who suffered damages due to Defendants' defective pet food and pet food Products). Transfer and consolidation of all existing actions, and all subsequently filed related cases, to the Southern District of Florida will best serve the convenience of the parties and witnesses

and promote the just and efficient conduct of the litigation. Each related action is briefly discussed below.

On or about March 19, 2007, Tom Whaley, individually and on behalf of others similarly situated, filed the class action styled *Whaley v. Menu Foods, Inc., et. al.*, Case No. 2:07-cv-00411, in the United States District Court for the Western District of Washington (the "*Whaley Action*"). This complaint seeks damages and equitable relief for breach of contract, unjust enrichment, deceptive and unfair business practices, breach of warranties and negligent misrepresentation on behalf of a class of all persons who purchased any dog or cat food which was produced by the Defendants and/or has had a dog or cat become ill as a result of eating the food.

Also on March 19, 2007, Lizajean Holt, individually and on behalf of others similarly situated, filed the class action styled *Holt v. Menu Foods, Inc.*, Case No. 3:07-cv-00094, in the United States District Court for the Eastern District of Tennessee (the "*Holt Action*"). This complaint likewise seeks damages and equitable relief for deceptive and unfair business practices, breach of warranties and negligence on behalf of a class of all persons in the United States who purchased or fed his, her, or their cat(s) or dog(s) pet food produced or manufactured by Defendants that was or will be recalled by the Defendants, including that produced fro December 3, 2006 up to and including March 6, 2007.

On or about March 20, 2007, Dawn Majerczyk, individually and on behalf of others similarly situated, filed the class action styled *Majerczyk v. Menu Foods, Inc.*, Case No. 1:07-cv-01543, in the United States District Court for the Northern District of Illinois (the "*Majerczyk Action*"). This complaint seeks damages and injunctive relief for breach of warranties and negligence on behalf of a class of herself and all others who purchased pet food in the United States that was ultimately subject to the March 16, 2007 Menu Foods recall.

On or about March 21, 2007, Charley Ray Sims and Pamela Sims, on behalf of themselves and all others similarly situated, filed the class action styled *Sims, et. al. v. Menu Foods Income Fund, et. al.*, Case No. 5:07-cv-05053, in the District Court for the Western District of Arkansas (the "Sims Action"). This complaint seeks damages for strict liability, fraud, breach of express and implied warranties and negligence on behalf of a class of (1) all persons or entities who purchased Menu Food brands at any time and disposed of or will not use the products based on publicity surrounding the safety and recall of the products; (2) all persons or entities who purchased Menu Foods products and fed products to their pets on or since December 6, 2006; and (3) all persons or entities who purchased Menu Food products from wholesale distributors on or since December 6, 2006.

On or about March 23, 2007, Jared Workman, and Mark and Mona Cohen, on behalf of themselves and all others similarly situated, filed the class action styled *Workman, et. al. v. Menu Foods Limited, et. al.*, Case No. 1:07-cv-01338, in the District Court for the District of New Jersey (the "Workman Action"). This complaint seeks damages for breach of express and implied warranties and negligence on behalf of a class of all persons in the United States who purchased any of the pet food brands manufactured by Defendants during the period commencing December 3, 2006, and ending March 6, 2007.

Also on March 23, 2007, Richard and Barbara Widen, and Mark and Mona Cohen, on behalf of themselves and all others similarly situated, filed the class action styled *Widen, et. al. v. Menu Foods, et. al.*, Case No. 5:07-cv-05055, in the District Court for the Western District of Arkansas (the "Widen Action"). This complaint seeks damages for strict liability and negligence on behalf of a class of all persons in the United States who purchased contaminated pet food from Wal-Mart that was produced by Menu Foods.

On March 26, 2007, Troiano, individually, and on behalf of all others similarly situated, filed her Complaint against Defendants alleging claims for negligence, breach of warranties, strict liability, and unjust enrichment.

### III. ARGUMENT

In view of the facts outlined above, and the jurisprudence regarding multidistrict litigation set forth below, these cases should be centralized in the United States District Court for the Southern District of Florida. Transfer and consolidation is essential to permit the efficient and non-duplicative handling of these cases and the Southern District of Florida is the most appropriate venue for this multidistrict litigation.

#### A. The Similarity of These Class Actions Warrants Coordination and Consolidation

28 U.S.C. § 1407(a) authorizes the transfer of multiple civil actions pending in various federal districts to a single federal district court when the actions involve “one or more common questions of fact . . . .” Moreover, transfer is necessary “in order to eliminate duplicative discovery; prevent inconsistent rulings on pretrial motions, including those with respect to whether the actions should proceed as [class actions] . . . .” *In re Starmed Health Personnel, Inc. Fair Labor Standards Act Litig.*, 317 F. Supp. 2d 1380, 1381 (J.P.M.L. 2004); *see also In re Comp. of Managerial Prof'l and Tech. Employees Antitrust Litig.*, 206 F. Supp. 2d 1374, 1375 (J.P.M.L. 2002) (noting that centralization is “necessary in order to... prevent inconsistent pretrial rulings (especially with regard to class certification issues”)).

The requirements for transfer under section 1407 are easily satisfied here. As discussed above, each of these pending cases (i) purport to represent a large class of individuals and/or entities who were damaged by defective and deadly pet food marketed, manufactured and/or distributed by the Defendants, (ii) assert the same or similar claims against the Defendants, and (iii) seek to recover

losses based upon those damages caused by the Defendants. To separately litigate each pending case (and subsequently filed related cases) would waste resources and present the danger of inconsistent pretrial rulings. Consolidation of these cases is particularly critical because these related actions seek class action status on behalf of the same class or overlapping classes and, as a result, there is a significant potential for conflicting or inconsistent rulings on class certification issues. Accordingly, centralization and consolidation pursuant to 28 U.S.C. § 1407 is warranted.

The consolidation and transfer of these cases would further promote the efficient adjudication of these actions. As the class actions alleged in these related cases are similar if not identical, the discovery needed in each of these pending cases will unquestionably be duplicative. To have the parties engaged in duplicative discovery in multiple complex class actions would be singularly inefficient and an unnecessary burden on the judicial system and the parties. These factors again all weigh heavily in favor of consolidating and coordinating these cases.

**B. The Southern District of Florida Is the Proper Forum for These Coordinated Proceedings**

Numerous factors may be considered by the Panel in determining the most appropriate transferee forum, including “convenience of the parties and witnesses.” *See In re Computervision Corp. Sec. Litig.*, 814 F. Supp. 85, 86 (J.P.M.L. 1993). Here, the balance of relevant factors weighs strongly in favor of transferring these actions to the Southern District of Florida due to its convenient location, large concentration of putative class members, experience in handling MDL proceedings, and lack of pending MDL cases.

**1. The Southern District of Florida Is as Appropriate as Any Other Forum for the Parties and Witnesses**

The convenience of the parties and witnesses is a critical factor in determining to which district related actions should be transferred. *See* 28 U.S.C. § 1407(a) (related actions may be transferred to a district for coordinated proceedings upon a determination that the transfer “will be

for the convenience of parties and witnesses and will promote the just and efficient conduct of such actions"). In deciding whether a particular forum is convenient, the Panel examines factors such as: where the first filed and most advanced cases are pending; the location of the parties, documents and potential witnesses relative to that district; and the location where the majority of actions have been brought. *See In re Baldwin-United Corp. Litig.*, 581 F. Supp. 739, 740 (J.P.M.L. 1984).

The Defendants in the multiple class actions are a Canadian business entity and its United States subsidiaries and/or affiliates, as well as certain other Defendant-distributors of the defective products. Each of these entities is headquartered and/or incorporated in different jurisdictions, including Canada, New Jersey, and Delaware. Of the seven lawsuits currently pending, one is pending in the Western District of Washington, one is pending in the Eastern District of Tennessee, one is pending in the Northern District of Illinois, two are pending in the Western District of Arkansas, one is pending in the District Court for the District of New Jersey, and one is pending in the Southern District of Florida. Further, upon information and belief, Defendants conduct business, and potentially have caused damages to purported class members, in all fifty states. Thus, there is no central forum that would be more convenient over any others in terms of the locations of parties, documents, and potential witnesses.

**2. The Accessibility of the Southern District of Florida Warrants Transfer**

While there will be a large number of class members residing in Florida, Troiano anticipates that parties to this litigation will come from all across the country and not one centralized region. Those parties residing outside of Florida will find the courthouses in the Southern District of Florida convenient and accessible by all forms of transportation. The multiple federal courthouses in the Southern District of Florida – in, among other place, Miami, Fort Lauderdale and West Palm Beach – are all in very close proximity to airports that have direct flights on many airlines to

numerous cities across the United States. Traveling from the airport to the courthouse is also simple due to the varieties of ground transportation available. *See In re Comp. of Managerial, Prof'l and Tech. Employees Antitrust Litig.*, 206 F. Supp. 2d at 1375 (transferring cases to the District of New Jersey and noting that the District of New Jersey is an "accessible" metropolitan location that is geographically convenient for litigants and counsel). On balance, the accessibility factor favors transfer of the related actions in the Southern District of Florida.

**3. The Southern District of Florida Has the Capacity and Expertise to Handle these Related Cases**

A comparison of the relative MDL case loads of potential transferee districts demonstrates that the Southern District of Florida is a highly suitable forum. The judges of the Southern District of Florida have vast experience in Multidistrict litigation, having brought to termination a total of 24 cases through September 30, 2006.<sup>1</sup> Yet, as of March 26, 2007, the Southern District of Florida only had only one pending MDL proceeding, which is nearly in an inactive stage. Thus, while the Southern District of Florida is well versed in the nuances of Multidistrict litigation, the Southern District would not be overburdened with similar cases if these actions were transferred there.

**C. No Party Is Prejudiced by the Transfer and Consolidation of These Lawsuits**

Each of the related lawsuits is in its infancy. To Movant's knowledge, no party has served discovery, filed disclosures or engaged in substantive motion practice regarding these lawsuits. Because these related cases are all in their early stages, no party will be prejudiced by the transfer to the Southern District of Florida. Furthermore, since no discovery has occurred, an Order transferring

these cases to the Southern District of Florida can truly eliminate the expenses associated with the duplicative discovery that would otherwise occur in District Courts across the country.

#### IV. CONCLUSION

For the reasons discussed above, the Plaintiff respectfully request that the related actions identified on the accompanying Schedule of Actions, and any tag-along actions, be transferred to and consolidated in the Southern District of Florida. Accordingly, the Plaintiff respectfully request that this Panel enter an Order transferring the related actions, and any future related actions, to the Southern District of Florida.

I, James L. Davidson, hereby declare as follows:

I am employed by Lerach Coughlin Stoia Geller Rudman & Robbins LLP, 120 E. Palmetto Park Road, Suite 500, Boca Raton, Florida 33432. I am over the age of eighteen years and not a party to this action. On March 28, 2007, I served the following documents:

CLASS ACTION COMPLAINT

Plaintiff Christina Troiano ("Plaintiff"), individually and on behalf of all others similarly situated, files this Class Action Complaint against Defendants Menu Foods, Inc., a New Jersey Corporation and Menu Foods Income Fund, a foreign corporation (collectively "Defendants") and alleges as follows:

**I. INTRODUCTION**

1. This is a class action lawsuit brought on behalf of Plaintiff and others similarly situated who purchased pet food and pet food products produced, manufactured and/or distributed by Defendants that caused injury, illness, and/or death to Plaintiff's household pets.

2. Defendants are the leading North American private label/contract manufacturer of wet pet food products sold by supermarket retailers, mass merchandisers, pet specialty retailers, and other wholesale and retail outlets, including Wal-Mart, Safeway, Kroger, PetSmart, Inc., Giant Food, and other large retail chains, and has provided pet food products to or for Proctor & Gamble, Inc. Defendants produce hundreds of millions of containers of pet food annually.

B-166

3. Defendants designed, manufactured, marketed, advertised and warranted their pet food products. In conjunction with each sale, Defendants marketed, advertised and warranted that the Products were fit for the ordinary purpose for which such goods were used – consumption by household pets – and were free from defects. Defendants produce the pet food products intending that consumers will purchase the pet food products, regardless of brand or label name, place of purchase, or the location where pets actually consume them. The pet food products were intended to be placed in the stream of commerce and distributed and offered for sale and sold to Plaintiff and purchasers in Florida and the United States and fed to their pets.

4. Plaintiff brings this action, pursuant to Rule 23 of the Federal Rules of Civil Procedure, on her own behalf and as a representative of a class of persons consisting of all persons in the United States who purchased, or incurred damages by using pet food produced manufactured and/or distributed by Defendants that was or will be recalled by the Defendants, including that produced from December 3, 2006 up to and including March 6, 2007. The pet food products referenced in this paragraph will hereinafter be referred to as the “Products.”

5. As a result of the defective Products, Plaintiff and members of the Class have suffered damages in that they have incurred substantial veterinary bills, death of pets, and purchased and/or own pet food and pet food products that they would not otherwise have bought had they known such products were defective.

6. Defendants know and have admitted that certain of the Products produced by the Defendants between December 3, 2006 and March 6, 2007 are defective and causing injury and death to household pets, and on March 16, 2007, initiated a recall of some of the Products. Further, the Food and Drug Administration has reported that as many as one in six animals died in tests of the Products by Defendants last month after the Defendants received complaints the products were

poisoning pets around the country. A spokeswoman for the New York State Department of Agriculture and Markets has said that rodent poison was determined to have been mixed into the Products by Defendants.

## II. PARTIES

7. Plaintiff is a resident of Broward County, Florida who, in early March of 2007, purchased Iams Select Bytes Cat Food from a Publix grocery store in Deerfield Beach, Florida. The Iams Select Bytes Cat Food purchased by Plaintiff is a part of the group of Products that were produced, manufactured and/or distributed by Defendants.

8. Defendant Menu Foods, Inc. is a New Jersey corporation with its principal place of business in the State of New Jersey, specifically located at 9130 Griffith Morgan Lane, Pennsauken NJ 08110.

9. Defendant Menu Foods, Inc. is ultimately owned or controlled by Defendant Menu Foods Income Fund, an unincorporated company with its principal place of business in the Province of Ontario, Canada. Some of Defendant Menu Foods, Inc.'s high managerial officers or agents with substantial authority are also high managerial officers or agents of Defendant Menu Foods Income Fund.

10. Plaintiff, individually and as representative of a Class of similarly situated persons more defined below, brings suit against the named Defendants for offering for sale and selling to Plaintiff and members of the Class the Products in a defective condition and thereby causing damages to Plaintiff and members of the Class.

### **III. JURISDICTION AND VENUE**

11. This Court has jurisdiction over this action pursuant to 28 U.S.C. §1332 and subsection (d), and the Class Action Fairness Act of 2005, Pub. L. 109-2 (Feb. 18, 2005); and over supplemental state law claims pursuant to 28 U.S.C. §1367.

12. Venue is proper in this Court and judicial district pursuant to 28 U.S.C. §1391 and/or Pub. L. 109-2 because a substantial part of the events or omissions giving rise to the claim occurred in this judicial district. In this judicial district, Plaintiff purchased the recalled pet food products made by Defendants, and her household pets ate and consumed the Products. Thousands of other consumers – including other members of the Class – purchased the Products in this judicial district from retailers that Defendants, their agents, affiliates, or others controlled or were in privity with. In turn, retailers or others sold the Products to the general public, including Plaintiff, and members of the Class. The Products were purchased for consumption by the pets of Plaintiff and the other members of the Class. Defendants made or caused these products to be offered for sale and sold to the public, including Plaintiff.

### Factual Allegations Related to Plaintiff

17. In early March, 2007, Plaintiff purchased Iams Select Bytes Cat Food pet food from a national chain grocery store, Publix, operating in Deerfield Beach, Florida.

18. Over the course of the next few weeks, Plaintiff fed the cat food to her two cats, Angel and Piescat. Towards the end of that period, Plaintiff began noticing that her cats were not eating much of the Defendants' product, and that the cats were leaving large pools of urine in their litter box with little or no bowel movements.

19. On or about March 16, 2007, Defendants announced a recall of approximately 42 brands of "cuts and gravy style dog food, all produced by the Defendants between December 3, 2006 and March 6, 2007." Defendants had initially received complaints from consumers as far back as February 20, 2007 indicating that certain of Defendants' pet food was causing kidney failure and death in dogs and cats. Unfortunately, Plaintiff and the Class were not made aware of this recall for several more days.

20. On March 20, 2007, following another few days of unusual behavior from her cats, Plaintiff took her cats to the veterinarian. The veterinarian advised Plaintiff that both of her cats were suffering from kidney failure directly and proximately caused by the cat food. One of the Plaintiff's cats, Angel, died shortly thereafter, while the other cat, Piescat, remains at a veterinary hospital receiving treatment.

21. Thereafter, Plaintiff learned about the recall and the potential problems that could occur from feeding the Products to her pets. Prior to the recall, Defendants never warned Plaintiff or any other member of the Class that the Products would cause their pets to have health problems. As referenced above, Defendants knew about the risks of injury or death at least one month prior to the time that Plaintiff fed the Products to her cat.

22. As a result of their purchases of the Products, as set forth above, Plaintiff and other members of the Class have suffered and will suffer damages, including consequential and incidental damages, such as the loss and disability of their household pets, costs of purchasing the Products and replacing it with a safe product, including sales tax or a similar tax, costs of making an additional trip to a retail store to purchase safe, non-contaminated pet food, the price of postage to secure a refund offered by Defendants, the cost of veterinarians, treatment, medicines and the trip(s) to make such visits for diagnosis and treatment, and otherwise.

V. CLASS ACTION ALLEGATIONS

23. Plaintiff brings this action on her own behalf and as a Class action pursuant to Rule 23(b)(2) of the Federal Rules of Civil Procedure on behalf of the following proposed class:

All persons in the United States who purchased, or incurred damages by using, pet food produced or manufactured by Defendants that was or will be recalled by the Defendants, including that produced from December 3, 2006 up to and including March 6, 2007.

Upon completion of discovery with respect to the scope of the Class, Plaintiff reserves the right to amend the class definition. Excluded from the Class are Defendants, their parents, subsidiaries and affiliates, directors and officers, and members of their immediate families. Also excluded from the Class are the court, the Court's spouse, all persons within the third degree of relationship to the Court and its spouse, and the spouses of all such persons.<sup>1</sup>

24. Numerosity: The members of the Class are so numerous and geographically diverse that joinder of all of them is impracticable. While the exact number and identities of members of the Class are unknown to Plaintiff at this time and can only be ascertained through appropriate

---

<sup>1</sup> See Canon 3.C(3)(a) of the Code of Conduct for United States Judges.

discovery, Plaintiffs believe and therefore aver that there are thousands of Class members throughout the United States.

25. Commonality: There are questions of fact and law common to members of the Class that predominate over any questions affecting any individual members including, *inter alia*, the following:

- (a) Whether Defendants sold pet food and pet food products that were recalled or subject to a recall.
- (b) Whether Defendants advertised, represented, or held itself out as producing or manufacturing a pet food product that was safe for pets of the class members.
- (c) Whether Defendants expressly warranted these products.
- (d) Whether Defendants purported to disclaim any express warranty.
- (e) Whether Defendants purported to disclaim any implied warranty.
- (f) Whether any limitation on warranty fails to meet its essential purpose.
- (g) Whether Defendants intended that the Products be purchased by Plaintiff, Class members, or others.
- (h) Whether Defendants intended or foresaw that Plaintiff, class members, or others would feed the Products to their pets.
- (i) Whether Defendants recalled the pet food products.
- (j) Whether Defendants was negligent in manufacturing or processing the Products.
- (k) Whether using the Products as intended - to feed their pets - resulted in loss, injury, damage, or damages to the Class.
- (l) Whether Defendants' negligence proximately caused loss or injury to damages.

- (m) Whether Class members suffered direct losses or damages,
- (n) Whether Class members suffered indirect losses or damages.
- (o) Whether Defendants' acts or practices violated the Florida Deceptive and Unfair Trade Practices Acts.

26. Typicality: Plaintiff's claims are typical of the claims of the other members of the Class in that all such claims arise out of Defendants' conduct in manufacturing, producing and entering into the stream of commerce defective pet food and pet food products, Defendants' conduct surrounding the recall of its product, and Plaintiff's and Class Members' purchase and use of Defendants' products. Plaintiff and the other members of the Class seek identical remedies under identical legal theories, and there is no antagonism or material factual variation between Plaintiff's claims and those of the Class.

27. Adequacy: Plaintiff will fairly and adequately protect the interests of the Class. Plaintiff's claims are coextensive with, and not antagonistic to, the claims of the other members of the Class. Plaintiff is willing and able to vigorously prosecute this action on behalf of the Class, and Plaintiff has retained competent counsel experienced in litigation of this nature.

28. Plaintiff brings this action under Rule 23(b)(3) because common questions of law and fact (identified in paragraph 25 above) predominate over questions of law and fact affecting individual members of the Class. Indeed, the predominant issue in this action is whether Defendants' pet food and pet food products are defective and have caused damages to Plaintiff and the members of the Class. In addition, the expense of litigating each Class member's claim individually would be so cost prohibitive as to deny Class members a viable remedy. Certification under Rule 23(b)(3) is appropriate because a class action is superior to the other available methods

for the fair and efficient adjudication of this action, and Plaintiff envisions no unusual difficulty in the management of this action as a class action.

29. The undersigned counsel for Plaintiff and the Class request that the Court appoint them to serve as class counsel first on an interim basis and then on a permanent basis. Undersigned counsel will fairly and adequately represent the interests of the class, have identified or investigated the Class's potential claims, are experienced in handling class actions, other complex litigation, and consumer claims of the type asserted in the action, know the applicable law, will commit sufficient resources to represent the class, and are best able to represent the Class.

30. Plaintiff requests this Court to certify this Class in accordance with Rule 23 and the Class Action Fairness Act of 2005.

#### **Breach of Implied Warranty**

31. Plaintiff hereby adopts and incorporates by reference paragraphs 1-30 as if more fully set forth herein.

32. Defendants manufactured, marketed, sold and distributed the Products.

33. At the time that Defendants marketed, sold, and distributed the Products, Defendants knew of the purpose for which the Products were intended and impliedly warranted that the Products were of merchantable quality and safe and fit for such use.

Additionally, Defendants breached their duty of care to Plaintiff by failing to use sufficient quality control, perform adequate testing, proper manufacturing, production, or processing, and failing to take sufficient measures to prevent the Products from being offered for sale, sold, or fed to pets.

46. Defendants knew or, in the exercise of reasonable care should have known, that the Products presented an unacceptable risk to the pets of the Plaintiff, and would result in damage that was foreseeable and reasonably avoidable.

47. As a direct and proximate result of Defendants' above-referenced negligence, Plaintiff and has suffered loss and damages.

WHEREFORE, Plaintiff, on behalf of herself and all others similarly situated, prays for relief and judgment against Defendants as follows:

## FOURTH CAUSE OF ACTION

### Strict Product Liability

48. Plaintiff hereby adopts and incorporates by reference paragraphs 1-30 as if more fully set forth herein.

49. Defendants are producers, manufacturers and/or distributors of the Products.

50. The Products produced, manufactured and/or distributed by Defendants were defective in design or formulation in that, when the Products left the hands of the Defendants, the foreseeable risks exceeded the benefits associated with the design or formulation.

51. Defendants' Products were expected to and did reach the Plaintiff without substantial change in condition.

52. Alternatively, the Products manufactured and/or supplied by Defendants were defective in design or formulation, in that, when they left the hands of the Defendants, they were unreasonably dangerous, more dangerous than an ordinary consumer would expect, and more dangerous than other pet food products without concomitant accurate information and warnings accompanying the product for the Plaintiff to rely upon.

53. The Products produced, manufactured and/or distributed by Defendants were defective due to inadequate warning and/or inadequate testing and study, and inadequate reporting regarding the results of same.

54. The Products produced, manufactured and/or distributed by Defendants were defective due to inadequate post-marketing warning or instruction because, after Defendants knew or should have known of the risk of injury from the Products, Defendants failed to immediately provide adequate warnings to the Plaintiff and the public.

55. As the direct and legal result of the defective condition of the Products as produced, manufactured and/or distributed by Defendants, and of the negligence, carelessness, other wrongdoing and actions of Defendants described herein, Plaintiff suffered damages.

WHEREFORE, Plaintiff, on behalf of herself and all others similarly situated, prays for relief and judgment against Defendants as follows:

- (a) For an order certifying the Class under the appropriate provisions of Rule 23, as well as any appropriate subclasses, and appointing Plaintiff and their legal counsel to represent the Class;
- (b) Awarding actual and consequential damages;
- (c) Granting injunctive relief;
- (d) For pre- and post-judgment interest to the Class, as allowed by law;
- (e) For reasonable attorneys' fees and costs to counsel for the Class if and when pecuniary and non-pecuniary benefits are obtained on behalf of the Class; and
- (f) Granting such other and further relief as is just and proper.

#### FIFTH CAUSE OF ACTION

##### Unjust Enrichment

56. Plaintiff hereby adopts and incorporates by reference paragraphs 1-30 as if more fully set forth herein.

57. As a direct, proximate, and foreseeable result of Defendants' acts and otherwise wrongful conduct, Plaintiff suffered damages. Defendants profited and benefited from the sale of the Products, even as the Products caused Plaintiff to incur damages.

58. Defendants have voluntarily accepted and retained these profits and benefits, derived from consumers, including Plaintiff, with full knowledge and awareness that, as a result of

Defendants' unconscionable wrongdoing, consumers, including Plaintiff, were not receiving products of the quality, nature, fitness, or value that had been represented by Defendants or that reasonable consumers expected. Plaintiff purchased pet food that she expected would be safe and healthy for her cats and instead has had to now endure the death of one of her beloved pets and the hospitalization of the other.

59. By virtue of the conscious wrongdoing alleged in this Complaint, Defendants have been unjustly enriched at the expense of the Plaintiff who is entitled to, and hereby seeks, the disgorgement and restitution of Defendants' wrongful profits, revenue, and benefits, to the extent, and in the amount, deemed appropriate by the Court; and such other relief as the Court deems just and proper to remedy Defendants' unjust enrichment.

WHEREFORE, Plaintiff, on behalf of herself and all others similarly situated, prays for relief and judgment against Defendants as follows:

- (a) For an order certifying the Class under the appropriate provisions of Rule 23, as well as any appropriate subclasses, and appointing Plaintiff and her legal counsel to represent the Class;
- (b) Awarding reimbursement, restitution and disgorgement from Defendants of the benefits conferred by Plaintiff and the Class;
- (c) For pre- and post-judgment interest to the Class, as allowed by law;
- (d) For reasonable attorneys' fees and costs to counsel for the Class if and when pecuniary benefits are obtained on behalf of the Class; and
- (e) Granting such other and further relief as is just and proper.
