7 UNITED STATES DISTRICT COURT  
8 WESTERN DISTRICT OF WASHINGTON  
9 AT SEATTLE

10 MICROSOFT CORPORATION,  
11 Plaintiff,  
12 v.  
13 IMMERSION CORPORATION,  
14 Defendant.

CASE NO. C07-936RSM

ORDER DENYING MICROSOFT'S  
MOTION TO LIMIT SPEAKING  
OBJECTIONS

15 This matter comes before the Court on "Microsoft's Motion to Limit Speaking  
16 Objections." (Dkt. #72).

17 Plaintiff Microsoft Corporation ("Microsoft") seeks an order from the Court (1)  
18 limiting objections raised during deposition; (2) limiting directions to the deponent not to  
19 answer questions; (3) requiring witnesses to answer all questions without evasion unless  
20 directed by counsel not to answer; (4) limiting private conferences between deponents and  
21 their attorneys during deposition; and (5) requiring that counsel conduct themselves in  
22 depositions "with the same courtesy and respect for the rules that are required in the  
23 courtroom during trial." (Proposed Order Regarding Discovery and Depositions at 3).  
24 Specifically, Microsoft argues that counsel for Defendant Immersion Corporation  
25 ("Immersion") has repeatedly made speaking objections that interfere with the witnesses'  
26 testimony, suggest the answer to the question, and disrupt the deposition process. Though  
27 Immersion does not object to the proposed order, it maintains that its objections were  
28

ORDER  
PAGE - 1

1 appropriate because they were made to prevent improper intrusions on attorney-client  
2 privilege or attorney work product information.

3 Having reviewed plaintiff's motion, defendants' response, plaintiff's reply, the  
4 declarations and exhibits attached thereto, and the remainder of the record, the Court hereby  
5 finds and orders:

6 (1) Plaintiff's Motion to Limit Speaking Objections (Dkt. # 28) is DENIED.  
7 Microsoft alleges that Immesion's counsel "has unnecessarily obstructed depositions by  
8 making inappropriate and disruptive objections," (Dkt. # 72 at 1), and seeks this order to  
9 "help facilitate the remaining discovery in this case," (Dkt. # 88 at 3). The court construes  
10 Microsoft's motion as a motion for an order compelling disclosure or discovery under  
11 F.R.Civ.P. 37(c).

12 Rule 37 states, in relevant part, that a motion to compel "must include a certification  
13 that the movant has in good faith conferred or attempted to confer with the person or party  
14 failing to make disclosure or discovery in an effort to obtain it without court action."  
15 F.R.Civ.P. 37(a)(1). The local rules of this Court require that a good faith effort to confer  
16 must be either face-to-face or by telephone. Local Rule CR 37(a)(2)(A).

17 The Court finds no such certification either within or attached to the motion to  
18 compel. Although "Microsoft's Reply in Support of its Motion to Limit Speaking  
19 Objections" makes reference to conversations between counsel at the depositions, such  
20 reference was not made in Microsoft's motion and does not constitute "certification" by  
21 counsel within the meaning of Rule 37. Further, it fails to sufficiently "detail the efforts to  
22 confer and explain why they proved fruitless." *Prescient Partners, L.P. v. Fieldcrest Cannon,*  
23 *Inc.*, No. 96-7590, 1998 WL 67672 (S.D.N.Y. 1998) (citing *Tri-Star Pictures, Inc., v. Unger,*  
24 *171 F.R.D. 94, 99 (S.D.N.Y. 1997)*). A proper certification, stated and signed by counsel,  
25 must "accurately and specifically convey to the court who, where, how, and when the  
26 respective parties attempted to personally resolve the discovery dispute." *Shuffle Master,*  
27 *Inc., v. Progressive Games, Inc.*, 170 F.R.D. 166, 170 (D. Nev. 1996). Absent such good  
28

1 faith effort, the Court will not consider the motion. This denial is without prejudice to  
2 renewal of the motion.

3 (2) The Clerk is directed to forward a copy of this Order to all counsel of record.  
4

5 DATED this \_13\_ day of May, 2008.
