THE HONORABLE JAMES L. ROBART

)	
)	

The City of Seattle, through its attorney, Peter S. Holmes, Seattle City Attorney, and the United States of America, through its undersigned attorneys (together, “the Parties”), respectfully request that the Court extend the deadlines for a number of tasks set forth in the Fourth Year Monitoring Plan.¹ (See Dkt. #294.) The Court-appointed Monitor, Merrick Bobb, also joins in this request.

The Parties have been working collaboratively, as well as with the Monitoring Team, to compile data and information, to engage in discussions concerning assessment methodologies, and to

¹ The Parties note that the deadlines for the Use of Force Assessment, Early Intervention System Assessment, Type II Investigations Re-Assessment, and Bias-Free Policing training were previously extended pursuant to a stipulated motion and the Court’s Order, dated September 19, 2016. (See Dkt. #315.)

1 begin and complete the remaining assessments set forth in the Fourth-Year Monitoring Plan. As the
2 Court is aware, the following assessments are outstanding: (1) Supervision Assessment; (2) Type II
3 Investigations Re-Assessment; (3) Early Intervention System Assessment; (4) Use of Force
4 Assessment; and (5) Stops Assessment. The Parties and the Monitoring Team are working diligently
5 on these assessments, while continuing to draft and review policies, and to develop and effectuate
6 ongoing SPD trainings.

7 The Parties are cognizant of the public interest in the expeditious completion of the
8 outstanding assessments. However, the Parties respectfully represent that the extensions of time
9 requested below will facilitate their completion in a thorough and comprehensive manner, while
10 allowing the Parties to continue to give necessary attention to policies and training. The Parties note
11 that these extensions will not impact the expected timeframe for a finding of compliance (if one is
12 warranted) in Fall 2017, as set forth in the Monitor's Seventh Semi-Annual report. With the requested
13 extensions, the assessments will still be on track to be completed by mid-2017.
