Waste Action Project respectfully moves for five additional pages for its reply brief in support of its motion for partial summary judgment for the following reasons:

1. The subject matter entails complex technical issues, including lengthy expert testimony quoted and cited in Defendant’s response brief in opposition to Waste Action Project’s motion for partial summary judgment.
2. Waste Action Project intends to move to strike portions of Defendant’s response brief on multiple grounds, and that motion must be included in Waste Action Project’s reply brief by virtue of Local Rule CR 7(g).
