NO. 2:16-cv-00912 JLR

STIPULATION AND ~~[PROPOSED]~~
ORDER FOR REMAND

Noting Date: March 6, 2017

I. STIPULATION

1. The parties have reached a tentative settlement of this case on a class action basis.

2. This settlement is substantively similar to a class action settlement that was recently approved by the King County Superior Court, and is also substantively similar to numerous previous class action settlements that have been approved within the last 10 years by the King County Superior Court.

STIPULATION AND [PROPOSED] ORDER FOR
REMAND - 1
(NO. 2:16-CV-00912 JLR)

BRESKIN | JOHNSON | TOWNSEND ^{PLLC}
1000 Second Avenue, Suite 3670
Seattle, Washington 98104 Tel: 206-652-8660

1 3. Because there is a continuing challenge to this Court's jurisdiction in this case,
2 the parties believe the fairness, reasonableness, and adequacy of the class action settlement here
3 should, so that there is no question of the validity of the settlement approval, be adjudicated by
4 the King County Superior Court rather than this Court.

5 4. Accordingly, the parties respectfully jointly request that this case be remanded,
6 based on the agreement of the parties, to the King County Superior Court.

7 5. The parties have also agreed that in (what the parties consider to be) the unlikely
8 event that the proposed class action settlement does not eventuate in the King County Superior
9 Court, the parties' jurisdictional positions are not waived, and the Defendants will reserve the
10 right to re-remove the case based on any such denial order and Plaintiff reserves the right to
11 seek remand, but will not contend that any such denial order would not be a valid basis for re-
12 removal.
