8 BOARD OF TRUSTEES OF THE

11 Plaintiffs,

12 v.

13 PLASTER NORTHWEST LLC, *et al.*

Case No. C16-1918 RSM

ORDER DENYING PLAINTIFFS'
MOTION TO COMPEL DISCOVERY

15 THIS MATTER comes before the Court on Plaintiffs' Motion to Compel Discovery.
16 Dkt. #7. Plaintiff apparently served Plaster Northwest with a Request for Production on
17 January 12, 2017, via legal messenger. Dkt. #8 at ¶ 2, Ex. A. Plaster Northwest has not
18 responded to the Requests for Production, and therefore Plaintiffs seeks an Order compelling
19 responses. *See id.* at ¶ 4.

20
21 The Court DENIES this motion for several reasons. First, Defendants have not
22 appeared in this action, and therefore, there is no party yet to compel. Second, and more
23 importantly, Federal Rule of Civil Procedure 26(d)(1) precludes discovery before the parties
24 have conferred as required by Rule 26(f). It appears that Plaintiffs have prematurely served
25 discovery on Defendants, and they do not indicate otherwise. *See* Dkt. #8. Finally, this Court's
26 Local Civil Rule 37(a)(1) requires that any motion for an Order compelling discovery must
27 include a certification that the movant has in good faith conferred or attempted to confer with

1 the person failing to provide discovery in an effort to resolve the dispute without Court
2 intervention. While Plaintiffs have provided emails they sent to Plaster Northwest requesting
3 certain documents and threatening litigation if it failed to provide them, those emails are dated
4 months prior to filing the instant motion, and do not reflect any effort to conference regarding
5 the instant motion. For all of these reasons, the Court DENIES Plaintiffs' motion to compel
6 (Dkt. #7).
