**UNITED STATES DISTRICT COURT  
WESTERN DISTRICT OF WASHINGTON**

STATE OF WASHINGTON, et al.,

Plaintiffs,

v.

DONALD TRUMP, et al.,

Defendants.

CIVIL ACTION NO. 2:17-cv-00141-JLR

Second Declaration of David L. Eaton

Pursuant to 28 U.S.C. § 1746(2), I, David L. Eaton, hereby declare as follows:

1. I have personal knowledge of the facts set forth in this declaration and I am competent to testify about them.

2. I am the Dean of the Graduate School of the University of Washington (“UW”). I have held this position for more than four years. My responsibilities in this position include overseeing admissions of all graduate students for all three campuses of the University of Washington (Seattle, Bothell, and Tacoma), and the review and evaluation of over 350 different graduate degrees in 126 graduate programs.

1           3.       I understand that a newly issued Presidential Proclamation imposes certain  
2 restrictions on the issuance of visas to persons from eight countries, Syria, Libya, Iran, Somalia,  
3 Chad, Yemen, Venezuela and North Korea.

4           4.       I have reviewed with my staff the updated Graduate School records relating  
5 to the enrollment of graduate students for the current (Autumn 2017) quarter. Based on that  
6 review, I have determined that the UW has currently enrolled, to date, a total of 105  
7 graduate students from four of the eight listed countries (none are from Chad, North Korea,  
8 Yemen or Syria) who are not permanent residents of the United States. I have also reviewed  
9 the application data for graduate admissions that have been received by the Graduate School  
10 for future quarters. To date we have received applications for future quarters – Winter 2018  
11 through Autumn 2018 – from a total of 30 potential students, from every country on the list except  
12 for Chad and North Korea. A chart summarizing these statistics is attached as Exhibit A.  
13

14           5.       I am aware that at least two graduate students from one of the listed countries  
15 who were admitted for Autumn Quarter 2017, have recently contacted the Graduate School  
16 seeking to defer their enrollment because they have been unable to obtain visas.  
17

18           6.       The University has a strong policy of promoting diversity, openness and  
19 inclusion at all academic levels, and it actively encourages qualified students from around the  
20 world to come here and participate in our vibrant and globally connected academic community.  
21 I believe that every student from a different country brings a unique and valuable perspective  
22 to that community and thereby enriches the overall academic experience of all of our students.  
23 I am concerned that categorical restrictions placed on students and others coming from certain  
24 countries will not only lead to a drop off in applications from those countries, but may also  
25  
26

1 negatively impact currently enrolled students from those countries, who may feel isolated from  
2 family and friends and may feel that they are not able to leave the U.S. without running a  
3 significant risk that they will not be able to return.
