STIPULATED MOTION

The parties respectfully request that the Court extend the deadline to disclose expert testimony under FRCP 26(a)(2), which is currently set for February 20, 2018 (Dkt. #18). The parties also respectfully request that the Court extend the deadline to complete discovery, which is currently set for May 21, 2018 (Dkt. #18). The parties' request to extend the deadline to complete discovery is for expert witnesses only.

This is a personal injury and product liability case brought by an electrician for respiratory injuries alleged to have been sustained during a chemical exposure at the Cherry Point Refinery. Although the parties have already conducted discovery in this matter, the focus of such discovery efforts has been primarily focused on fact witnesses. The parties expect to

1 utilize expert witnesses, but need a short extension of time in order to appropriately determine
2 which expert witnesses to disclose.

3 The parties have conferred and agreed to two short extensions of current case schedule
4 deadlines. These extensions will not affect the trial date. First, the parties have agreed, subject
5 to this Court's approval, to extend the deadline to disclose expert testimony under FRCP 26(a)(2)
6 to March 13, 2018, a three-week extension. Second, the parties have agreed, subject to this
7 Court's approval, to extend the deadline to complete discovery as to expert witnesses for two
8 weeks, to June 4, 2018. The parties do not seek extension of the discovery deadline for
9 documents or information to be obtained from fact witnesses.

10 The parties agree that good cause exists to extend the discovery deadline, that a short
11 extension of this deadline will promote judicial efficiency, and that no party will be prejudiced
12 by the requested extension. Accordingly, the parties request the Court enter an Order extending
13 the deadline to disclose expert testimony under FRCP 26(a)(2) from February 20, 2018 to March
14 13, 2018, and extending the discovery deadline from May 21, 2018, to June 11, 2018 for
15 discovery related to expert witnesses only.

16 IT IS SO STIPULATED.
