UNITED STATES DISTRICT COURT
WESTERN DISTRICT OF WASHINGTON
AT TACOMA

MAJOR MARGARET WITT,

Plaintiff,

v.

DEPARTMENT OF THE AIR FORCE, et
al.,

Defendants.

CASE NO. C06-5195JKA

MINUTE ORDER REGARDING
DISCOVERY AND DEPOSITIONS

It is **ORDERED** that:

1. **DISCOVERY.** All discovery matters should be resolved by agreement if possible. If a ruling is needed on any discovery question, and counsel wish to avoid the time and expense of a written motion, they may obtain an expedited ruling through a telephone conference call to the court at **(253) 593-6751**.

2. **DEPOSITIONS.** Depositions will be conducted in compliance with the following rules:

(a) **Examination.** If there are multiple parties, each side should ordinarily designate one attorney to conduct the main examination of the deponent, and any questioning by other counsel on that side should be limited to matters not previously covered.

(b) **Objections.** The only objections that should be raised at the deposition are those involving a privilege against disclosure, or some matter that may be remedied if presented at the time (such as the form of the question or the responsiveness of the answer), or that the question seeks information beyond the scope of discovery. Objections on other grounds are unnecessary and should be avoided. All objections should be concise and must not suggest answers to, or otherwise coach, the deponent. Argumentative interruptions will not be permitted.

(c) **Directions Not to Answer.** Directions to the deponent not to answer are improper. Advice not to answer may be appropriate on the ground of privilege or to enable a party or deponent to present a motion to the court or special master for termination of the deposition on the

1 ground that it is being conducted in bad faith or in such a manner as unreasonably to annoy, embarrass
2 or oppress the party or the deponent, or for appropriate limitations upon the scope of the deposition (e.g.,
3 on the ground that the line or inquiry is not relevant nor reasonably calculated to lead to the discovery
4 of admissible evidence). When a privilege is claimed, the witness should nevertheless answer questions
5 relevant to the existence, extent or waiver of the privilege, such as the date of the communication, who
6 made the statement in question, to whom and in whose presence the statement was made, other persons
7 to whom the contents of the statement have been disclosed, and the general subject matter of the
8 statement.

9 (d) **Responsiveness.** Witnesses will be expected to answer all questions directly and
10 without evasion, to the extent of their testimonial knowledge, unless they choose to follow the advice
11 of counsel not to answer.

12 (e) **Private Consultation.** Private conferences between deponents and their attorneys
13 during the actual taking of the deposition are improper, except for the purpose of determining whether
14 a privilege should be asserted. Unless prohibited by the court for good cause shown, such conferences
15 may, however, be held during normal recesses and adjournments.

16 (f) **Conduct of Examining Counsel.** Examining counsel will refrain from asking
17 questions he or she knows to be beyond the legitimate scope of discovery, and from undue repetition.

18 (g) **Courtroom Standard.** All counsel and parties should conduct themselves in
19 depositions with the same courtesy and respect for the rules that are required in the courtroom during
20 trial.

21 3. **RESPONSIBILITY OF PLAINTIFF'S COUNSEL.** This order is issued at the outset
22 of the case, and a copy is delivered by the clerk to counsel for plaintiff. Plaintiff's counsel (or plaintiff,
23 if *pro se*) is directed to deliver a copy of this order to each other party within ten (10) days after receiving
24 notice of that party's appearance.

25 DATED this 13th day of April, 2006.

26 The foregoing Minute Order authorized by THE HONORABLE *J KELLEYARNOLD*, UNITED
27 STATES MAGISTRATE JUDGE.
