LITIGATION (NO. VI)**

MDL No. 875

(SEE ATTACHED SCHEDULE)

CONDITIONAL REMAND ORDER

The transferee court in this litigation has, in the actions on this conditional remand order: (1) severed all claims for punitive or exemplary damages; and (2) advised the Panel that coordinated or consolidated pretrial proceedings with respect to the remaining claims have been completed and that remand to the transferor court(s), as provided in 28 U.S.C. §1407(a), is appropriate.

SUGGESTION OF REMAND

AND NOW, this **15th** day of **May, 2012**, it is hereby
ORDERED that, upon review of the above captioned case under MDL-
875 Administrative Order no. 18 (01-md-875, doc. no. 6197), the
Court finds that, as to the above-captioned case:

- a.) Plaintiff has complied with MDL-875 Administrative
Orders 12 and 12A (see the MDL 875 website's Administrative
Orders page, at <http://www.paed.uscourts.gov/mdl875d.asp>).
- b.) Parties have completed their obligations under the Rule
16 order issued by the Court (see doc. no. 5).
- c.) All discovery has been completed.
- d.) The Court has adjudicated all outstanding motions,
including dispositive motions. Particularly relevant rulings
include:
 - i. Motion for Summary Judgment of Defendant CBS
Corp. was granted in part and denied in part.
See doc. no. 120.

e.) Rule 18 settlement discussions have been exhausted at this time as to the remaining viable defendants.

f.) The Court finds that this case is prepared for trial without delay once on the transferor court's docket, subject to any trial-related motions in limine (including Daubert challenges).¹

g.) The remaining viable Defendants for trial are:

i. CBS Corporation

h.) Any demand for punitive damages is severed, and claims

¹ Defendant CBS Corp. ("CBS") has argued to the MDL Court that a suggestion of remand of this case is premature at this point. See doc. nos. 121, 122.

First, CBS argues that because Judge Strawbridge has not explicitly approved remand of this case, and because Plaintiff has not listed specific reasons why the case should be remanded, remand is premature. The MDL Court rejects these arguments, because cases are routinely remanded without magistrate judges' express approval. The language that CBS cites indicating that a "mediator" must approve remand does not apply to Magistrate Judge Strawbridge, who is not a "mediator" in this case. See doc. no. 121 at 2-3. Additionally, it is the policy of the MDL Court to suggest remand of cases that have gone through the summary judgment stage. (Of course, the option remains open for counsel to consent to having a trial in the Eastern District of Pennsylvania, as discussed infra.)

CBS also argues that Daubert motions are outstanding. Specifically, there is an outstanding Daubert motion that will affect fifty cases in MDL 875 in the cases represented by Cascino Vaughan Law Offices. However, both Plaintiffs' counsel and Defense counsel in the Cascino Vaughan cases chose the fifty cases to which that Daubert motion would apply, and the present case is not on that list. Defendant can bring any outstanding pre-trial evidentiary issues to the attention of the transferor court, which, as the trial court for this case, would be best equipped to decide such issues in advance of trial.

for punitive or exemplary damages are retained by the MDL-875 Court. See Fed. R. Civ. P. 42(b).

Accordingly, the Court **SUGGESTS** that the above-captioned case should be **REMANDED** to the United States District Court for the **Central District of Illinois** for resolution of all matters pending within this case except punitive damages.²

Alternatively, parties in the below-listed cases have **seven (7) days** within which to consent to a trial before an Article III or Magistrate Judge in the Eastern District of Pennsylvania. In such an event, if consent is granted, a trial will be scheduled within sixty (60) days, on a date convenient to the parties in Philadelphia, Pennsylvania, and the Suggestion of Remand will be vacated.

AND IT IS SO ORDERED.

EDUARDO C. ROBRENO, J.

² The Court finds that the issue of punitive damages must be resolved at a future date with regard to the entire MDL-875 action, and therefore any claims for punitive or exemplary damages are hereby **SEVERED** from this case and retained by the MDL-875 Court in the Eastern District of Pennsylvania. See In re Collins, 233 F.3d 809, 810 (3d Cir. 2000) ("It is responsible public policy to give priority to compensatory claims over exemplary punitive damage windfalls; this prudent conservation more than vindicates the Panel's decision to withhold punitive damage claims on remand."); see also In re Roberts, 178 F.3d 181 (3d Cir. 1999).

SUGGESTION OF REMAND MEMORANDUM

Updated November 4, 2011

To: Transferor Judge

From: Judge Eduardo C. Robreno, Presiding Judicial Officer, MDL 875

Re: Asbestos case that has been transferred to your court

Status of the case that has been transferred from the Eastern District of Pennsylvania

This case has been transferred back to the transferor court, from the MDL 875 Court in the Eastern District of Pennsylvania.

Cases that are remanded to transferor courts are ordinarily ready for trial, pursuant to this Court's Administrative Order No. 18 (see <http://www.paed.uscourts.gov/mdl875d.asp>).

Specific information regarding the history of a specific case while it was in the MDL 875 Court can be found in the Suggestion of Remand (above) that the MDL Court submitted to the Judicial Panel on Multidistrict Litigation in connection with its Order.

History of MDL 875, In re: Asbestos Products Liability Litigation

MDL 875, In re: Asbestos Products Liability Litigation, involves issues relating to personal injury damages caused by asbestos products. It currently consists of about 12,000 cases transferred by the Judicial Panel on Multidistrict Litigation, which has been transferring cases to the Eastern District of Pennsylvania since 1991. Each case typically consists of claims by multiple plaintiffs against multiple defendants. Since its inception, the litigation has involved more than 100,000 cases and up to ten million claims, including land-based and maritime claims ("MARDOC").

Beginning with Administrative Order No. 12 (see <http://www.paed.uscourts.gov/mdl875d.asp>) in 2008, the Court initiated an aggressive, pro-active policy to facilitate the processing of cases. The policy involves giving newly transferred cases scheduling orders; setting cases for settlement conferences; having motion hearings; and remanding trial-ready cases to transferor courts, or, in the alternative, holding trials in the Eastern District of Pennsylvania (if so requested by the parties).

Resources available for transferor courts on the MDL 875 website

More information about the history of MDL 875 can be found on the Eastern District of Pennsylvania's MDL 875 website at <http://www.paed.uscourts.gov/mdl875a.asp>. Additionally, all Administrative Orders issued in this litigation (including current Orders and those no longer in effect) can be found at <http://www.paed.uscourts.gov/mdl875d.asp>.

Also on the website is an Excel spreadsheet of all decisions issued by the Presiding Officer on

substantive and procedural matters since 2008 (see <http://www.paed.uscourts.gov/mdl875n.asp>). This spreadsheet is updated regularly, and it can be sorted by jurisdiction, case caption, subject matter, party name, etc. It is also word searchable. The MDL-875 Court intends this spreadsheet to be a helpful resource for transferor courts addressing issues similar to those already addressed by the MDL-875 Court.

Other options available to assist the Transferor Court with legal research include searchable databases created by LexisNexis and Westlaw. Directions on how to access these databases can be found on <http://www.paed.uscourts.gov/mdl875n.asp>.

h.) Any demand for punitive damages is severed, and claims for punitive or exemplary damages are retained by the MDL-875 Court. See Fed. R. Civ. P. 42(b).

SUGGESTION OF REMAND MEMORANDUM

Updated November 4, 2011

To: Transferor Judge

From: Judge Eduardo C. Robreno, Presiding Judicial Officer, MDL 875

Re: Asbestos case that has been transferred to your court

Status of the case that has been transferred from the Eastern District of Pennsylvania

This case has been transferred back to the transferor court, from the MDL 875 Court in the Eastern District of Pennsylvania.

Cases that are remanded to transferor courts are ordinarily ready for trial, pursuant to this Court's Administrative Order No. 18 (see <http://www.paed.uscourts.gov/mdl875d.asp>).

Specific information regarding the history of a specific case while it was in the MDL 875 Court can be found in the Suggestion of Remand (above) that the MDL Court submitted to the Judicial Panel on Multidistrict Litigation in connection with its Order.

History of MDL 875, In re: Asbestos Products Liability Litigation

MDL 875, In re: Asbestos Products Liability Litigation, involves issues relating to personal injury damages caused by asbestos products. It currently consists of about 12,000 cases transferred by the Judicial Panel on Multidistrict Litigation, which has been transferring cases to the Eastern District of Pennsylvania since 1991. Each case typically consists of claims by multiple plaintiffs against multiple defendants. Since its inception, the litigation has involved more than 100,000 cases and up to ten million claims, including land-based and maritime claims ("MARDOC").

Beginning with Administrative Order No. 12 (see <http://www.paed.uscourts.gov/mdl875d.asp>) in 2008, the Court initiated an aggressive, pro-active policy to facilitate the processing of cases. The policy involves giving newly transferred cases scheduling orders; setting cases for settlement conferences; having motion hearings; and remanding trial-ready cases to transferor courts, or, in the alternative, holding trials in the Eastern District of Pennsylvania (if so requested by the parties).

Resources available for transferor courts on the MDL 875 website

More information about the history of MDL 875 can be found on the Eastern District of Pennsylvania's MDL 875 website at <http://www.paed.uscourts.gov/mdl875a.asp>. Additionally, all Administrative Orders issued in this litigation (including current Orders and those no longer in effect) can be found at <http://www.paed.uscourts.gov/mdl875d.asp>.

Also on the website is an Excel spreadsheet of all decisions issued by the Presiding Officer on substantive and procedural matters since 2008 (see <http://www.paed.uscourts.gov/mdl875n.asp>). This spreadsheet is updated regularly, and it can be sorted by jurisdiction, case caption, subject matter, party name, etc. It is also word searchable. The MDL-875 Court intends this spreadsheet to be a helpful resource for transferor courts addressing issues similar to those already addressed by the MDL-875 Court.

Other options available to assist the Transferor Court with legal research include searchable databases created by LexisNexis and Westlaw. Directions on how to access these databases can be found on <http://www.paed.uscourts.gov/mdl875n.asp>.

History of MDL 875, In re: Asbestos Products Liability Litigation

MDL 875, In re: Asbestos Products Liability Litigation, involves issues relating to personal injury damages caused by asbestos products. It currently consists of about 12,000 cases transferred by the Judicial Panel on Multidistrict Litigation, which has been transferring cases to the Eastern District of Pennsylvania since 1991. Each case typically consists of claims by multiple plaintiffs against multiple defendants. Since its inception, the litigation has involved more than 100,000 cases and up to ten million claims, including land-based and maritime claims ("MARDOC").

Beginning with Administrative Order No. 12 (see <http://www.paed.uscourts.gov/mdl875d.asp>) in 2008, the Court initiated an aggressive, pro-active policy to facilitate the processing of cases. The policy involves giving newly transferred cases scheduling orders; setting cases for settlement conferences; having motion hearings; and remanding trial-ready cases to transferor courts, or, in the alternative, holding trials in the Eastern District of Pennsylvania (if so requested by the parties).

g.) The remaining viable Defendants for trial are:

- i. John Crane Inc.
- ii. CBS Corporation

¹ Defendant CBS Corp. ("CBS") has argued to the MDL Court that a suggestion of remand of this case is premature at this point.

First, CBS argues that because Judge Strawbridge has not explicitly approved remand of this case, and because Plaintiff has not listed specific reasons why the case should be remanded, remand is premature. The MDL Court rejects these arguments, because cases are routinely remanded without magistrate judges' express approval. The language that CBS cites indicating that a "mediator" must approve remand does not apply to Magistrate Judge Strawbridge, who is not a "mediator" in this case. Additionally, it is the policy of the MDL Court to suggest remand of cases that have gone through the summary judgment stage. (Of course, the option remains open for counsel to consent to having a trial in the Eastern District of Pennsylvania, as discussed infra.)

CBS also argues that Daubert motions are outstanding. Specifically, there is an outstanding Daubert motion that will affect fifty cases in MDL 875 in the cases represented by Cascino Vaughan Law Offices. However, both Plaintiffs' counsel and Defense counsel in the Cascino Vaughan cases chose the fifty cases to which that Daubert motion would apply, and the present case is not on that list. Defendant can bring any outstanding pre-trial evidentiary issues to the attention of the transferor court, which, as the trial court for this case, would be best equipped to expeditiously decide such issues in advance of trial.

h.) Any demand for punitive damages is severed, and claims for punitive or exemplary damages are retained by the MDL-875 Court. See Fed. R. Civ. P. 42(b).

Accordingly, the Court **SUGGESTS** that the above-captioned case should be **REMANDED** to the United States District Court for the **Northern District of Illinois** for resolution of all matters pending within this case except punitive damages.²

Alternatively, parties in the below-listed cases have **seven (7) days** within which to consent to a trial before an Article III or Magistrate Judge in the Eastern District of Pennsylvania. In such an event, if consent is granted, a trial will be scheduled within sixty (60) days, on a date convenient to the parties in Philadelphia, Pennsylvania, and the Suggestion of Remand will be vacated.

AMENDED SUGGESTION OF REMAND¹

AND NOW, this **21st** day of **May, 2012**, it is hereby
ORDERED that, upon review of the above captioned case under MDL-
875 Administrative Order no. 18 (01-md-875, doc. no. 6197), the
Court finds that, as to the above-captioned case:

Orders 12 and 12A (see the MDL 875 website's Administrative

- b.) Parties have completed their obligations under the Rule
16 order issued by the Court (see doc. no. 4).
- c.) All discovery has been completed.
- d.) The Court has adjudicated all outstanding motions,
including dispositive motions. Particularly relevant rulings
include:

¹ The original Suggestion of Remand in this case
incorrectly stated that Owens-Illinois, Inc. was a remaining
defendant in this case.

i. Motion for Summary Judgment of Defendant CBS Corp. was granted in part and denied in part (doc. no. 265).

e.) Rule 18 settlement discussions have been exhausted at this time as to the remaining viable defendants.

f.) The Court finds that this case is prepared for trial without delay once on the transferor court's docket, subject to any trial-related motions in limine (including Daubert challenges).²

g.) The remaining viable Defendants for trial are:

² Defendant CBS Corp. ("CBS") has argued to the MDL Court that a suggestion of remand of this case is premature at this point.

Defendant can bring any outstanding pre-trial evidentiary issues to the attention of the transferor court, which, as the trial court for this case, would be best equipped to expeditiously decide such issues in advance of trial.

- i. CBS Corporation
- ii. Union Carbide Corporation

h.) Any demand for punitive damages is severed, and claims for punitive or exemplary damages are retained by the MDL-875 Court. See Fed. R. Civ. P. 42(b).

Accordingly, the Court **SUGGESTS** that the above-captioned case should be **REMANDED** to the United States District Court for the **Central District of Illinois** for resolution of all matters pending within this case except punitive damages.³

Alternatively, parties in the below-listed cases have **seven (7) days** within which to consent to a trial before an Article III or Magistrate Judge in the Eastern District of Pennsylvania. Status of the case that has been transferred from the Eastern District of Pennsylvania

This case has been transferred back to the transferor court, from the MDL 875 Court in the Eastern District of Pennsylvania.

Cases that are remanded to transferor courts are ordinarily ready for trial, pursuant to this Court's Administrative Order No. 18 (see <http://www.paed.uscourts.gov/mdl875d.asp>).

Specific information regarding the history of a specific case while it was in the MDL 875 Court can be found in the Suggestion of Remand (above) that the MDL Court submitted to the Judicial Panel on Multidistrict Litigation in connection with its Order.

History of MDL 875, In re: Asbestos Products Liability Litigation

MDL 875, In re: Asbestos Products Liability Litigation, involves issues relating to personal injury damages caused by asbestos products. It currently consists of about 12,000 cases transferred by the Judicial Panel on Multidistrict Litigation, which has been transferring cases to the Eastern District of Pennsylvania since 1991. Each case typically consists of claims by multiple plaintiffs against multiple defendants. Since its inception, the litigation has involved more than 100,000 cases and up to ten million claims, including land-based and maritime claims ("MARDOC").

Beginning with Administrative Order No. 12 (see <http://www.paed.uscourts.gov/mdl875d.asp>) in 2008, the Court initiated an aggressive, pro-active policy to facilitate the processing of cases. The policy involves giving newly transferred cases scheduling orders; setting cases for settlement conferences; having motion hearings; and remanding trial-ready cases to transferor courts, or, in the alternative, holding trials in the Eastern District of Pennsylvania (if so requested by the parties).

IN RE: ASBESTOS PRODUCTS : Consolidated Under
LIABILITY LITIGATION (No. VI) : MDL DOCKET NO. 875

AC AND S, INC., et : MICHAEL E. KUNZ, Clerk : E.D. PA No. 2:10-cv-68122

AMENDED SUGGESTION OF REMAND¹

AND NOW, this **21st** day of **May, 2012**, it is hereby
ORDERED that, upon review of the above captioned case under MDL-
875 Administrative Order no. 18 (01-md-875, doc. no. 6197), the
Court finds that, as to the above-captioned case:

- a.) Plaintiff has complied with MDL-875 Administrative
Orders 12 and 12A (see the MDL 875 website's Administrative
Orders page, at <http://www.paed.uscourts.gov/mdl875d.asp>).
- b.) Parties have completed their obligations under the Rule
16 order issued by the Court (see doc. no. 4).
- c.) All discovery has been completed.
- d.) The Court has adjudicated all outstanding motions,
including dispositive motions. Particularly relevant rulings
include:

¹ The original Suggestion of Remand in this case
incorrectly stated that Owens-Illinois, Inc. was a remaining
defendant in this case.

- i. The Motion for Summary Judgment of Defendant Ericsson, Inc. (doc. no. 197) was denied.

e.) Rule 18 settlement discussions have been exhausted at this time as to the remaining viable defendants.

f.) The Court finds that this case is prepared for trial without delay once on the transferor court's docket, subject to any trial-related motions in limine (including Daubert challenges).²

g.) The remaining viable Defendants for trial are:

- i. Ericsson, Inc. (Successor in Interest to Anaconda Corp.)

h.) Any demand for punitive damages is severed, and claims for punitive or exemplary damages are retained by the MDL-875 Court. See Fed. R. Civ. P. 42(b).

Accordingly, the Court **SUGGESTS** that the above-captioned case should be **REMANDED** to the United States District Court for the **Central District of Illinois** for resolution of all matters pending within this case except punitive damages.³

² Defendant Ericsson, Inc. argues that a suggestion of remand would be premature at this time due to the pendency of certain motions in limine. See doc. no. 199. However, Defendant's arguments are moot because the MDL Court has denied motions in limine without prejudice on the basis that Defendants could re-file their pre-trial motions in limine in the transferor court, which is best equipped to address such motions expeditiously in advance of trial.

³ The Court finds that the issue of punitive damages must be resolved at a future date with regard to the entire MDL-

Alternatively, parties in the below-listed cases have **seven (7) days** within which to consent to a trial before an Article III or Magistrate Judge in the Eastern District of Pennsylvania. In such an event, if consent is granted, a trial will be scheduled within sixty (60) days, on a date convenient to the parties in Philadelphia, Pennsylvania, and the Suggestion of Remand will be vacated.

AND IT IS SO ORDERED.

EDUARDO C. ROBRENO, J.

875 action, and therefore any claims for punitive or exemplary damages are hereby **SEVERED** from this case and retained by the MDL-875 Court in the Eastern District of Pennsylvania. See In re Collins, 233 F.3d 809, 810 (3d Cir. 2000) ("It is responsible public policy to give priority to compensatory claims over exemplary punitive damage windfalls; this prudent conservation more than vindicates the Panel's decision to withhold punitive damage claims on remand."); see also In re Roberts, 178 F.3d 181 (3d Cir. 1999).
